NINE DIE IN RAILROAD CRASH

FOUR WOMEN AND BABY ARE DROWNED

Skiff Upsets In Ohio River; Five Lives Are Lost

Ten Passengers In Boat When It Capsizes Near Pomeroy, Ohio

DRAGGING RIVER TO RECOVER BODIES

Party Was Returning From Excursion Trip To Pittsburgh, Pa.

(International News Service)

POMEROY, O., Sept. 27.—The Ohio river, swollen by recent heavy rains, was being dragged near here today for the bodies of four women and a baby who were drowned early this morning when a skiff in which they were crossing from Mason City, W. Va., to their homes here after a happy week-end excursion party to Pittsburgh capsized.

Five others in the skiff either swam to the shore or were rescued.

The Dead:

Mrs. Robert Hunnell, 38.
Mrs. R. H. Foulk, 48.
Mrs. John Meier, 50.
Mrs. Will Sponagel, 38, and her three-months-old child.

Ten persons, returning from an excursion to Pittsburgh, were in the skiff, but five escaped.

No bodies had been recovered at eight o'clock this morning. All of the dead lived in Pomeroy.

Five Swim Ashore

The five who escaped by swimming to shore were Walter Neutzling, Ernest Lallance, Elizabeth Meier and a Mr. and Mrs. Thompson, all of this city.

Walter Neutzling, one of those who swam ashore, telephoned his sister-in-law, Mrs. Raymond Neutzling, that the skiff overturned when it collided with a huge piece of driftwood about half a mile from Pomeroy.

The party visited Pittsburgh over the week-end on a railroad excursion. Returning, they left the train at Mason City, W. Va., and started across the Ohio river in a skiff to Pomeroy about three o'clock this morning, the regular ferry having stopped a short time before for the night.

STATE SENATOR EYRE IS DEAD

(International News Service)

WEST CHESTER, Pa., Sept. 27.—State Senator T. Lawrence Eyre, 64, Republican leader of Chester county, and for many years a power in the legislature at Harrisburg, died at his home here early today. His death was reported due to a combination of acute indigestion and heart disease.

Pinchot Confers With Pennington

(International News Service)

HARRISBURG, Pa., Sept. 27.—John D. Pennington, dry director for Western and Central Pennsylvania conferred today with Gov. Gifford Pinchot. Neither had any comment to make except that details of prohibition enforcement were discussed.

NEW CASTLE FAIR OPENS ON TUESDAY; SEE RECORD EVENT

Good Weather Will Insure Most Successful Fair Of Many Years

Midway Is Full; Many Features And Speed Events Scheduled

Providing the weatherman's prediction for good weather does not go awry, there should be a good attendance at the opening Tuesday of the New Castle fair as preparations for one of the biggest day and night fairs in this section have been completed.

What a few days ago was a section of ground dotted here and there by a few buildings, today is a city of humans hustling to and fro; caravans of livestock being assigned to barns; race horses jogging around the race track and an enticing Midway.

Midway is Full.

According to fair officials all of the space along the Midway has been sold. There will be varied amusements; some being of the thrilling type and others being of the unique variety. The tents have been hoisted and performers are ready for the ballyhoo.

The cattle entries this season surpass those of past years and the barns are taxed to capacity. Almost every kind of prize winning animal can be seen in the barns. Various exhibits from local concerns and citizens have also been placed.

The fair will start Tuesday and racing will commence Wednesday. The fair will end late Oct. 1 and if prediction does not go wrong it will be the greatest fair held since the local association was formed.

PIGEON STILL MYSTERY BIRD

Altoona Owner Sold Bird Some Time Ago—No Inquiry At New Wilmington

(International News Service)

ALTOONA, Pa., Sept. 27.—Carrier pigeon "AJ 26-ARC 21," the bird that took the "Tunney will win" message to New Wilmington, Pa., was still a mystery bird today.

P. E. McGraw of Altoona, former owner of the pigeon, sold the bird to Robert Gaumer of Allentown, or Charles Pichler, of Pittsburgh, Kan., according to his records.

"It is quite possible that the bird was stolen and was being used to carry 'tips' on the probable outcome of sporting events" McGraw said.

The bird appeared in the New Wilmington post office on the morning of the Jack Dempsey-Gene Tunney championship bout.

Postmaster Clinton White still had the pigeon at New Wilmington, this morning, but no inquiry has been made from any source for the bird, he said.

Generous Donation For Florida Relief

A generous gift of one hundred dollars sent by Mrs. H. M. Henderson of East Lincoln avenue was received today at the headquarters of the Lawrence county chapter, American Red Cross, in the Safe Deposit and Trust building.

The donation is to be applied to the relief fund for destitute people in the hurricane area in Florida.

Mine Officials Hope For Safety Of Entombed Men

Rescuers Continue Frantic Efforts To Reach 43 In Mine

MINERS HAVE WATER, BUT NO FOOD SUPPLY

Extent Of Cave-In Which Trapped Men Is Still Unknown

(International News Service)

IRONWOOD, Mich., Sept. 27.—The mining company hoped today almost against hope for the 43 miners entombed in the Pabst mine of the Oliver Mining Company since Friday.

In spite of the optimism of the mining company officials, there are many here, some of whom are old miners, who believed that the entombed men will never be brought to the surface alive.

Three bodies have already been recovered.

Have Water Supply

Though the miners are known to be without food, they have an ample supply of water, officials say. Excellent mineral water seeps through various places on the eighth level, it was said.

The disaster has created feverish interest among citizens in this great iron belt of the upper peninsula, Wisconsin and Minnesota. Thousands invaded this city over the week-end. Strong police lines were required to keep relatives and friends from impeding the work of rescuers in their anxiety to get close to the scene.

Nearly 200 men are assisting in the rescue work. They are working four-hour shifts. Mine officials refused to permit Louis Gessner, a miner, to risk his life in an effort to re-enter the mine without timbering its sides, one mine official declaring it would mean certain death.

Make Little Headway

Rescuers are making little headway.

The men are entombed on the eighth level.

The three men whose bodies have been recovered were killed when the avalanche of rock and debris struck a mine cage in which they

FOR TRAFFIC DURING FAIR

Police Chief Announces Regulations For Traffic Fair Week

Traffic regulations during the New Castle Fair were announced today by Chief of Police Henry Dysart and will be effective beginning Tuesday and continuing throughout the four days of the fair.

The regulations are those that have been used so successfully during the past two years.

Space will be provided for the taxicabs, busses and all machines having permits to transport passengers to the fair grounds, on Croton avenue, both for loading and unloading of passengers, and also at the southwest side of the diamond.

The place for loading passengers on Croton avenue will be between Washington street and Permar alley. The loading here, as at the Diamond, will be under the supervision of members of the city police department.

The machines transporting passengers must keep in single file, no double parking being permitted, and

Bandit Leader Gets Long Term To Penitentiary

Louis Marino Sentenced To Not Less Than Five Nor More Than 10 Years

ROBBED THE STORE OF SAM LEVINE

Refuses To Give Names Of Accomplices—Other Sentences Are Passed

Louis Marino, leader of the bandits who held up and robbed Sam Levine, Moravia street merchant, of $3500, was sentenced by Judge Hildebrand this morning to not less than five nor more than 10 years in the Western Penitentiary.

Marino entered a plea of guilty several days ago. There were two other bandits, who took part in the holdup, which occurred in broad daylight. They escaped, and Marino refused to give any information concerning them. The holdup was one of the most daring ever perpetrated in this city.

The trio entered the store, and at the point of revolvers, forced Levine and his clerks to give up the money, which had been drawn out of the bank for the purpose of cashing tin mill checks. After the robbery the bandits escaped in an automobile. Marino was later captured in Pittsburgh.

He cut his throat, he said, while under the belief that an organization of which he was a former member "was after him".

According to his story, he cut his throat three days ago after abandoning his automobile in Springfield township.

The wound did not cause death and he wandered throughout the various fields of the township.

Yesterday he was seen in a pasture field by J. P. Hart near Millburn, who took him in charge and had him sent to the Mercer county hospital.

After treatment in the local hospital he was sent to the home of a sister at Carroll, O.

Prepare To Remove Structural Iron At Old Theatre

Work of clearing the debris from the site of the former Liberty theater on South Mill street, in preparation for the construction of the fine new theater planned for this city by the Stanley Corporation, of which Rowland and Clark of Pittsburgh are the representatives in this section of Pennsylvania, was started this morning.

Structural iron workers were started this morning, under the supervision of John Phillips of this city, to make the necessary preparations for the tearing down of the structural iron work of the former Liberty or Coliseum building.

This work will be done first, as the work of cleaning up the rest of the debris will not be permitted until this work has been done. It will require about 10 days to take down this structural iron work. It is being taken down by a junk man.

Declares War On Plane Stunt Flying

(International News Service)

PHILADELPHIA, Sept. 27.—Director of Public Safety George W. Elliott has declared war on "Stunt Flyers" who are in the habit of performing stunts over spectacles which are attended by large crowds. Elliott office has been flooded with hundreds of protests since the Dempsey-Tunney championship bout in the sesqui-Stadium here when thousands of patrons were aroused over the nerve-wracking performance of an airplane hovering over the huge concrete bowl.

Elliott declared he would go before the city council and "see what I can do to stop these outrages." The director indicated he would seek an appropriation for the purchase of two airplanes and the employment of two pilots to maintain an aerial patrol. At the same time Elliott announced he would seek a legal opinion as to how far the power of the office of director of public safety can go towards patrolling the air.

Binghampton Flyer Crashes Into Lehigh Valley Train At Station

TRACKS CONVERGE AT "Y" ANGLE

Second Coach Of Lehigh Train Struck Squarely —Twenty-One Hurt

(International News Service)

BETHLEHEM, Pa., Sept. 27.—Nine persons were killed and twenty-one injured when the "Binghamton Flyer" of the Central Railroad of New Jersey crashed into the Buffalo-To-New York Express train of the Lehigh Valley road here today. The accident occurred at 5:55 a. m., as the Lehigh train was pulling into the station here.

The tracks of both roads converge at a "Y" angle at this point. The "Binghamton Flyer" struck the second coach of the Lehigh Limited squarely, tossing it, three other Pullman cars and a diner off the track.

All of the dead and injured, with the exception of the Engineer of the flyer were on the Lehigh train.

The Dead:

Hugh McGee, 60, Allentown, Pa., brakeman on the Lehigh train, crushed beneath an overturned car.

George Geventhor, New Haven, Conn.

David Baum, believed from Wilkes-Barre, Pa.

D. J. Shevlin, address unknow. He carried in his pocket an ingersoll Rand Company Club Card.

Five Unidentified Dead

Identification of the dead proceeded slowly. The rescue crew rushed here from Easton, Pa., had to burn through the steel cars to reach the bodies, several of which were badly crushed.

Railroad men said the casualty list would undoubtedly have been much higher were it not for the fact that the cars were of steel construction.

The injured were taken to St. Luke's hospital after receiving first aid in the railroad depot.

The Injured

Henry Schimidt, 153 West Broadway, Mauchchunk, Pa., engineer of the Central Railroad train.

Louis C. Baer, of Lehighton, Pa., body bruises and shock.

He's waiting for Saturday's dawning sun, and the umpire's clarion call, when he doffs his cap and in strident tones, he loudly declares "play ball". For it's then that the tidbits of Yankee sport is scheduled to leave the skids, and men and women of every age are reduced to the status of kids. It's the old world series and all of us for a week will be baseball cranks, while the tilt is raging in Gotham town twixt the Cardinals and the Yanks. And when the fracas is shifted west to the village of old St. Lou, we'll all we wishing that we were there, and all of us means me and you. The series starts in a few days now, we've less than a week to wait, till the championship hangs on the whims of chance, the weather is seventy-eight.

Time Change Troubles For Travelin' Pair

(By KATE MOORHEAD.)

"What is the cinnamon for the word daylight?" Hepsy wanted to know Saturday evening as he wuz tryin' to dissolve one of those catty cornered puzzles what they put in newspapers to show how much you know about the dictionary that Mr. Webster rote. I wuz readin the paper too and I sed to her, "meby I dont no the mustard or whatever spice it is for the word daylight, but can you tell me this, "What they bin doin with all this daylight they bin savin this summer, I wanta know?"

Now I knowed that wuz a settler and would get my old maid friend on a different path of thinkin and she sed to me, "meby we could call the telephone oprators. They get everybodys number, thats the reason there so wise.' But we tried to call one of them oprators what sez number pleeze and thank you, but they sed theyd give us information, and when we asked if that wuz information, a girl answered and sed "Information," but that is all the further we got cause she never gave us none.

Well after that we decided meby we better read in the paper what it sed they wuz goin to do about this daylight savin what they fixed up for the offus men who wanted to have more time sos they could play golf, "and give their clerks more time for slavin,' so Hepsy sez.

There it wuz in black and white all about the time going to be changed back again at 2 o'clock Sunday morning. My how late that will be to have to sit up, I thought it might be better if wed jest turn the clock back an hour before we went to bed, but Hepsy sed, "The time changes at 2 o'clock and we kin only keep up with the time by doin it at that time." And as shes very ornery at times I letter have her way.

I went to sleep and when I woke again I scene that Hepsibah wuz goin to keep watch so I sed gess Id go to bed and she could be foolish and stay up if she wanted to. Well I wuz sound asleep and I looked at my clock and it sed 4 o'clock, and the light wuz still burnin downstares.I slipped down real quiet and sure enuf there wuz that old maid sleepin and the clock sayin 4 o'clock.

I put it back an hour and after a great deal of trubble I got her in bed where she fell into a deep sleep agin. After changin my clock puttin it back to 3 o'clock. I settled for my rest.

Well when we got up in the morning we are allus in sech a rush we never even look at the clock upstares, so after eatin' breakfast, the clock on the mantle in the livin room sed it wuzjest 10:30 so we had half an hour ot dress in. We put on our best apapacas and our new fall hats and looked real nice. We got to the church and it wuz jest 11 o'clock by our watches that we wore in our bosoms, and had set by the mantle clock.

Well we sat there and sat there, and mind you, the organist hadn't even ariv. Mrs. Dean, who plays the organ, is allus so prompt, I wuz surprised and then when the minister never come and nobody come to sit down, I whispered at Hepsy, "mebby there bin an acicdent, or mebby there ain't eny church here today."

We heard some singin and Hepsy sed, "I'm goin to find out jest what this all means. Sech goins on, I never herd." Well she bounced outta the main odytorium and me after her, pantin to keep up with her, who is so tall. We got out in the Sunday school room, and wuz awful sprised to see they never had let the children outta Sunday school room yet.

"Why they have forgot to fix there clocks," Hepsibah sed. Imagin and them bein so far advanced in noshuns, they never red the newspaper. But then we got to figurin and after we had got a pencil and paper we scene where they musta jest left there clocks alone. Our watches sed it wuz 11:30 and there clock sed it wuz 10:30, and we new ours wuz right, cause hadn't we set them by the mantle clock at home, and I knowed I had turned it back last night, or wuz it this morning.

At last the people started comin in to church and the minister sed somethin about the change in time, and peeple bein kinda mixed up. He looked at his watch and sed, "It is now 11 o'clock, and this time yesterday it wuz 12 o'clock. Hepsy and me took out our watches and looked at them and then I looked at Hepsy and Hepsy looked at me. Eether we wuz crazy or the minister wuz. Our watches sed it wuz 12 o'clock, one hole hour after regular church time. Humph, that man wuz certainly funny sayin about that bein diffrent than reglar time.

No sooner had we bin dismissed than Hepsy sed to me, she thought there wuz somebody outta there mind. We went home and had dinner reddy by 1 o'clock, when we wuz to have gests. Well do you know them peeple never come and the roste wuz gettin cold and the potatoes wuz all dried up and it sed 1:45 by our clock. I told Hepsy to go upstares and see if that wuzn't the right time. She come donw and sed yes the clock sed that wuz the time.

The folks come at 2 o'clock and sed it wuz only 1 o'clock and we near had a chewin match. Then I told how funny it wuz, Hepsy going to stay up till 2 o'clock sos she could set the clock on, and how I found her nappin and had to turn it back insted. Hepsy give me a funny look and sed "so that is what it's all about. Well, I turned that clock back before I went to sleep."

We thought everything wuz fixed and here this morning the alarm rang and we got up and got our niece off to the office, only to have her come back and say that it wuz an hour early. We had forgot to change the alarm and had got up at 5:30 insted of 6:30. Daylight slavin time may be alright for them that likes it, and I'll admit it ain't no wurse than gettin back to normal is.

Many Hear Closing Messages Of M. E. Ministers Here

Epworth And Croton Avenue M. E. Churches Filled To Capacity Sunday Evening

The services closing the pastorates of Rev. Homer B. Davis and Rev. D. Ralph Dunn with Methodist Episcopal congregations in this city Sunday evening were featured by large audiences both churches being filled to capacity.

At the Epworth M. E. church Rev. Homer Davis delivered a request sermon on the theme "Around the Diamond of Life." Rev. and Mrs. Davis and daughter Lucile and son Edwin sang a beautiful selecion entitled "Have Thine Own way Lord." There were other special numbers of the choir.

Rev. D. Ralph Dunn gave as his concluding message "Five Essentials to Moral Life" in the Croton avenue M. E. church. The chorus choir sang a number of special selections.

Rev. and Mrs. Dunn and family expect to leave Friday for Brockway, Pa. where Rev. Dunn will begin his new pastorate with the M. E. church of that place next Sunday.

Rev. Davis and family plan to leave Thursday for Fredonia, N. Y. where Rev. Davis was appointed the pastor of the Methodist church there. This evening the Epworth congregation will have a tureen dinner and reception in the church for the pastor and his family.

MINE OFFICIALS HOPE FOR SAFETY OF ENTOMBED MEN

(Continued From Page One)

were working on the 26th level.

Various mining officials from the United States Steel Corporation, of which the Oliver Mining Company is a subsidiary, have arrived here to assist in rescue work. Separate routes are being worked to reach the entombed miners.

The first is through the top of Pabst G mine; the second through Pabst H, the bottom route; the third is being attempted by tunneling a separate hole upwards from the 21st level, and the fourth is being attempted to supply food in tablet form to the miners. This last method is being tried by means of a diamond drill, which makes a hole 2 1-2 inches in diameter. Still another effort is being made to drill 300 feet on an incline from the Aurora F mine.

Cave-In Extent Unknown

Little is known about the extent of the cave-in. Rescuers are hampered in their work by the necessary precautions needed to guard against a repetition of last Friday's cave-in.

Rescuers must timber their way as they proceed to the unfortunate men on the eighth level. It is necessary to bank the earth on all sides of the shaft.

The United States mine relief crew at Ishpeming has been ordered to report here to aid in the rescue. Physicians, nurses, ambulances and all sorts of equipment are being held in readiness to insure prompt treatment should the miners be brought to the surface.

Churches in Ironwood were crowded to capacity Sunday.

Special prayers were offered for the safety of the entombed men.

Officials of the mine thus far have issued no statement as to the cause of the collapse of the shaft. Some people have ventured the opinion the recent heavy rains tended to loosen the earth, others maintain the "skip" which carries the ore from the mine jumped the track, tearing away steel and timber supports.

The dead taken from the mine were Thomas Rowell, Evar Gustafson and Gustav Sell.

Hope Flares Anew.

IRONWOOD, Mich., Sept. 27.—Hope flared anew today for the rescue of 43 miners, entombed since Friday in the Oliver Mining company's Pabst G. mine.

According to company officials, rescue workers will reach the trapped miners by Wednesday and it is believed the miners will be able to survive until then.

Should the rescue be delayed longer, however, the men never will be brought out alive, it is feared.

The entombed men have an ample supply of water and the oxygen supply is sufficient to keep them alive until Wednesday, it is believed.

All the men are hardy and able to go many days, if necessary, without food, officials said.

How unfortunate that the Senate reservations didn't include one to forbid discussion of war debts.

Eternal Protection for the Departed

The permanent preservation of casket and body in practically the same condition as when interred is now possible through the use of the Asphalt Grave Vault—a great and comforting thought for those who are left behind. This vault is unaffected by pressure of the earth, water and other destroying influences.

Approved and furnished by leading Funeral Directors.

Town Talk

New Castle is feeling the effects of the cold wave today. It arrived as scheduled Saturday afternoon. In the space of half an hour's time, temperature dropped 20 to 30 degrees, and from a sweltering hot day, one of crisp fall weather conditions developed.

Recent rains have swelled the waters in the streams in this district until they were at a rather high stage yesterday. There was no danger of a flood condition, however.

Numerous trucks loaded with farm products, cattle, tents and other paraphernalia are going through the city today, enroute to the Lawrence county fair, which will be opened on Tuesday at the fair ground on the Harlansburg road.

Soft coal smoke filled the air downtown this morning. The sudden drop in temperature resulted in heating systems in all of the big buildings being put into operation for the first time this fall. Even the hardened reporters on The News staff had to have a little steam heat.

New Castle is back on eastern standard time today. The transition from daylight savings time to eastern standard time was made yesterday without confusion and everything is running smoothly today on eastern standard time.

FATAL WRECK AT BETHLEHEM THIS MORNING

(Continued From Page One)

Allentown, Pa. Extent of injuries not determined.

Daniel McGuire, 1345 Linden street, Allentown, body bruises.

Abraham Denioff, 410 North Sixth street, Allentown, Pa., body bruises and possible internal injuries.

A. Charles Landis, student at Lehigh University, resident of Newport, Pa., body bruises and concussions.

Most of the passengers were asleep at the time of the accident, after the impact there was a moment or two of silence, then grouns from the victims pinned in the wreckage.

Calls for assistance were immediately sent out and wreckage crews were rushed here from Easton and Packerton.

The Central Railroad line runs close to the Lehigh River and when the Central engine was derailed and thrown off the tracks it barely escaped precipitation into the water. It was hanging over the side of the river bank.

Passengers in the Central train were thrown into a panic. But when they realized all of the victims were on the other train they rushed to their assistance. They helped carry the dead and injured into the railroad station, summoned doctors and nurses, called taxis to convey injured who lay on all sides along the right of way.

Except for the engine, the Central Railroad train, which is known as the "Binghampton Flyer," escaped with comparatively little damage. None of the coaches of this train left the track. The engine crew jumped and escaped injury as the engine turned over after the impact.

Identification of the victims in the other train was difficult because the bodies were badly crushed.

Most of the injured were taken to St. Luke's hospital, Bethlehem.

Responsibility For Wreck

Bethlehem, Pa., Sept. 27.—Responsibility for the wreck of two fast passenger trains here early today in which nine persons were killed and forty injured was placed today on the Central Railroad of New Jersey in a statement issued from the general offices of the Lehigh Valley Railroad here.

The statement:

"Running ahead of time, with witnesses agreeing, that signals were set against it, a train on the Central Railroad of New Jersey, enroute from Syracuse, Scranton, etc., to Philadelphia, ran into train number 6, of the Lehigh Valley at Bethlehem station at 5:45 a. m., today.

"Train number 6, running on time, had a clear road to the station. The Central Railroad New Jersey ran into the Lehigh Valley train between the second and third cars, striking and overturning the second car, which was a steel passenger coach. Eight passengers and a trainman were killed. About 40 injured were taken to St. Luke's hospital in Bethlehem. Names of the dead and injured with the exception of the trainman have not been ascertained as yet. All were in the one coach. Passengers in the other cars were uninjured.

"The dead trainman was:

"Hugh McGee, of Allentown."

FOR TRAFFIC DURING FAIR

(Continued From Page One)

the machines must move out as soon as loaded, in order that others may take their places.

Returning from the grounds, the cars must unload their passengers either at a space provided in front of the city storehouse on Croton avenue, or at the Public Square or some other point where it will not interfere with traffic.

It is also required under the police regulations issued today that all machines keep in line en route out Croton avenue to the fair grounds. No machines may pass another machine, especially on the Croton hill, where they must keep to their side of the white line and in line with the other cars. Violations of this regulation will mean the arrest and fining of the car owners.

Mr. Rose of the public service commission is here to issue permits for the cars doing taxicab service to and from the grounds. He is cooperating with Chief Dysart and George Forrest, who is in charge of the traffic regulations to and from and in the fair grounds.

He has announced that he will suspend the license of any car found violating any of the city or state regulations during the period of the fair.

THE COUNTY FAIR

PLANS are perfected, exhibits are entered, and everything is ready for the annual New Castle fair, starting Tuesday and continuing throughout the week until Friday evening.

While weather conditions this morning were not what would be termed inviting fair weather, yet there is hope that a change will occur and that good weather will be experienced for the annual fair.

The proper weather is the one thing needed to make this year's fair the biggest success ever, those at its head relate.

There will be more to see, and there are hopes of a larger crowd than ever before. The entries in the racing events indicate excellent speed contests, and after all, the horse racing is one of the inseparable attractions that goes to make up the year after year allurement of a county fair.

Wednesday is designated as New Castle day, when merchants of the city, will close their stores during the afternoon, and when the schools will be closed, to give all an opportunity of attending the fair. It is a measure of co-operation to aid in making the fair a success.

We'll see you there.

TRUTH WILL OUT

THE truth, it seems will out, though it be buried for sixteen years under the ice packs of the frozen Far North. Two Eskimos have confessed that Prof. Ross G. Marvin did not drown at the time of Peary's dash for the Pole in 1909, but that he was murdered by one of them to save the life of the other. Even now, however, it is doubted whether the whole truth has come to light. The Eskimos say that Marvin lost his head and, in a fit of rage, had abandoned one of them, "Harrigan," to his death. Kudlooktoo says that he shot Marvin to save his companion. Marvin's intimate friends find it difficult to believe that he "cracked" in the manner described; they are inclined to think that the Eskimos were overwhelmed by the fear that their swindling food and water supplies would not hold out and killed the white man in self-preservation. It is not likely that any legal action will be possible in the case. But the fact that the truth, or something approaching it, finally emerged is startling and dramatic.

NEW CHAMPIONS

WITHIN the same week the sports world saw the overthrowing of two champions who had seemed as embedded in their respective fields as the rock of Gibraltar. And only a week later Dempsey, seven years a champion, went down to defeat before the mighty Tunney. None had predicted the downfall of Big Bill Tilden on the tennis courts and it had seemed that Bobby Jones could not be unseated from the golf throne. But both have met their match and are now ex-champions.

It is, however, a good thing for pugilism, tennis and golf that the titles have changed hands, just as a new champion now and then is a good thing for every sport. The same name at the head of the sporting columns season in and season out becomes deadly monotonous.

Capture of the American lawn tennis championship by a foreigner for the first time in 23 years will give a healthy stimulus to the game, for as long as the title remains abroad there will be a great incentive to the American players to win it back while other nations, which have long believed it out of reach, will be encouraged to compete for it against the United States and the foreign nation now holding it.

While the golf championship, just lost by Bobby Jones, still remains in this country the shifting of the title gives a fresh impetus to greater skill and endurance and promises greater competition in future tournaments.

New faces and new champions are the spice of sports. They are as essential to sustained interest in the sport as capital is to business.

But think how tough America might be today if women hadn't got the ballot.

Blessed are the peacemakers. Nobody erects hideous bronze statues of them.

Morale, in college, is a willingness to watch the cheer leader instead of the game.

If the worst should fool along and never happen, a lot of people are going to be bitterly disappointed.

The Indian may have been mean enough to use an ambush, but he never manufactured divorce evidence.

DAD TRIES UMPIRING

The game was short an umpire, for
the man they'd hired was ill,
So father very bravely volunteered
his place to fill.
Though mother urged him not to
and his friends advised the
same
My father, as a valiant soul, declared he'd run the game.
"I know the rules of baseball and I
know the boys," said he,
"I'll umpire just to help them out.
They'll all be nice to me!"

A friend is one who overlooks the
faults of those he likes,
But it's quite another matter when
you're calling balls and strikes,
And when father called a low one
on his dearest friend that day,
"You blind old fool!" he shouted as
he threw his bat away.
"You're rotten!" cried his neighbors, and my mother shook her
fist,
Crying: "Dad, put on your glasses!
That was one you surely missed!"

Every inning saw poor father sinking deeper in the mire.
"Robber! Robber!" women shouted
till you thought their throats
would tire.
Once we children couldn't stand it.
We lost all parental pride.
"Get an ump who knows his business!" with the angry mob we
cried.
"I wish he'd quit," said mother. "If
he stays there to the end,
Should the mob refrain from murder, he won't have a single
friend."

They ran him from the diamond and
they chased him from the lot.
There were those who once had loved him who declared he should
be shot.
But that evening after supper mother kissed his fevered brow.
"Dad!" said she, "you were a lemon! but we'll all forget it
now."
Later on his friends forgave him,
but they've never been the
same
Since he volunteered to umpire in
that red-hot baseball game.

Hints and Dints

Sun sets tonight 5:49. Sun rises tomorrow 5:53.

It can't be calf's liver they serve in restaurants. A calf with a liver as small as that never would live long enough to fatten.

If the daylight saving time cannot be more unanimous in Western Pennsylvania next year we are off it. Our own city at least should be unanimous on the time.

All the French a lot of people learn in school wouldn't get them a ham sandwich in a French restaurant.

Hundreds of people have visited Dickson's dahlia gardens at Gardner, just outside the city limits on the East Side during the past few days and have inspected the wonderful show of dahlias. Mr. Dickson says he is a great believer in newspaper advertising. A notice in The News always brings big crowds. He has a show worth going to see and it costs nothing to take a look.

One good way to learn how strong dad is, is to get sassy while he is taking a cold-water shave.

Well no one dozed off in that prize fight ring in Philadelphia last week. Those participating were too busy to go to sleep. Often one of the fighters just insists on taking a nap before the fight goes very far.

The reason a man suffers so much in a dentist's chair is on account of the nerve he has.

The passing of the hat for the benefit of the flood sufferers in Florida might have been a good thing at the prize fight in Philadelphia last week. All those who attended are classed as "liberal" if we size up the situation rightly.

It seems to be the ambition of the rogue in every compact to bring up on the shoulder of some nice young man's tux.

There are people who organize to get away from as much work as possible and there are people who will not even join such organizations because they are opposed to doing any work at all.

Whenever a young Romeo gushes forth "she's one girl out of a million" the Hints and Dints man feels like saying "So's your old man."

The prohibition director in Pittsburgh pulled another classic a few days ago that is causing a lot of worry in that burg. He proclaimed that it will be a "Beerless Christmas" in that city. Some people will surely thing Santy Claus has died if that comes true.

Some men's idea of helping the farmer is getting themselves elected to congress—or something.

A Californian by adoption told us a few days ago that they have some system in regard to old buildings and shacks that are near to modern and up-to-date buildings and are a detriment to the neighborhood When a fine new building is erected in Los Angeles near some old dump the owner of the dump is told to remove the eye sore. If he does not do it a committee calls on him and tells him to move it in about thirty days or it will be blown up. We think this is a wonderful system and California should not have a monopoly of it. Many a fine neighborhood building is cheapened because it is near some old rattletrap of a building that is being held that way because the owner has no civic pride and will not sell it to those who have.

Just being suspected of being a crook is an awful handicap.

Say, friend will you kindly tell us what kind of an enterprise except a prize fight would draw one hundred and thirty-two thousand people in a pouring rain to pay from $25 to $500 for tickets? There is no such thing.

It is claimed that Dempsey lost his fight on account of his artificial nose. This should be a warning to those who use artificial means to decorate their beaks either by color or other means of transformation.

A union of those who give their blood for transfusion purposes is to be organized in Philadelphia. Of course this is for the purpose of furnishing better blood.

A London man left two million dollars in his will which shall be used for the benefit of upper middle or professional class people who through ill health or advancing years are unable to earn a living. That man surely left a nice job for his executors when they come to decide of the thousands who will make claim for this boon.

We noticed on our last trip in a sleeping car that a lot of birds now also smoke cigs in their berths most of the night. We thought it tough when a lot of bozos could not eat without smoking, but when they also cannot sleep without their dope it's sure tough—on the rest of the people on the car of course.

A Chicago newspaper publisher has just died and left an estate of a million and a quarter dollars. He must have had a saving wife.

In their efforts to make money some men get so small that they can climb through a gimlet hole backwards.

There are a lot of men who never have an opportunity to worry over the loss of money, so they worry over the loss of sleep.

The Prince of Wales admits frankly that he won $18,560 in the casino at Biarritz. Takes after his grandfather Edward the VII. But the young man is out of step with the times. Royalty ought to be on its good behavior in the few nations it is allowed to remain.

An English woman swimmer had to be lassoed and pulled out of the water before she would give up her attempt to swim the channel. This is the first intimation we have had that Will Rogers took his rope along with him.

Two more women are reported to have ben found who were near enough to the scene of the Hall-Mills murder to hear moans. From all that has been gathered it looks as though the only ones in New Jersey who were not in the vicinity of the crabapple tree that night were those sick in bed.

The Spanish may think they are having trouble with their revolt, but they ain't seen nothing yet. This country is just entering its annual football convulsion.

The knock out has been given daylight savings insofar as the clocks are concerned but it will take several weeks of trying before we get our sleep habits back on par again.

So far this year 379,111 pleasure cars and 45,283 trucks have been manufactured and sold which is the highest production ever known in this country. This ought also answer the question as to whether the country is prosperous or not and also the credit standing of the average individual.

Besides having no place to park these days the average individual tries just as hard to find a place to throw tin cans.

You can't convince any doting mother that all men are born free and equal. She knows right well that her's was born vastly superior.

In a village the woman who hasn't had a new hat since 1918 is called a dutiful wife.

In 1925 this country produced perfumery, cosmetics and toilet preparations valued at $141,488,000. This represents the beginning of the big bath salts boom. By the end of another year the government research department predicts that bath salts will be the fifth industry in the United States, displacing radio parts and silk hosiery. This country is fast becoming totally addicted to the use of water—if for bathing only.

We have read of a much married woman who adopts a new color scheme of costumes for each successive husband. Perhaps some day she hopes to hit on the right combination and make the thing permanent.

Someone has said that jazz is an outlet to the emotions. Perhaps it is time that we put a brake on that kind of emoting.

Then again a hope chest is something a girl can keep adding to after she has given up hope if ever.

Too many people occupy most of their time thinking up schemes to make themselves miserable.

Alas! Screening a picture doesn't take the trash out.

One Eye Wept.
Seats of the Mighty.
Calamity Insurance.
The "Firm Union."

By ARTHUR BRISBANE
(Copyright, 1926, by N. Y. American, Inc.

When you fall from your glory, as the British cardinal and French emperor discovered, it is a short story. So with the fall of Dempsey. Reporters that acclaimed him, and told just why Tunney could not win, say "Jack had one eye closed and was crying with the other, as he lost his world's championship."

* * *

There is a lesson, of course. Aim at some result that cannot be taken from you, a championship in the things worth while. No one will take away Edison's championship or Henry Ford's.

* * *

One hundred and fifty years ago Nathan Hale was standing before British hangmen and making his famous last remark that President Coolidge says every child should know by heart:

"I regret that I have but one life to give for my country."

Young gentlemen will not that Nathan Hale's championship is one that no Tunney could take from him. Many young men, unfortunately, are not interested in fame that pays no dividends.

Fifty three years ago, C. C. Roumage bought a seat on the New York stock exchange for $7,000. Now he sells it for $150,000, very nice profit. Had he invested his $7,000 in Standard Oil 53 years ago, accepting all the dividends and new stock, offered, he would now have at least $100,000,000 without work.

* * *

This is the land of opportunity. The man that bought the Roumage seat for $150,000 will very likely live to see it worth a million.

There are just so many seats, no more, in that Sinbad valley of diamonds, across the way from Morgan & Co. If the Roumage successor acts well his part, buying when others sell, never going short on the U. S. A., he will easily earn 100 times the cost of his seat, or $15,000,000, which is now considered a fair competence in New York.

* * *

The Patriarchs' ball was organized by old New Yorkers, indignant because they could not compete with August Belmont's grand style of entertainment. By combining they could give as grand a ball as he could.

And that lavish young Jewish banker, married to the daughter of Commodore Perry, spent on his household $80,000 a year, less than moderately rich men spend today on a garage and stable, and less than half the upkeep of a modest yacht.

* * *

President Green of the American Federation of Labor, says that "firm labor," or labor organizations built up within great employing corporations, and controlled by the corporations, are a menace to harmony between employers and employes. They are certainly a threat against the whole labor union movement. But, if employers are intelligent enough to realize that good wages pay good dividends, what can organized labor do?

Of late years men like Henry Ford and others that tolerate no unions in their plants have done more than any union to raise wages.

* * *

Florida fruit growers lose $5,000,000 in the tornado, 1,200,000 boxes of grapefruit, 500,000 boxes of oranges are included in official estimates of the loss.

Public relief contributions are praiseworthy, but insignificant in a loss that runs into hundreds of millions.

* * *

Could not the government establish an insurance fund to meet such emergencies and make that fund responsible, under careful management, for such miscalled "acts of God?"

* * *

When Judge Gary took charge of United States Steel he established a fund to do his own insuring, instead of paying out the money to insurance companies. He put into that fund what insurance would have cost and soon had $30,000,000 saved up for stockholders, after meeting fire losses.

The government might ask Judge Gary to establish a "calamity insurance fund" to take care of great disasters, floods, tornadoes, earthquakes.

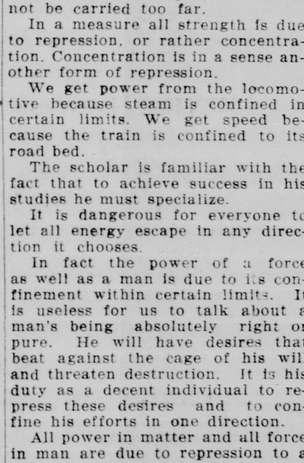
Bible Thought For Today

DEFRAUD NOT:—For this is the will of God . . . that no man defraud his brother in any matter. I Thessalonians 4:3, 4.

In Day's News

Captain Lowenstein, who is reported to have made an offer to the Belgian government to place $50,000,000 at its disposal for two years without interest, is one of the mystery men of Europe Although there are few financial pies in the world in which he has not had a finger, he remains one of the most secretive and mysterious men alive. Indeed, to the general public his name is almost unknown. Yet he is one of the most powerful men behind the scenes in the drama of nations; his word on a matter of finance can make or mar aspirations of more than commercial importance. Captain Lowenstein is the son of a Brussels banker of small standing, and from this business the son launched out in a manner which was to electrify finance. At 49 years of age he has become one of the world's richest men almost entirely by his own effort and genius. He went to England before the war and makes his home on a magnificent estate near Melton Mowbray.

ABE MARTIN



Th' average political cannydate must wonder how President Coolidge ever got where he is without joinin' any lodges. "It's only a change o' venue, when they make you feel at home," says Mrs. Lafe Bud, who's returned from a so-called vacation.

Dr. Crane's Editorial

REPRESSION

It has become popular these latter days to attribute many of the evils and the deeds of humanity to a desire for self-expression.

The recent vogue of Freudian ideas has given impetus to this point of view.

It is taken for granted that repression is bad and that it is wrong to bottle up one's desires, as it may cause them to break forth in unexpected and undesirable places.

There is something to be said for this opinion, it is true, but the condemnation of repression should not be carried too far.

In a measure all strength is due to repression, or rather concentration. Concentration is in a sense another form of repression.

We get power from the locomotive because steam is confined in certain limits. We get speed because the train is confined to its road bed.

The scholar is familiar with the fact that to achieve success in his studies he must specialize.

It is dangerous for everyone to let all energy escape in any direction it chooses.

In fact the power of a force as well as a man is due to its confinement within certain limits. It is useless for us to talk about a man's being absolutely right or pure. He will have desires that beat against the cage of his will and threaten destruction. It is his duty as a decent individual to repress these desires and to confine his efforts in one direction.

All power in matter and all force in man are due to repression to a certain extent. In fact the business of education is to train a man to concentrate his faculties.

Self-expression, therefore, is not unqualifiedly to be commended. There are some things we must not express, for their repression in one direction gives us more power in another direction which we have chosen.

An English scientist is working on the scheme of making it unnecessary for a man to get a haircut or shave by controlling the growth of hair, but as it is a matter of heredity, the chap of this generation can hope for no relief. The World AND THE Mud Puddles

ANOTHER LINCOLN STORY.

Salmon P. Chase is remembered as one of the ten Chief Justices of the Supreme Court of the United States. He served in that capacity from the time he was appointed by President Lincoln in 1864, until 1873. The great outstanding service which Salmon P. Chase rendered his country, however, was not as Chief Justice, but as Secretary of the Treasury in the War Cabinet, until his resignation—in a huff—in 1863. It was Secretary of the Treasury Chase who wrought the miracle of the Civil War, in firmly establishing then, the National Banking System of the United States.

"H. A." has written in the Wall Street Journal, another Lincoln story, which was suggested to him by the celebration of the 104th Anniversary of the birthday of John A. Stewart, who still lives and who has for nearly three quarters of a century been a national figure. It runs as follows:

"Assistant Treasurer of the United States in 1863, national finance head in New York, was John J. Cisco, for a generation high in the distinction of Wall Street. President Lincoln was fond of him; to Secretary of the Treasury Salmon P. Chase he was as a brother. He had qualities of administrative competency which made him arbitrary, broad experience training him to complete self-dependence; efficiency for dispatch—a supreme virtue in that wearing war time—shone in every manner and move of him. 'Twas his undoing.

"Two checks involving $10,000 passing through the Sub-Tresaury were challenged by an auditor. They bore the signature of Cisco who in quick heat summoned subordinates demanding explanation.

"'They are forgeries—that's all,' said the auditor."

"'You mean I don't know my own signature?'"

"'It is not your signature,' was persisted."

"'You are crazy—you are discharged!'"

"Cisco way with an auditor did not quite function; what his dismissed listener did was to call for an official review and hand-writing experts. Mr. Cisco signed his name a few times at request and later was asked to identify signatures from among miscellaneous others imitated adroitly. Characteristically he picked unhesitatingly, verified positively."

"'You are quite sure?' was asked."

"'Ridiculous question. How can I help but be sure?'"

"Rather loftily he was disposing of what he didn't hesitate to denominate as a farce. Then he discovered—everybody discovered—that while he had attested six he had only written five."

"Chagrin never wrought quicker conclusion. Straightway he turned to his desk and wrote to Washington his resibuation. No matter of his personal integrity was involved, simply he was the victim of superself-sufficiency—was being laughed at."

"At the national capital most was discomfiture. Army, Navy, civil budgets were crashing against resources that daily weakened—mounting gold premiums revealing savagely shrunken Union credit. Aught affecting equanimity in federal finance could be as disquieting, possibly as dangerous, as a battle disaster. Secretary Chase besought Mr. Lincoln to urge that the resignation be recalled; but Mr. Lincoln did not hasten. So, Mr. Chase went at double-quick into independent action."

"In Mr. Cisco's New York Office was an assitsant who had been serviceable—on the social side, 'twas said—to Mr. Chase. Maunsel Field was his name; he wrote for the newspapers, had fashionable acquaintance, was a bit disdainful of politicians. Secretary Chase selected him as Cisco successor. Assistant Treasurership of the United States was too much of a prize to be so allotted, clamored every party voice from hog warden to United States Senators. 'Give us one worthy of the post, worthy of our party,' invoked choruses sweeping to the White House."

"Why not choose a man of the character of John A. Stewart?' the President wanted to know. Mr. Stewart in the prime of young manhood, was president of the oldest and strongest trust companies of the metropolis."

"'Mr. Stewart has been invited; he refuses; he will not listen though I have repeatedly appealed,' Mr. Chase divulged."

"'It sometimes pays to try again,' naively ventured Mr. Linbetter of it.

POEMS HOME BY CHARLES HANSON TOWNE

"THE FACTORIES"

By Margaret Widdemer

Miss Widdemer often writes with deep feeling; but here she figuratively hits her reader between the eyes. The strong emotional appeal of this utterance cannot be denied. If it does not move you, then you are not to be moved or affected in any way by the inequalities of life.

I have shut my little sister in from
life and light,
(For a rose, for a ribbon, for a
wreath across my hair,)
I have made her restless feet still
until the night,
Locked from sweets of summer
and from wild spring air;
I who roamed the meadowlands,
free from sun to sun,
Free to sing and pull the buds
and watch the far wings fly,
I have bound my sister till her
playing-time is done—
Oh, my little sister, was it I?
Was it I?

I have robbed my sister of her day
of maidenhood,
(For a robe, for a father, for a
trinket's restless spark),
Shut from love till dusk shall fall,
how shall she know good,
How shall she go scatheless
through the sunlit dark?
I who could have love and mirth
before the light went by,
I have shut my sister in her mating
time away—
Sister, my young sister, was it
I? Was it I?

I have robbed my sister of the lips
against her breast,
(For a coin, for the weaving of
my children's lace and
lawn,)
Feet that pace beside the loom,
hands that cannot rest,
How can she know motherhood,
whose strength is gone?
I, who took no heed of her, starved
and labor-worn,
I, against whose placid heart my
sleepy gold-heads lie,
Round my path they cry to me, little souls unborn—
God of Life! Creator! It was I!
It was I!

Appearance Bond Novel Idea For Indiana Autoists

When Motorist Is Arrested Police Recognize Bond, Eliminating Red Tape

Automobile Association Behind Movement—Has Proven To Be Successful

New development in service constantly are being offered to members of motor clubs but it has remained for the Hoosier State Automobile Association to produce one that is serving to take a great deal of the annoyance out of being arrested, according to Bernard Hanlon of the New Castle Motor club.

"The Indiana motorists' association and its local clubs have adopted an appearance bond that is rapidly proving its merit to club owners, police and court officials alike," says Mr. Hanlon.

Guarantees Appearance.

"The bond is a regular form which identifies the bearer as a member of a reputable automobile club and guarantees his appearance in court without forcing him or the arresting officer to go through a great deal of time-wasting and anger-provoking red tape. In addition to this, the bond pledges the Hoosier State A. A. to assist the court to the extent of $35 in apprehending any of its members who violate its provisions.

"This work of the Indiana association is directly in line with the policy of the American Automobile Association, with which it is affiliated, to cooperate with police authorities in the promotion of highway safety and obedience to traffic regulations.

No Argument.

"The appearance bond calls the attention of the member who carries it that it does not pay to argue with the officer and points out that it has the assurance of state officials that officers will respect one's membership in reputable motor club.

"The bond has been given the approval of the secretary of state of Indiana and the state motor police. Municipal authorities also are showing it every respect."

Labor Leaders Lift Voice For Debt Payment

President Of A. F. Of L. Declares Against Any Cancellation

Does Not Like America To Be Shylock, But Says Allies Should Pay

By ROBERT S. THORNBURGH,
International News Service Staff Correspondent

WASHINGTON, Sept. 27. — Declaring that "the breaker of promises finds it increasingly difficult to make new agreements," William Green, president of the American Federation of Labor, has raised his voice against advocates of debt cancellation both in United States and abroad.

Writing in the American Federationist Green expressed the belief that recognition of obligations to pay international debts is essential to continuity of relationships.

"The basis for relationships between individuals and groups in organized society is agreement or contract," Green said.

"Dependability of promise or contract is necessarily of prime importance for the individual in planning his life, as well as for organizations in planning policies. Without reasonable certainty as to the future fulfillment of promises there can be no intelligent direction of development."

Reopen Negotiations

Green said that the fundamentals of international intercourse have been followed out by the United States is drawing up debt paying agreements with nations abroad. He remarked that should any of the terms of payment which have been approved unreasonable, proof of that would constitute reason for reopening negotiations.

"The people of United States are not ungenerous," Green said. "We did our full part in the war because we believed in the ideals it defended, though we had neither part nor parcel in causing it.

"Yet there are those in Europe who are deliberately fostering hate or dislike of the United States and who are withholding from their people the facts of terms of payments negotiated with the United States.

Not a Shylock

"It is hardly a prudent or a foresighted course that seeks to inflame the minds of one country against another. The demonstration of the French mutilated was a terrible reminder of the costs of war but was a very unsporting way to argue the justice of debt payments."

Green declared that American labor does not want this nation put in the role of Shylock—nor, he added, "do we wish to see imprudent generosity that fails to maintain standards of right conduct.

Good will, it was pointed out, must be based upon principles of equity and mutual consideration.

"As a matter of economic statesmanship we believe that the best investment of our nation would be the economic restoration of Europe and good will in the hearts of its people toward the United States," Green said.

"A step to this end would be a statement of policies and of terms of payment in terms understandable to all."

War Depression Is Still Hovering Over World Shipping, Says Report

By ROBERT S. THORNBURGH.
International News Service Staff Correspondent

WASHINGTON Sept. 27.—Recovery of world shipping from the post-war depression is not yet in sight, according to A. E. Sanderson of the transportation division of the department of commerce.

"Overseas trade in general has made but slow progress owing in a large measure to the economic weakness of Europe where retarded rehabilitation has offset gains in other directions" Sanderson declared.

"Consequently the balance between ships and cargoes has not yet been restored."

The volume of the world's overseas trade today barely equals that of 1913. On the other hand tonnage of shipping now in existence is much greater than the year before the war.

Registers of shipping indicate an increase in seagoing steel and iron and motor vessels of more than 16,000,000 gross tons or 39 per cent.

"The actual position is not so unfavorable however" Sanderson pointed out "for a considerable amount of this tonnage is obselete and will never again be placed in operation."

Sumarizing conditions throughout the world July 1 as compared with those of a year ago Sanderson made the following points:

Idle steam shipping was considerably less.

Full cargo freight in general were somewhat lower.

Shipping in existence was slightly greater.

Overseas trade appeared to be about the same in volume.

Ship building declined.

No material change in sales value of ships.

The steam shipping laid up in principal maritime countries of the world July 1 aggregated about 6,086,000 gross tons an increase of 241,000 tons over the total on January 1. It was a decrease of of 667,000 tons below the total of a year ago.

In the United States there was a reduction of 363,000 tons during the six months but this fall was more than offset by the rise in the United Kingdom which amounted to 613,000 tons or more than 100 per cent.

An important development took place in the employment of privately owned American shipping during the past fiscal year in that more than half a million gross tons of steamers and motor vessels were added to the active sea going fleet. General carriers represented the bulk of the addition with relatively small increases in passenger ships and tankers.

There was a decline in the employment of government owned American shipping which totaled somewhat less than a quarter million gross tons. The net increase in active American shipping on July 1 as compared to a year earlier was 250,000 gross tons.

Full cargo freight rates in general decline sharply during the first half of 1926 according to the department. The first and second quarters of the year witnessed recessions of 94 and 89 per cent respectively of the 1911-1913 average as against 103 and 96 per cent in the corresponding periods of 1925.

The outstanding feature in the employment of tramp tonnage during the first half of the present year was the chartering of numerous vessels for the carriage of coal between the United States and the United Kingdom.

Thinking lengthens life, says a physician. If you think quick enough, perhaps.

LIGHT FROST IS REPORTED

Western Pennsylvania In Grip Of First Cold Wave Of Fall

(International News Service)
PITTSBURGH, Pa., Sept. 27.—Western Pennsylvania today was in the grip of its first cold wave and a light frost was reported from the lowlands and valleys which farmers predicted may cause damage to crops.

The thermometer dropped nearly 30 degrees since Saturday night and early today the mercury read around 40 degrees. However, W. S. Brotzman, local weather forecaster predicted warmer weather for this afternoon.

Rivers High

The Allegheny and Ohio rivers here, which reached a 21 foot stage Sunday afternoon on account of heavy rains was receding today. The highway between Springdale and New Kensington near here was practically cleared of several tons of dirt and rock loosened by rain that blocked traffic.

On account of the Pine Creek bridge, connecting Sharpsburg and Etna, being undermined at one end, traffic had to be detoured. Engineers began repairing the bridge today.

Telephone and telegraph company crews are repairing damage to their wires and poles along the Bakertown and Gibsonia roads in the Northern part of the county.

What "dependable" really means

Ponder the basic elements underlying Dodge Brothers remarkable success and one simple fact stands boldly out:

The public not only believe in the goodness of Dodge Brothers Motor Car, they believe in the men who build it and the men who sell it.

That is why the word DEPENDABLE is associated the world over with Dodge Brothers name. It goes beyond the product and embraces every department in Dodge Brothers great organization.

TIMELY VIEWS on WORLD TOPICS

By GEN. GUY E. TRIPP
Chairman Westinghouse Electric Company, in an address

Electricity has gained for the United States the industrial supremacy of the world. Our workmen now have at their disposal an average of 3 3-4 horsepower per capita, which is about double that available to the workmen of England, the next most highly developed nation. Herein lies the secret of why, to quote the British prime minister, "the American workmen are able to enjoy better standards of living than any other working people in the world."

I predict that the new economic era upon which we are entering will result from two new power developments—superpower and the automobile.

Superpower is making power available almost anywhere, and this is making it possible for industries to leave congested centers, thereby permitting them to reduce costs and improve living conditions for the workers.

This will mean a check on the growth of our cities, a revival of town life, a return of that contact of industry with agriculture which was formerly so advantageous to the farmer, and will make living conditions in the country comparable with those in the city.

The wealth of both the nation and its average family will be increased. Special sectional interests will tend to be obliterated because much of the country will be part agricultural and part industrial. Hard times in any given industry will mean less suffering because few commodities will find the majority of their workers out of employment at any one time.

The automobile is saving workers an incalculable amount of time and is thereby adding to the national wealth. It is also, in marked contrast to the railroads, a decentralizing agency and is opening up an amazing number of square miles of heretofore waste lands to habitation and industry.

I must not be understood to be prophesying a millenium when troubles will be no more. Far from it. The new era will bring plenty of troubles of its own. But at least they will be somewhat different from those that have afflicted us, and they will be tempered by greater material value.

MURDER ENDS SNARL OVER NEGRO WOMAN

WAYNESBURG, Pa., Sept. 27.—Milton Baker, a negro miner, of Mather, was shot and killed yesterday in the home of Mrs. Clara Baily, a negress, also of Mather. Police are searching for James Tipton of Marianna, another negro, who, according to Wyatt Hunter of Mathers, is the man who did the shooting. Hunter, who is held as a witness, told police the shooting was the climax of a quarrel between Baker and Tipton over Mrs. Baily.

When Lydia E. Pinkham first began to make her Vegetable Compound she used her largest kettle on the kitchen stove.

Today, the Vegetable Compound is made in great steel tanks, lined with glass. Each tank holds 5000 gallons. To keep pace with the demand for this famous medicine, a tankful is made every two days.

Throughout the entire process of manufacture the utmost care is taken. Lydia E. Pinkham's Vegetable Compound is accurately made under sanitary conditions. Public inspection of the Laboratories at Lynn, Mass., is constantly invited.

WOMEN TO AID CIVIC BODIES ON RECREATION

Council today by resolution invited the Federation of Women's Clubs to appoint two members to join the committee being formed by civic organizations to study recreational facilities of New Castle.

Today Solicitor White explained that the federation has been conducting a study of recreational facilities and had been so engaged before White presented the subject to councilmen.

Council was told by White that, at the time he broached the subject he had no knowledge of their study and today suggested they be included on the committee. Council passed Davies' resolution to that effect.

The World AND THE Mud Puddles

(Continued From Page Four)

coln. And then Mr. Lincoln had two resignations."

"'I will not be hectored by politicians,' was the militancy of Salmon P. Chase—colossal finance figure through unprecedented crises."

"By the nervous and by the strong the President was implored to decline the acceptance of the challenge; public officer so tested, so proved, could be released but as invitation to national peril. And Lincoln said:"

"'The life of this government does not depend upon the personality of any one man. Chase is an able financier, he is a broad statesman. But he refuses ever to be perfectly happy unless he is thoroughly miserable and making everybody else miserable. He knows this nomination of an untried man will displease the Unionists of New York, will delight our enemies, injure our friends. He knows I cannot make this appointment without seriously offending our foremost supporters.. He resigns because I will not be obedient. I take him at his word.'"

"Tense chief of the nation showed grave appreciation of the situation. Yet he could not forego his sparkle: 'As the Irish lad said, say I,' he sallied, 'in this country one man is as good as another and often a good deal better!'"

"And that same day confided Lincoln to S. B. Chittenden, calling at the White house: 'There is not a man in the Union who would make as good a Chief Justice as Chase. If I have the opportunity, I shall appoint him.'"

Lincoln had the opportunity within six months. He sent the appointment of Salmon P. Chase as Chief Justice of the United States to the Senate and the Senate promptly approved the nomination.

World's Series Games To Start At 1:30 O'clock

Series Starts In New York City Saturday, October 2; Third Game In St. Louis

(International News Service)

CHICAGO, Sept. 27.—The regulations for the 1926 world's series and the eligible players on Cardinals and Yankees were announced here today by Judge K. M. Landis, baseball commissioner.

This schedule calls for the playing of the first, second, sixth and seventh games at the Yankee Stadium and the third, fourth and fifth games at Sportsman's Park, St. Louis.

Game time will be 1:30 Standard time throughout the series except for the Sunday game at New York which will start at 2.

The regulations provide that in case of the postponement of a scheduled game or in the case of a game called before it becomes a regulation game, the game shall be played off on the grounds for which it was originally scheduled before the succeeding scheduled game for other grounds and that the dates assigned for subsequent games shall be moved forward as may be necessary.

The series will open at New York on Saturday, October 2.

Complaints About Floor Of Bridge

Complaints are being heard about the condition of the county bridge across the Beaver river at Willow Grove. The planking is in bad shape and a section in the center has been repaired by nailing planks on top of the old ones. This makes a ridge at each end of the repaired portion. As the bridge is very narrow, being scarcely more than wide enough for two automobiles to pass, the ridges made by the repairs increases the danger of collisions.

Do Not Fail To Remove Stones

Traffic Sergeant David Nelson today issued an order that autoists stopping cars enroute up or down hills should either not use rocks as "blocks" or remove the same after the purpose has been served. The order came as a result of an accident on Croton avenue hill today. An automobile struck a rock and as a result the car was damaged.

Asks Council To Provide For Sanitary Sewer

Dr. Victor Diefenderfer today requested city council to adopt action which will result in a sanitary sewer being constructed in Logan street. The thoroughfare is of rock foundation, according to Solicitor White. Council referred the request to City Engineer Miller with instructions to present a report and most feasible plan for a sewer.

Ellwood Wins Opening Game

Champs Start Season Well With 13-0 Victory Over Evans City

TEAM LOOKS GOOD FOR FINE SEASON

By TOM MOORHEAD

ELLWOOD CITY, Pa., Sept. 27.—On a field of mud Saturday, Ellwood High started toward their second W. P. I. A. L. championship at the Ellwood athletic field. Evans City high was the first victim, being defeated by a 13 to 0 score. Both touchdowns were made by the winners in the first half. The local team surprised the fans by their brilliant playing. Altho a large score was not run up, Ellwood had it over the Butler county rivals like a tent. The condition of the field which caused frequent fumbles prevented a higher score.

Johnnie Sanders made Ellwood's first touchdown of the year. Don Johnston made the second touchdown. Ellwood's team this year is practically without any of the last year's regulars. Only two of last year's strong men, Neff and Sanders, are left from the W. P. I. A. L. champs. The new men on the team filled up the gaps to perfection, and showed that Ellwood had another good team in the making.

E. C. H. S. has a fair sized line, averaging around 155 pounds. The backfield is of about the same average and is speedy. It is hard to pick out certain stars in the game played Saturday. The line was impregnable. They held Evans City from a first down while Ellwood ran up a string of 11. This speaks for the first and second teams. Maloney, playing center, was one who showed up well. Sanders bore the brunt of the attack in the backfield. He had Tom McMurdo's place to fill and he did it like a veteran, making most of the line plunges.

Show Speed

Fanno and Johnston, the speed boys, made the longest runs, Johnston making two twelve yard runs and a fifteen while Fanno had an eighteen yard run. Fanno who weighs 120 pounds is the smallest man on the team.

Altho Evans City never caused Ellwood any worry, they fought gamely with Landerer and Davidson making the best showing. A pass in the fourth quarter, Sanders to Demas gained 15 yards, while one in the second quarter, Sanders to McCarthy, was good for 24 yards.

In Action

Sanders started the game by kicking off to Evans City 20 yard line and the ball was returned to the 30. After Evans City tried two plays without an inch gain, they punted the Ellwood 35 where it was downed. On the first play Don Johnston tore off 12 yards for a first down on the Ellwood 47 yard line. Evans City was penalized 5 yards for offside. Statti gained 3 and Sanders plunged 5 yards for a first down on the Evans City 40. Sanders gained 5 yards and Don Johnston dashed 12 more for another first down on the Evans City 23 yard line. Sanders was good for 2 yards and Johnston failed by half a foot to make a first down. In the next play Sanders went 4 yards for a first down on the 9 yard line. He rammed the line for 8 yards on the next play and took it over from the 1 yard line on the next one.

Demas started Ellwood on their second touchdown. He tackled an opponent too hard after he had caught a punt and caused him to fumble the ball. Don Johnston recovered it on his own 40 yard line. In the following play, Johnston went around left end for 15 yards. Wilson and Sanders each got two yards on two plays. A pass, Sanders to McCarthy, totalled 24 yards and it was a first down on the 16 yard line. Sanders and Johnston each got 7 yards on two plays. Johnston took it over in two plays.

Ellwood's score was kept down by too many fumbles in the last half. In the last quarter, they came when Fanno made an 18 yard run to the Evans City 13 yard line. A penalty and an incomplete pass were next on the program, and after Sanders got 7 and Clyde gained 4, the game ended with the ball on the 6 yard line.

The lineup:

Ellwood-13.		Evans City-0.
McCarthy	LE	Kline
Rabberman	LT	Neal
Labate	LG	Zeigler
Maloney	C	Kennedy
A. Mains	RG	Baer
Nehf	RT	Marburger
Demas	RE	C. Brueckman
Wilson	QB	A. Brueckman
Statti	LHB	Landerer
D. Johnston	RHB	Ripper
Sanders	FB	Davidson

Score by quarters:

Children's Hour To Begin Friday At First Baptist Church

ELLWOOD CITY, Pa., Sept. 27—The kiddies of Ellwood City, who have enjoyed the privileges offered by Rev. and Mrs. Macgeorge of the First Baptist church in the last two years when they have had Children's Hour each Friday evening during the winter months, will be delighted to know that these good times will again start this coming Friday, October first.

It was just last year, that Rev. and Mrs. Macgeorge purchased a moving picture machine just for these very evinings which help to pass the long, cold winter more pleasantly. The moving picture machine and the Swiss bells are just a small part of the enjoyment provided for the children, and purchased with the nickels which is the fee required for admittance.

Sometimes there is a prize for the children, and there is one promised for this first meeting. Other times there is a special surprise, or perhaps a party is in store for the youngsters. With the work in this line, Rev. and Mrs. Macgeorge are accomplishing something worth while. The children are taught educational matters in story form and in picture. They learn the value of generosity and of unselfishness and they are shown the result of the golden rule.

Not only are the happenings of Billy Bumps shown in the pictures, but a picture depicting Bible history is usually on the program for the evening.

Mrs. J. W. Snare Will Leave With Daughter For Miami, Tuesday

ELLWOOD CITY, Pa., Sept. 27.—Mrs. J. W. Snare of Spring avenue will leave with her daughter, Mrs. Ralph Anderson, for Miami, Fla., Tuesday, as a result of a message from the latter's husband, which they received on Saturday night, telling them to come.

Mr. Anderson who is employed by the Florida Power and Light Company has been in Miami for some time, and Mrs. Snare and her daughter had planned to join him there for the winter. They were scheduled to leave here on Tuesday and did not hear from Mr. Anderson.

They did not know whether or not he had survived the storm and received no news until the telegram on Saturday night, saying that he was safe and for them to come ahead. Mrs. Snare will spend the winter with her daughter who will make he future home in Florida.

Rotarians Conduct Clinic For Crippled Children Tuesday

Dr. J. O. Wallace, Well Known Surgeon From Pittsburgh, Will Perform Operations

ELLWOOD CITY, Pa., Sept. 27.—Dr. J. O. Wallace, eminent surgeon of Pittsburgh, will be in Ellwood City Tuesday morning at 9 o'clock ready to conduct the clinic for crippled children which is being held under the auspices of the Rotarians.

The clinic will be conducted at the annex to the Ellwood hospital and all operations will be performed in the operating room. This work is the result of two years of hard work on the part of the local Rotarians, who have undertaken it on a large scale, planning to conduct a clinic for crippled children at the local institution each month with Dr. Wallace in charge.

Each man of the club found a child to be helped in this manner and is making the provision for the child to be at the hospital at the appointed hour — 9 o'clock. Ed Mackaseck is in charge of the committee and is assisted by a corps of willing helpers.

Special Music Is Feature Of Vespers

ELLWOOD CITY, Pa., Sept. 27—The people attending the Vesper services at the First Presbyterian church at 4:45 yesterday, were glad for the Eastern Standard time, which makes this service even more satisfactory.

No lights are switched on in the main part of the auditorium, only the rays of the sun as it spreads out its blanket of many colors before disappearing over the western hills until another day, form the soft light which glows and sparkles thru the beautiful windows and is caught up by the glints from the walls of gold.

In this setting it is easy for the people to worship with song and prayer. Rev. A. M. Stevenson does not preach at length, but his sermon, precise, is to the point, and exhilerating. Yesterday afternoon he had for his theme, "God's word, a comforting Word." Previous to the regular service, Mrs. William Dean gave an organ recital, which blended in with the remainder of the Vesper. Special music is always one of the features of this service which will be continued thruout the winter months at the First Presbyterian church.

Mrs. Jennie Hazen Admitted To Hospital

Discharged — Lois Gelbach, Mrs. Raymond Slevin and infant, Elda Weigle, Mrs. John Hudson and infant.

PATENTS GRANTED IN THIS DISTRICT

By GEORGE H. MANNING
(Washington Correspondent of The News)

WASHINGTON, D. C., Sept. 27.—Two women living in the vicinity of New Castle have recently been granted patents by the United States patent office.

Edward E. Marx, Beaver Falls, has invented a link for fastening broken chains. It consists of two pairs of double hooks joined by a swivel. Each pair of hooks resembles a pair of calipers and is designed to clamp around a link of the chain.

Clyde Thomas of Greenville, Mercer county, has invented an attachment for carpenters' rules which enables them to serve as marking gauges.

YOUNGSTOWN POLICE SEEK NEGRO HERE

The Youngstown, O., police authorities on Sunday asked the local police to be on the lookout for a negro, about twenty-five years of age, wanted in that city for cutting a woman. It was believed that he might have come to this city. He is described as being five foot ten inches in height, weighing 175 pounds and wearing a light suit with blood on the sleeve.

Child In Hospital Result Of Motor Accident Saturday

Mrs. P. J. Boyle Of Ewing Park Is Suffering From Broken Nose And Other Injuries

ELLWOOD CITY, Pa., Sept. 27—Julian, the 13 year old son of Mr. and Mrs. H. J. Haydo of Line avenue is suffering from several cuts about the face which he received in a motor accident Saturday evening about 8 o'clock, when the car driven by Mr. Haydo had a head-on collision with the car driven by Lester Vogt, in which the women in the back seat were hurt. Mrs. P. J. Boyle of Byng street is suffering from a broken nose and Mrs. Vogt from numerous bruises and cuts as a result of the accident which occurred near the foot of Brown's hill, on the Ellwood-New Castle highway.

Mr. Haydo was driving his car in the direction of Ellwood City, and his two wheels of the car got off the road. In order to return his car to the road, he landed it on the other side, directly in front of the Vogt machine, which was being driven toward New Castle. Mrs. Haydo who was riding in the front seat was thrown out and badly bruised and cut, and their little boy cut his head on the windshield, but is not in a serious condition.

The two couples in the Vogt machine were badly shaken up. Mrs. Boyle in trying to brace herself for the blow which she foresaw, was thrown toward the ceiling where she landed with such force that she broke her nose, causing the nose piece of her spectacles to bend, but not to break.

Chautauqua Speaker To Address Assembly Of Presbyterians

ELLWOOD CITY, Pa., Sept. 27.—Samuel Grathwell, mountaineer highlander, who has been on the Chautauqua platforms with the Department of Moral Welfare of the Presbyterian church, will be the speaker at the Bell Memorial Presbyterian church Wednesday evening, September 29.

The First Presbyterian, Slippery Rock and the Bell Memorial congregations will unite in this assembly to hear Mr. Grathwell, who is a prominent speaker not only from the Chautauqua platform but from the Lyceum platforms as well, and will have a very interesting message for his listeners.

CLAIMS OLDEST RAILROAD PASS

SUNBURY, Pa., Sept. 27.—What is believed to be one of the oldest railroad passes in existence is the property of Thomas J. Silvius, veteran printer of this city. It is more than 60 years old.

When his father, the late Jacob Silvius, was employed by the Pennsylvania Railroad company he was engaged in some work at Mifflin and desired to make a trip to Lancaster on July 4, 1864. J. D. Young, then superintendent of the middle division, issued a trip pass from Mifflin to Harrisburg, and there Mr. Young signed it as good to Lancaster and return. He came to Sunbury without using the pass on the return to Mifflin. He carried it for a number of years and finally his son asked him for it and received it. The son has had many requests for it, but declares he will keep it as long as he lives.

What Spain needs isn't a permanent seat, but a permanent Government.

The Odds

are against young men who are living this month on next month's pay.

Some of these days you will run into a real opportunity which requires a little cash to handle, and, as the saying goes, you will be "out of luck."

If you go to the trouble of investigating the early careers of men who are in prosperous circumstances today, you will find nearly always that they had a Savings Account instantly ready to take advantage of opportunities when they came.

Don't think this is mere preaching. It is an absolute truth, and young men who fail to heed this advice will live to admit the error of their careless spending.

Marriage License Law Is Tightened

New Rules Issued For Philadelphia Apply Particularly To Divorces

Deny Action Is Result Of Permit Allowing Sir Henry Thornton To Rewed

PHILADELPHIA, Pa., Sept. 27.—A further tightening up on rules governing the issuance of marriage license in this city was indicated when the clerks of the marriage license office, room 413 city hall, received an official copy of new regulations concerning the granting of marriage licenses to divorced parties.

The new rules handed down by Judge Thompson of the orphans' court while not particularizing Mexican or French divorces, nevertheless virtually makes it impossible for persons obtaining divorces of this character to obtain permission from the bureau in this city to rewed.

Not Due to Thornton Case.

It was stated that the new rules are not the result of the recently issued marriage license application to Sir Henry Worth Thornton, president of the Canadian National Railways, of Montreal, and Miss Martha Watriss of New York City. Following a marriage in New York state, after Thornton had been divorced by his first wife in court of common pleas No. 5 in this city, they were again married secretly in this city by Judge J. Willis Martin.

The license for the ceremony by Judge Martin was obtained in city hall and the record there discloses the fact that Thornton stated he had only been married once and that marriage severed by divorce. Miss Watriss stated that she had never been married before. The statements were made by both parties under affidavit, the clerks having no knowledge of the New York marriage issued the license.

It is known that the issuing of a license to Thornton attracted the attention of at least three judges of the orphans court having jurisdiction over the marriage license bureau, and it was said that had it been known that there had been a prior marriage in New York a license to permit them to rewed in Philadelphia would not have been issued.

Wedding Advised by Counsel.

While Sir Henry was in Atlantic City on his honeymoon he explained that he and Miss Watriss had been married in New York, but under the advice of his counsel it was decided to have the second ceremony here.

Under the new rules the clerks before granting a marriage license where either of the applicants have been divorced and the certified decree is submitted must follow the following rules:

"(1) Not to issue said marriage license unless the certified copy of the decree or other certified paper submitted shows that the respondent in said divorce was personally served with process or was represented in said divorce proceeding by some one duly authorized in writing by said respondent, which writing must be filed in said divorce proceeding.

"(2) If service on the respondent has been made by publication, a certified copy of some paper filed in the cause showing that the respondent was resident of the state granting the divorce at the time of the commencement of the action, must be produced.

Papers To Be Retained.

"(3) Whatever certified papers are submitted tending to show the above facts shall be retained by you and annexed to the application for marriage license and filed with papers therein."

The new marriage license rule, it was explained, will not conflict in any manner with divorce actions passed upon by the Pennsylvania courts.

Parole Violator Is Arrested Here

Officers Longstreth And Lynch Make Important Capture Sunday

Norman Holenback, alias Norman Hollenbank, wanted at the Western Penitentiary for violation of his parole was one of a gang of men arrested at the former cold storage place in the rear of the Maxwell coal yard on Sunday, while having a little drinking party.

When Officer D. T. Nelson arrived with the city patrol at the scene of the arrest, he recognized Holenback as the man described in a circular received a few days ago and Holenback admitted when questioned, that he was the man in the case.

He was sentenced in 1914 from Lawrence county on a charge of breaking and entering for not less than one year or more than ten years and the alleged violation of parole occured in 1921. He claims that he has done a hitch in the army since the alleged violation and that he has committed no wrong.

Skinny Men and Women Gain 5 Pounds in 30 Days or Money Back

My Dear Friends:

After my attack of Flu I was thin rundown and weak. I had a sallow complexion, my cheeks were sunk in and I was continually troubled with gas on my stomach. I felt stuffy and had lost my appetite. I had read about McCoy's Cod Liver Oil Compound Tablets and decided to give them a trial. At once, I began to pick up an appetite, my cheeks filled out and my complexion became healthy looking and I gained 15 pounds in six weeks and am very thankful for what McCoy's Cod Liver Oil Compound Tablets did for me.

Rally Day Observed In Local Church

Large Attendance At Rally Day Service—Other News Notes Of Seventh Ward

The annual rally and promotion day was observed Sunday morning in the Madison Avenue Christian church. A joint session of Bible school and morning church service was conducted. A large attendance of members were present. The platform for the occasion was attractively decorated with bouquets and baskets of vari-colored fall garden flowers. The service was most interesting.

A special program had been prepared by the committee, in charge of the rally day services. The program consisted of songs by the different departments of the Bible school and choir, with the presentation of certificates to classes being promoted from one class to another or from one department to another. Rev. Sniff, pastor of the church, gave a most interesting rally day talk.

Much of the credit for the success of the service is due the committee in charge of the rally day composed of Mrs. J. B. Bumbaugh, Mrs. Rose Gardner, Mrs. Walter Wilkins, Miss Irene Dibbley and Miss Helen Wilson.

Value Of Crops In Lawrence County Is Nearly Four Million

Surprising Figures Revealed Today By Departments Of Agriculture For 1925

Tame Hay Leads Crop Production—Nearly 5,000,000 Gallons Of Milk Produced

Statistics revealed today by the Pennsylvania and the United States Departments of Agriculture show that the production of farm crops in Lawrence county in 1925 including wheat, corn, rye, oats, buckwheat, potatoes, tame hay, apples, peaches, and pears; and other farm products consisting of milk, eggs, honey, and wool were valued at nearly four million dollars, a surprising amount to the average resident here.

Tame Hay led the crop production with a valuation of $712,298.40. The production was 53,962 tons, and the number of acres utilized was 40,880. Corn followed second in value with 668,710 bushel produced on 14,350 acres, valued at $628,587.40.

Records Given

Acres utilized, crop production and value of the remaining crops named above follows:—wheat, 10,790 acres, 174,798 bushel produced, value, $244,717.20.

Rye, 700 acres, 10,010 bushel, value, $9,209.20.

Oats — 14,140 acres; 598,122 bushel; value $299,061.00.

Buckwheat—1,160 acres; 24,940 bushel; value $24,191.80.

Potatoes, white—1,400 acres; 182,000 bushel; value $331,240.00.

Apples—53,380 bushel; value $90,746.00.

Peaches—2,960 bushel; value $6,808.00.

Pears—2,010 bushel; value $3,115.50.

Of the other farm products given milk netted the largest returns. The number of gallons secured in this county was 4,859,430, and its value was placed at $1,117,668.90. This however included milk used in making 497,440 pounds of butter which was valued at $263,643.20.

Egg Total High

The number of eggs produced on the farms here totaled 758,460 dozen with a valuation placed at $310,968.60. Wool to the extent of 40,390 pounds was marketed with a value at $19,791.10. Honey also was included in the list, 25,614 pounds being produced. The honey was valued at $6,659.64.

The estimated amounted of commercial fertilizer used on farms here was 3,096 tons valued at $87,307.20. The estimated amount of lime-fertilizer utilized was 7,611 tons valued at $48,329.85 the report stated.

CHILD IS STRANGLED IN PECULIAR WAY

GREENVILLE, Pa., Sept. 27.—In a most unusual accident yesterday at the home of Mr. and Mrs. Garry Johnston, Sharon-Greenville road, their son, Lyle Franklin, eight months old, was hanged when he crawled over the foot of his bed. His body was found by his grief stricken mother, who had left him on the bed asleep about an hour before. The child had evidently awakened and tried to crawl out of bed. When he reached the foot of the bed his body slipped between the mattress and one of the bars of the iron bedstead, but his head would not go through. Strangulation probably occurred.

Synod Meeting Of U. P. Church In Jamestown, Pa.

Fine Program Arranged For 69th Annual Session On September 27, 28 and 29

The 69th annual meeting of the Synod of the United Presbyterian Church of North America will be held in the U. P. church of Jamestown, Pa., September 27-28-29.

Ministers planning to attend from this city include Dr. S. E. Irvine, Rev. A. J. Randles, Rev. C. J. Williamson and Rev. S. B. Copeland.

The Synod will open this evening with devotional service by Rev. S. Boyd Johnson of Niagara Falls and sermon by the moderator, Rev. James M. Ferguson, D. D., of Bellevue, Pa.

On Tuesday morning the Bible study will be conducted by Rev. James D. Barr of New Wilmington. Other speakers for the day include Dr. Charles Wallace, president of Westminster college; Rev. S. C. Gamble, D. D., of Butler, Pa., and Dr. Howard Buchanon, missionary to the Soudan, Africa.

Rev. M. S. Rice, D. D., pastor of the Metropolitan M. E. church of Detroit, Mich., will give an address Tuesday evening. Rev. Rice is one of the outstanding leaders of the Methodist denomination. He was elected a bishop on the first ballot four years ago but declined, preferring the pastorate.

Rev. George H. Cheesman of Portersville, Pa., will lead the prayer and praise service on Wednesday morning. "With Jesus in the Holy Land" will be the subject of the address of Rev. John McNaugher of Pittsburgh. Rev. James A. Cosby of Ellwood City is stated clerk of the Synod.

New Castle Branch To Meet Thursday

Life Underwriters Are To Hear W. R. C. Rowan Of Pittsburgh That Evening

The first fall meeting of the New Castle Branch of the Pittsburgh Life Underwriters Association will be an event of Thursday evening, September 30, at the Elks' Club. It will be a dinner meeting.

W. R. C. Rowan, of Pittsburgh, an authority on state and federal inheritance taxes, insurance trusts and the conservation of estates, and the part that life insurance plays in these questions, will be the speaker at this meeting and will have a message that will interest all members.

Thomas I. Elliott and Paul Welsh of this city will also speak.

Daniel Reebel, chairman of the New Castle branch, has announced that the election of officers for the coming year will take place at this meeting. W. G. Wheeler, a member of the executive committee, has charge of the arrangements for the meeting and has reports indicating an unusually large attendance.

Pennsylvania Far Ahead Of Most All States Of Country

Few people, especially native Pennsylvanians realize the importance of Pennsylvania, as a part of the United States and as a unit as compared with some of the greatest countries of the world, when it comes to its resources and its natural and manufactured products, although its population as compared with the whole United States and other countries, is very small and would not begin to indicate its real position in world affairs.

The importance of Pennsylvania is best shown in the publication of the booklet "Pennsylvania, the Makings of a World Power" of which George H. Ashley, state geologist, is the author.

In it is the interesting fact that while the 32nd state of the Union in size, it is second in wealth, population and importance. Its present position is due to the genius of its men and women, according to Mr. Ashley. In the first place, they were people who came here for religious freedom and were a people capable of independent thinking and action. This has been demonstrated according to Mr. Ashley not only in the results in Pennsylvania but by the recognized fact that emigrants from Pennsylvania into other parts of the country or their descendants have played a leading part wherever they have gone.

More Coal Than Any Other State

Until January 1, 1920, there had been more coal mined in Pennsylvania than in all the rest of the United States. One-third of the pig iron of the country is run in Pennsylvania. Mines and industries of the state using mineral products are responsible for two thirds of the industry and wealth of the state. The productive industries of Pennsylvania annually yield values exceeding eight billion dollars. One-seventh of this is represented by mining. In 1923, the mineral products of the state were 23.6 percent of the total mineral production of the United States.

In fact, Pennsylvania is the peer of any country in the world as a mining state according to Mr. Ashley. The value of the mining production in Great Britain in 1923 was $1,158,000,000 as compared with Pennsylvania's $1226,000,000. Germany's production was something less than a billion dollars while that of France was about 800,000,000.

A comparison of England and Pennsylvania might help in figuring out importance of the latter. Pennsylvania has an area of 45,126 square miles, while that of England is 50,933 square miles. The population of England in 1921 was 37,885,242 while that of Pennsylvania was but 8,720,017. The density of population of Pennsylvania was 194 as compared with 701.3 for England. The wealth of England is from 100 to 120 billions of dollars while that of Pennsylvania is thirty-three billion dollars. Taxes for government purposes in England is $3,856,780,000 while those of Pennsylvania are but $464,482,000. Agricultural products of England are placed at $1,242,287,500, while those of Pennsylvania are $471,000,000. Mining production in England in 1922 was $1.158,752,247 and in Pennsylvania in 1923 it was $1,226,284,404.

In 1922, England mined 249,606,864 tons of coal, while Pennsylvania mined 265,218,922 tons. England in the same year had an iron ore production of 6,867,512 tons to 992,102 tons for Pennsylvania in 1923. Pig iron production of Pennsylvania in 1923 was 13,898,624 tons to 7,439,000 tons for England in the same year. The steel production of England in 1922 was 8,449,000 tons and that of Pennsylvania in 1923 was 17,544,027 tons.

Other products of the two countries in the same period of time as given in the above named products follow: Limestone and chalk—England 12,449,579 tons, Pennsylvania 12,538,350 tons; sandstone—England 2,140,301 tons, Pennsylvania 1,405,330 tons; sand and gravel—England 2,253,884 tons, Pennsylvania 9,221,292 tons; slate—England 231,410 tons, Pennsylvania 200,000 tons; clay products—Englang 6,480,699 tons, Pennsylvania 3,500,000 tons; fisheries—England $86,074,758, Pennsylvania $500,000; water power developed—England 200,000 horse power, Pennsylvania 284,000 horse power.

The total cost of government in Pennsylvania including state, federal and local taxes is placed at $714,500,000.

What Do You Think of This for

A Loaf of Bread?

Enough bread to feed one-fifth of the people of the United States for one year was the size of a loaf that was conceived by combining all the flour used in a year by the members of the **Quality Bakers of America** at their Eighth General Conference in New York City, September 13th, 14th, 15th, and 16th at the Hotel Waldorf-Astoria.

The pan needed for this "champion" loaf would measure 8855 feet in length, 4422 feet in width and would be 2933 feet high. Such a pan naturally does not exist, nor an oven in which to bake this loaf.

New Castle, Pa., was represented at this conference by Mr. R. I. Galbreath of the **O. C. Orr Baking Co.**, members of this organization of non-competing, independent, wholesale bakers in which membership is by invitation only.

Mr. Galbreath reports that it was one of the finest conferences he has ever attended and was a "Progress Conference" from start to finish, great emphasis being placed on the exceptional progress the organization has made since its inception several years ago.

Every conceivable question and problem relating to the management of a baker, bread advertising, salesmanship, production purchasing and accounting were gone into and discussed in open conference during the four day session. It is the aim of this organization to give the public the finest loaf of bread that can be baked and the best of service to the grocers.

The combined business of the **Quality Bakers of America** went over the 30,000,000 figure last year according to Ivan B. Nordhem, secretary of the organization and there are more than 1600 salesman in the organization.

How to stop BOILS!

There's only one way to stop boils. Stop the cause of boils! That's common sense—isn't it? All right. Boils thrive because the blood gets so weak in healthy, red cells that it can't throw off the impurities that get into the body. There's not enough rich, red blood to purify the system.

Now—S. S. S. builds back the blood to fighting strength. S. S. S. builds red-blood-cells—builds them by the millions! Boils dry up!

S. S. S. is the thing. Impurities that cause boils and other skin eruptions can't stand up against the rich, healthy, red blood that S. S. S. builds. That's all there is to it.

Stop boils with S. S. S. It's the way. Get it at any druggist. The larger bottle is more economical.

CHILD PRODIGY PLAYS PIANO

(International News Service)

BERWICK, Pa., Sept. 27.—Mildred Hons, 4-year-old daughter of Mrs. Fred Berry is being hailed as the child prodigy of this section of the state, and not a few authorities who have examined the child have pronounced her actions as remarkable.

The child, hardly able to reach the pedals when seated at a piano or organ, has shown an exceptional gift in music.

She has been totally blind since a few days after birth. Despite this handicap she romps and plays with children in the neighborhood, making her way about in an uncanny manner.

Some time ago at church with her mother, she heard the hymn "The Old Rugged Cross," played on the organ. Upon her return home, the child seated herself at the piano and played the hymn with near perfection.

Her unusual ability came to the attention of a local minister who has interested himself in her case to the extent that he had several child experts examine her. He has assured the mother that he will care for the child's musical instruction when she becomes of an age advisable for her to take lessons.

Chief Starts War On Town Loafers

(International News Service)

WEST HAZLETON, Pa., Sept. 27. "Loafers" who pick their haunts near the several churches of this little city will have to stop the practice or go to jail, Chief Burgess Anthony Kubitsky today told members of the police department.

The local chief burgess stepped into the limelight some time ago with his "work or jail" edict, and, in making the order concerning the loafers near the several churches, stated that it will be carried out with the same thoroughness as the former order.

Many of the young men of this town who refused to go to work were given a 10-day jail sentence by the chief burgess. He has practically established an "everybody work" town as a result of the ruling.

Tractor Owner Obeys State Law

(International News Service)

TOWANDA, Pa., Sept. 27. — George Crowley, of Windham, near here, rather than violate the highway laws of the state by crossing a road with his tractor, drove twenty miles to Sayre to apply for the necessary papers.

Crowley was plowing in a field along the state highway. As he prepared to move his tractor and plows across the highway to another field he was told it would be necessary to have a motor vehicle license in order to move his tractor on the road. The tractor was left idle and the trip to Sayre followed.

Lewistown Also Has Bird Convention

(International News Service)

LEWISTOWN, Pa., Sept. 27.—One of the surest signs of fall, according to persons living in view of Ards Ridge, near here, has appeared. Thousands of blackbirds can be seen each evening organizing for their southern tour.

Hunters, taking advantage of the organized groups, have obtained filling for blackbird pies.

New Castle Driver Loses His License

(International News Service)

HARRISBURG, Pa., Sept. 27. — Drivers' licenses of forty-two persons were revoked and thirteen names placed on the blacklist in the summary of the past week made public today by the State Department of Highways.

Twenty-six of the revocations were for intoxication, nine for transporting liquor and only three for reckless driving. Thirteen of the blacklistings were for intoxication.

Included in the list of revocations for intoxication were H. H. Wright and Ed. Brewer, both of Erie; William Richardson, Sharon; James Steele, New Castle, and Guy Fifield Hayden, Oil City.

The license of Benjamine Laster, Allentown, was revoked for transporting liquor and that of Charles Vanderpool, Towanda, for reckless driving.

Red Cross Renews Plea For Aid For Hurricane Victims

Five million dollars has been asked by the people of the United States for the relief work in Florida by the American Red Cross. The Lawrence county chapter of the American Red Cross hopes that the people will unloosen their purse strings and contribute towards the meritorious work the Red Cross is endeavoring to accomplish.

Checks should be made payable to the American Red Cross or Frank W. Smith treasurer and sent promptly to the local Red Cross headquarters, Safe Deposit and Trust Co., Mercer street.

To date this chapter has received but $45 while in Pittsburgh already $10,000 has been received nad sent and it has been necessary to get extra help in the office to assist with the mailing of receipts to the donors of the contributions.

Come everyone who can and contribute something towards this fund. It is needed badly. It is declared that as each day goes by it is being demonstrated that the American Red Cross is coping with one of the biggest jobs in its history and meeting the situation promptly but that the cash requirements are very heavy because of the people losing not only their homes but all personal belongings.

Come citizens of New Castle and Lawrence county, help with this work and send your contribution in at once. Let the quoto from the Lawrence county chapter be large and one to be proud of.

Another contribution has been recived. This is $3 from Miss Martha Bigley.

Police Arrest Many In Week End Raids

Collections Are Good On Account of Numerous Offenders In Custody

Police of the city were exceptionally busy over the week-end and made numerous arrests, especially offenders charged with being drunk or having parties in which liquor figured.

Walter Maloney and William Gibson appeared to be hosts at the Gibson place on Norris Way, Sunday morning at a little booze party and they and five visitors were arrested by Officers Hillers and Longstreth. Maloney and Gibson paid fines of $10, while the five visitors were allowed to go under suspended sentence.

Walter Latkopsky and wife, Frances Latkopsky, and four visitors at their place were arrested Saturday evening by Officers John Moore, M. J. Young and Detective C. G. Logan. Walter and his wife paid fines of $100 each on charges of being keepers of a disorderly house, while two visitors paid fines of $5 each and sentence was suspended in the case of two others.

Angelo Magenti, arrested by Officers Hagan and Llewellyn and charged with disorderly conduct on account of his actions, paid a fine of $100.

Traffic Officer Jackson Now in Good Health

Indigestion and Run-Down Condition, Threatening Health, Quickly Relieved by Tanlac. Kidney Strengthened

The thousands of men and women who have been helped by Tanlac prove that nearly everyone can enjoy good health, strength and youthful energy. William A. Jackson, 1844 South Yewdell Street, Philadelphia, an efficient, popular member of the Traffic Squad in his city, recently said: "For more than a year I had such severe pains in my stomach that I feared I had appendicitis and was terribly worried. I had no appetite for food. And when I ate my stomach would bloat with gas which caused hours of suffering.

"Whenever I moved, a pain shot across the small of my back. And weak kidneys disturbed my night's rest. I tried a great many treatments in the search for relief, without success. Then I resorted to Tanlac.

"And this wonderful tonic has relieved all of my troubles. My stomach is in fine shape. I am enjoying a wonderful appetite. I sleep soundly and have better health than in years".

Tanlac, nature's remedy made from roots, barks and herbs according to the famous Tanlac formula, usually brings wonderful relief to suffering people. It helps build up strength and restore good health. Begin taking this wonder tonic now. At all druggists. Over 40 million bottles sold.

Organizations Co-operate With American Red Cross

A letter has been received at the local Red Cross Association naming a number of the national organizations co-operating with the Red Cross in their relief campaign. The letter received is as follows:

The following national organizations are co-operating with the American National Red Cross in the campaign for the Red Cross Florida Relief Fund:

1. Chamber of Commerce of the United States has asked all of their members to assist the Red Cross Chapters in raising the $5,000,000 required by the relief work.

2. The Federal Council of the Churches of Christ in America urges local churches throughout the country to give their generous assistance in the securing of funds.

3. David A. Brown, the National chairman of the United Jewish Campaign, has wired all chairmen of his organization throughout the United States to work with the the local Red Cross Chapters in the drive for $5,000,000.

4. Robert E. Condon, the National President of the United States Junior Chamber of Commerce, has requested all Junior Chambers of Commerce to co-operate with the National Organization and the local Chapters of the American Red Cross in the campaign for funds and the relief work in Florida.

Very sincerely yours,
JOHN BARTON PAYNE,
Chairman.

Dear Sisters:—

This is the regular meeting night being the last meeting of the quarter to look to your dues. St. Mary's members are entertaining in the Knights of Pythias hall on Thursday evening, September 30 and from all reports there will be a good time for all. Euchre, five hundred and bingo for those who do not dance. And you should see the prizes.

Mae, our vice regent and her orchestra will be there with lots of peppy music for the dancers, so step out and bring your friends. Show them how the C D. of A. can entertain.

All members wishing tickets can get them at this meeting. Members having tickets are asked to make returns at this meeting.

Fraternally yours,
MARGARET FLANAGAN.

Piles Go Quick

Without Salves or Cutting

Thousands who have piles have not learned that quick and permanent relief can only be accomplished with internal medicine. Neither cutting nor any amount of treatment with ointments and suppositories will remove the cause.

Bad circulation causes piles. There is a complete stagnation of blood in the lower bowel and a weakening of the parts. Dr. J. S. Leonhardt was first to find the remedy and called his prescription HEM-ROID. Dr. Leonhardt fried it in 1,000 cases with the marvelous record of success in 98 per cent and then decided it should be sold by druggists everywhere under a rigid money-back guarantee.

Don't waste any more time with outside applications. Get a package of HEM-ROID from McKee's Cut Rate Store and Eckerd's of New Castle, Inc., today. It has given safe and lasting relief to thousands and will do the same for you.

Style Show By Jiles Shoppe At Penn Theatre

New Castle will see a showing of fall styles for women today, Tuesday and Wednesday when the Jiles Shoppe will hold a Fall Fashion Revue in the Penn theatre.

For the showing, six professional models have come to New Castle to display a wealth of gowns, dresses and suits. The Jiles Shoppe has many direct imports among its stock of gowns, and every one displayed at the show has been taken from stock.

To the girl or woman who likes a touch of distinctiveness in her frock, the show will particularly appeal. Every one shown is an outstanding example of the clothing artist's wizardry, and every one shown is available in the Jiles Shoppe on North Mill street.

The young ladies who will display the gowns and frocks, arrived in the city today and are ready for the opening show tonight.

HE DIDN'T GET IT

An Aberdonian went into a chemist's shop and asked for three penny worth of arsenic.

The chemist inquired what he wanted it for.

The Aberdonian replied: Twopence.

TEACHING IN NEW CASTLE

Slippery Rock Students Are Assigned To New Castle Schools

OTHER NEWS OF SLIPPERY ROCK

(Special To The News)

SLIPPERY ROCK, Sept. 27—The following students of Slippery Rock State Normal school are doing their practice-teaching in the schools of New Castle; Miss Thelma Armstrong and Miss Frances Arkwright are at the Oak street school. Miss Hanna Courtney and Miss Helen Wright are at the West Side school. Miss Virginia Perdue and Miss Gladys Griffith are at the Rose avenue school. Miss Alberta Brenner and Miss Iva Howell are at the Lincoln and Garfield school. Miss Elizabeth Geiger and Miss Grace Miller are at the West Side school. Miss Helen Burry and Miss Thelma Pankratz are at Aiken school. The student teachers will practice under the various critic teachers until November 14 when new students will be assigned to the schools.

New Adviser System

This year the freshmen of Slippery Rock Teacher's College have been divided into eighteen groups, in charge of each one is a faculty adviser. The adviser is a friend in need, someone to whom the student may go for advise and help under all conditions. There will be few or no formal meetings of the groups and their advisers, but the faculty member will meet each member of his group informally at frequent intervals.

This group division for the purpose of aiding freshmen is hitherto untested at Slippery Rock but since it has been successful at many larger colleges it is being introduced there in order that the freshmen may feel more at home in their new surroundings. Those teachers who have been selected follow: Mr. Thomas Blaisdell, Mrs. Arnold, Miss McClymonds, Mr. Porter, Mr. Lady, Mr. Menser, Dr. Hamm, Miss Elliot, Mr. Dimmitt, Mr. Tinker, Mr. Headland, Mr. Heim.

Faculty Committees

The first meeting of the Slippery Rock State Normal school faculty called by Dr. J. Linwood Eisenberg, president of the school was the time when the various committees were appointed for the school year 1926-1927. The first named on each committee will serve in the capacity of chairman.

Credits, Miss McKay; dining room, Miss Johnson, Miss McCandless and Miss Campbell; athletics, Mr. Thompson, Dr. Gallagher, Miss Stearn and Miss Compton; school paper, Dr. Blaisdell, Mr. Allison, Miss Elliot, Miss Mary, Miss McNeil; publicity, Dr. Waldron, Dr. Wagenhorst, Mr. Heim, Mr. Cottrell; recommendations, Dr. Wagenhorst,, Mrs. Porter, Miss Kramer, Miss Truby, Miss Grubb; extra-curricular activities, Dr. Waldron, Miss Johnson, Mr. Thompson, Mr. Tinker, Miss Jones; social life, Miss Johnson, Mr. Thompson, Mr. Porter, Mrs. McCandless, Mrs. Arnold, Miss Stern, Miss Campbell and Dr. Waldron; chapel, Dr. Eisenberg, Dr. Hamm, Dr. Blaisdell and Miss Gerberich.

Croton Avenue Man Finds Family Gone

Reports That Wife And Two Sons Are Gone On His Return From Woodlawn

According to the report made by Paul Adancwicz of 1008 Croton avenue, on his return Saturday afternoon from Woodlawn, Pa., where he has been employed for some time, he found that his wife, Mrs. Helen Adancwicz, aged 30, and his two sons, Henry, aged 12, and Edwin, aged 10, had left, taking all their clothing with them.

Claiming that he knew of no reason for their departure, he asked the assistance of the police in an effort to locate them and have them return to their home here.

Mr. Adancwicz has been working at Woodlawn and has been returning home every week-end. Mrs. Adancwicz is described as being of Polish nationality, five feet five inches in height and weighing 118 pounds. She is a blonde.

Former Residents' Son Is Injured

Five Year Old Son Of Mr. And Mrs. Harry Campbell Hurt At Warren, O.

Dale the five year old son of Mr. and Mrs. Harry Campbell of 31 East Franklin street, Warren, O., all of whom resided at 418 West Park Way, this city, until last week, was slightly hurt Saturday morning, when he ran in front of a machine driven by F. S. Fuscas, near his home, in that city, and was knocked down by the latters machine. His head struck the pavement with considerable force, when he fell and it was feared that he had sustained some serious injury.

The driver of the machine removed the boy to St. Joseph's Riverside hospital in Warren and later in the day, the boy was able to be removed to his home. It is hoped that there will be no serious results from the injury.

Farmers In Lawrence County Have Modern Conveniences Today

Monthly Or Yearly Bath In Barrel Of Rain Water Replaced By Bath-tub

Auto, Radio, Telephone, Electricity Hold Sway—Labor Saving Devices In Use

Farmers of years gone by may have had to use candle light to read by night, butter to churn by hand, long tiresome trips to the city with that "Old Gray Mare", and monthly or yearly baths in that cold barrel of rain water, but those days are passe, according to information received today from the Pennsylvania Department of Agriculture, giving a detailed report of the farm home labor saving devices and conveniences which include the well known automobile, the radio, tractors, telephone, electric service, cream separators, bath rooms, running water and the like.

Records show that in Lawrence county there are 2600 farms and included in this number 2031 automobiles are found,almost an average of one per person. Telephones are almost as popular as the motor car to the farmer of today, there being 1,766 telephone connections in the rural districts here.

Many Have Radios.

Other conveniences on farms in Lawrence county follow:—motor trucks on farms, 300; tractors on farms, 303; farms having silos, 1,302; farms having gas engines, 781; farms having electric service, 310; farms using cream separators, 1,354; radios on farms, 340.

Bath rooms are breaking forth in prominence among long farmers, there being 130 in this county. Instead of the usual half mile trot to the well for water, running water is now available in 208 homes, with heating systems installed in 781 country homes here.

In spite of the unusually large number of motor cars found on the farms, the horse is still holding its own, records showing 5,010 horses on farms in the county. The horses are valued at $541,080.00. And those people who don't think there are many mules in this locality will be surprised to hear that exactly 190 mules are listed hereabouts. The mules are valued at $20,710.00.

Cows Aplenty.

Milch cows and heifers, two years old and over number 11,370 with a valuation of $807,270.00. The remainder of the live-stock follows:—

Other cattle—6,040; value, $256,481.00.

Sheep—7,310; value, $65,790.00.

Swine—5,900; value, $116,820.

Chickens, hens and pullets only—159,790; value, $196,541.70.

Hives of bees—1,350; value, $8,437.50.

Totals of live stock give above and valuation was for year, 1925.

NEGRO KILLS PAIR, WOUNDS FIVE AFTER LOSING AT POKER

WILLIAMSON, W. Va., Sept. 27.—Henry Johnson, Negro, wanted in connection with the slaying of two Negroes and the wounding of five others in East Williamson last night, was arrested at Vulcan, W. Va. A state trooper, Private Carl Moore was shot in the left hand by the Negro before he was overpowered.

The shootings last night, according to the state police, were the result of a poker game in which Johnson "went broke." The two men killed were Paul Smiley and Henry Martin.

CRANE TURNS OVER, STEAM KILLS MAN FASTENED IN CAB

STEUBENVILLE, O., Sept. 27.—Robert Callendar was scalded to death at the Weirton Steel Company's plant when his crane turned over and pinned him in the cab. Escaping steam from the crane boiler scalded him to death before aid could reach him.

Callendar was formerly a theatrical man and was widely known in this district as an entertainer.

TROLLEY HITS AUTO KILLS THREE MEN

NEW PHILADELPHIA, O., Sept. 27.—Two negroes were killed instantly, another died two hours after their automobile was struck by an interurban car of the Northern Ohio Power & Light Company on a private crossing last night.

The dead are William Banks, his brother, Charles, empioyes of the Royal Sewer Pipe Company, near Midvale, and Clifford Blaston of New Philadelphia.

William Banks and Blaston were killed instantly. The younger Banks died in the Dover hospital shortly after being admitted.

The machine was driven by William Banks, whose view of the crossing, it was said, was obstructed by a house. The heavy street car ploughed into the machine in the middle of the crossing.

WHICH IS BEST SOUSA MARCH?

"Stars And Stripes Forever", Says Nation—The Last One, Says Sousa

"Which is the best Sousa march?"

"Stars and Stripes Forever," says the American public and it backs its judgment with almost a half million dollars worth of royalty on the sheet-music in addition to buying 10,000,000 copies of the talking machine records.

"The last one," says Sousa, who this season makes his thirty-fourth annual tour with his famous band.

"At home," says Sousa, "I always have had a habit of inflicting each new composition upon the family. Each first performance always brings the chorus, 'the best thing you ever have written,' but I know that it is a chorus of derision, because before I play the new number, I always announce that it is the best thing I ever have done.

"Seriously, at the moment of writing, each march has seemed to me to be the best thing I have written, and I would not be fair with myself or with a public that has been enormously kind to me, if I did not declare to myself that I was writing something better than anything I ever had written before. Of course, in the well-known 'cold gray dawn of the morning after the night before' I realize that the graph of my work as a composer has not been a steadily-mounting, unbroken line. But I have tried to make each composition better than its predecessors and if I have a philosophy, I believe it is expressed in the conviction that even with a considerable career behind me I must keep up the pace. Because I have seen so many conductors come and go, I realize, perhaps more keenly than any other person in the world, that the Sousa marches and the Sousa band this year and each year to come must be better than ever before."

The famous march king and his band play in New Castle on Wednesday, October 6th, the opening concert on the Educational Art Society Artist Series.

In addition to the evening concert, the Art Society has arranged a special priced matinee for boys and girls of elementary or high school age. This will be a full program by the entire band under the personal direction of Mr. Sousa. Special numbers on the matinee program will be a soprano solo by Miss Marjorie Moody, a cornet solo by Mr. John Dolan, a Xylophone solo by Mr. Howard Goulden and a Saxophone Octette by Messrs. Heney, Kincaid, Sullivan, Spalti, Madden, Conklin, Schlanz and Monroe. This special matinee is open to any boy or girl in the county and teachers who wish tickets for their schools, should notify the Art Society at once.

U. S. Entrance To World Court In Vague Future

By GEORGE R. HOLMES.
International News Service Staff Correspondent
Copyright, 1926, By International News Service

WASHINGTON, Sept. 27—American entrance into the world court has almost faded entirely out of the international picture.

The official announcement at the White House that President Coolidge does not approve the evasive manner in which the powers have dealt with the senate reservations, and that he is disinclined to submit a new protocol to the senate, thereby inviting a new and more acrimonious party struggle was taken as shoving the whole project into a more or less permanent pigeon hole.

The president's attitude is that the senate reservations are clear and explicit, that they are necessary to protect American sovereignty and that the powers can "take it or leave it."

This the powers have not done. They have supplied their own interpretation of the reservations—an interpretation totally at variance with the senate's purpose and the administration's conception of the meaning of the reservations.

Some of the unwritten history of the bitter court fight in the senate last winter came to light today and afforded an illuminating insight into the present decision not to enter the court upon any other terms than those explicitly laid down by the senate.

When the court fight was in one of its most intense phases last January it was learned, a number of influential administration senators, vastly perturbed, informed President Coolidge and Secretary of State Kellogg they could not support the court on the basis of the Harding-Hughes-Coolidge reservations which they did not consider sufficiently strong to protect American sovereignty.

Cyclonic Tempests Hit Italian Coast

(International News Service)

LONDON, Sept. 27.—Cyclonic tempests which in the past week have wrought havoc in various parts of the world today struck the city of Brindisi on the eastern coast of Italy, according to a Central News dispatch from Rome.

The winds have caused tremendous damage, it was stated, and accompanying floods have isolated several sections. Many casualties are feared, although severed wire communications make definite information impossible. Brindisi has a population of 26,000.

Nearly 9000 Hunting Licenses In Mercer County—Other News Of District

(Special To The News)

MERCER, Pa., Sept. 27. — A letter from Mr. and Mrs. Frank Ray at Little River, Florida, is to the effect that they had one of their houses destroyed and another badly damaged. They ran from their home to a neighbor's garage for the period of the hurricane. Both are well known here where they were born and reared.

To date a total of 960 hunting licenses for 1926 have been issued in Mercer County. The dog license issue for the year is 8757 which is 607 more than that of 1925.

Any desirous of contributing toward the relief of people in the devastated areas of Florida through the medium of the Red Cross are given an opportunity to work through the Mercer County Chapter by the receipt of a telegram here today from the chief at Washington. Checks should be sent to Mrs. W. H. Jones, County Commissioners' Clerk who is also secretary of the county chapter.

County Red Cross officials stated that there will be no solicitation for funds nor county wide drives take place.

While County Chairman of the Republican Party M. M. Simons has announced firmly on a speechless campaign of state candidates for this fall, C. B. Hines, of Stoneboro, Democratic party chairman promises plenty of public addresses if the opportunity presents itself. Mr. Hines said today that in event of Republican senators who are endorsing Democratic candidate Wilson coming into the state to speak that he will make a bid for their services at once.

LOS ANGELES, Sept. 27.—Darious Abner Alden, 84 years old, who as "Tom Thumb", 42-inch midget, for 40 years was a side show attraction with circuses, has made his last public appearance. He died late Saturday at his home here, it was learned today. He is survived by his widow, 82 years old, and also 42 inches in height.

In The News Here And There

(International News Service)

ASHLAND—Believing that the large number of mine explosions in this region is due to faulty dynamite, officials of the United Mine Workers of America will conduct an investigation into the kind of explosives furnished by the companies. More than a dozen fatal explosions have occurred in the anthracite fields during the past few months.

POTTSVILLE—An effort will be made to prevent live bird matches in this part of the state, opponents of the sport claiming it is sinful and cruel. At a recent match held at Cressona, officers of the society for Prevention of Cruelty to Animals were present gathering information for their drive against the pastime.

MOUNT CARMEL — The Sons of Veterans and the Grand Army of the Republic have laid plans for the erection of a theatre here. It will cost approximately a half million dollars and will be one of the most beautiful in the coal belt, it was said.

FLORIN — With more than a half-dozen cases of typhoid fever in local hospitals, it is feared an epidemic has gripped this part of Lancaster county. County medical authorities have started an investigation to locate the cause of the outbreak.

LEBANON — A family of county officials is the Light family of Lebanon. Dr. Seth A. Light is county jail physician; Dr. John Joseph Light is county treasurer; Ray G. Light is district attorney. The three are brothers. Two other Lights distant relatives to the three brothers hold county offices. They are Dawson W. Light, county solicitor, and his brother, John H. Light, county commissioner.

Government Plans To Close Daugherty Trial During Day

By DAVID P. SENTNER
International News Service Staff Correspondent

NEW YORK, Sept. 27. — The Government planned to close its case today against Harry M. Daugherty, former U. S. Attorney General and Thomas M. Miller, former Alien Property Custodian, on trial for alleged conspiracy in connection with the return of $7,000,000 seized assets of the American Metals Company during the war.

U. S. Attorney Emory Buckner will release his last bombshell today in the matter of $40,000 in checks which he will attempt to trace to the Midland National Bank, Washington Court House, Ohio, owned by Mal S. Daugherty, brother of Harry M. and patronized by the former attorney general.

KILLED IN CRASH AT R. R. CROSSING

CHARLESTON, W. Va., Sept. 27.—Spencer Samples, secretary of the state Republican executive committee, was killed Sunday afternoon when his automobile was run down by a New York Central train at a grade crossing.

J. W. Arthur, riding with Samples, is in a hospital seriously injured, while his two sons, William and Quentin Arthur, are also in the hospital reported in a critical condition.

Trade at Haney's, the Friendly Store

A Store Worthy of Your Confidence—

EXAMPLE—Side by side are two articles of furniture. To all exterior appearances there seems to be absolutely no difference between them. The finish appears the same. But there can be a difference—a very big difference—in the quality of them. Only by the service they give can you tell. After a short time one of them will begin to warp, peel and crack; the other will go for years without showing any signs of depreciation. One is so-called "bargain furniture," the other is high grade. Citizens League Being Organized In Pittsburgh

(International News Service)

PITTSBURGH, Pa., Sept. 27. — Organization of the Citizen's League of Pittsburgh and Allegheny county was to be started today in Pittsburgh by a committee of ministers and civic leaders.

The committee selected at a mass meeting of citizens held here Sunday announced its purpose will be to combat the alleged activities of the Pittsburgh vice ring.

The city administration was attacked at the mass meeting by speakers.

Mine Workers To Have Convention

(International News Service)

MOUNT CARMEL, Pa., Sept. 27. —The twenty-second constitutional and the fifth biennial convention of the United Mine Workers of America, District Number 9, will open here October 19 for a three-day session.

Delegates to the convention will be elected in the various cities September 28. In many cases candidates for the convention will be unopposed this year.

Those high in the councils of the United Mine Workers have indicated that only routine work will be taken up during the sessions. It also has been pointed out that the meeting would be limited to three days under the terms of an agreement reached between the miners and the anthracite operators after the lengthy suspension of last year.

FOOT EXPERT SUCCESSFULLY TREATED OVER 300 NEW CASTLE PEOPLE ONE WEEK

Startling results were obtained by nationally known Specialist. Bunions, Callouses and Sore and Inflamed Joints particularly, yield to treatment.

During his recent visit to New Castle, Paul Viteto, famous foot specialist, actually treated over three hundred people of this city. These represented many who had suffered for years from foot troubles. The splendid results obtained were laid by Mr. Viteto to the use of the recently perfected preparation of Dr. Bower's, known as Dr. Bower's Bunion Paint.

Mr. Viteto says of this preparation, Dr. Bower's Bunion Paint without question marks a great discovery. Painful bunions, foot callouses of all descriptions and sore and inflamed joints yield quickly to its healing powers. People no longer have any excuse for suffering from these afflictions when for a small amount they can get Dr. Bower's Bunion Paint. I urge everyone in New Castle who suffers from foot troubles to go to Love and Megown or any other reliable druggist and get a bottle today.

And then Grandma Danced

"WE were quite alarmed about mother. She wouldn't eat, was terribly constipated, bilious, and seemed to be fading fast. We thought it due entirely to her 86 years of age. But a neighbor brought over a bottle of Dr. Caldwell's Syrup Pepsin and it was really remarkable how she picked right up, and now she can even dance around with her grandchildren. Now we are never without Syrup Pepsin in the house." (Name and address furnished upon request.)

Regulates Bowels of Old Folks

Dr. Caldwell's Syrup Pepsin is so palatable, sets so well in the stomach, works so easily, so gently, so kindly with old folks as to accomplish its purpose without gripe, pain or other distress. For biliousness, sour stomach, coated tongue, constipation, and the lassitude, whether of children, parents or those in the evening of life, Syrup Pepsin is recommended everywhere. It is sold by all druggists.

A SURPRISED EYE-WITNESS

"Step high!" The command came in a shrill whisper not to be disobeyed.

Every Rat in the circle raised his right foot and kicked it merrily before him.

"Sweep low!"

All the Rats stood firmly on their hind feet and made half circles with their sleek long tails on the floor.

"Away we go!"

Folowing their leader, the Rats pranced off into the third number of the Rats' cotillion. We are willing to wager a ripe red apple that not one of those Long-tails had ever been to dancing school, and maybe the "steps" they did were too jerky for Two-Legs to try out, but for all that they were graceful, were the Rats, and Pat forgot to laugh as he watched them.

"Rats to the rear! Great Granddad in the middle!"

At this signal the dancing came to a sudden end and the ring broke into as many pieces as there were Long-tails. Every Rat went back and sat down, that is, all except one Rat, who slowly and solemnly walked forward until he stood in the middle of the circle.

"Woof, what's going to happen next?" 'thought Pat, and took steps forward to see the better. And now he discovered the object on the floor was long and flat, like a board, and that the shiny thing that rose in the air was a spring, and that a fat lump that lay on the board was a big piece of cheese.

Pat shivered.

"Sure, unless I give the word soon there will be a terrible accident in this baggage car. A trap it is, a trap all set for the Rats! I'll be warning the poor creatures!"

GREAT GRANDDAD STOOD UPON HIS HINDLEGS AND RAISED HIS PAW FOR SILENCE

But before Pat could open his mouth to bark a warning something happened that made him believe the Rats knew quite as much as he did about the danger so near at hand. Great Granddad—and Pat could see that this Rat was very old, and very fat, and very long of whiskers and very, very gray—stood upon his hind legs, raised up his paw for silence and began to speak.

Badger To Have Capon Exhibition

Highland Market Owner To Have Unusual Exhibit At Fair

What is a capon? What percentage of readers can answer the question without consultation of the dictionary? The writer was puzzled when the query was asked of him, but it remained for J. L. Badger, local caponizer and owner of the Highland market at 519 Highland avenue, to throw light on the very interesting subject.

Mr. Badger, for many years in the meat business here, is at present spending a considerable amount of his time in the caponizing business and from information gained through an interview, promises to accomplish much in this city with capons in the near future.

It's this way. The capon is a non-sected male chicken gelded to improve flesh for the table. It varies greatly from the ordinary rooster or hen inasmuch as it never gets tough whether three, four or five years old. Capons as a rule develop into a much greater size than the common chicken. "The idea in caponizing is to get more poundage and better quality for the same amount of feed and care," said Mr. Badger, who is well versed on the subject.

Mr. Badger caponized approximately 300 this spring and is obtaining splendid results, he having a casualty list of only one and one-third per cent. Badger stated today that he will stage an exhibit at the New Castle Fair this week at which time all people interested are invited to see.

The Highland market, it is believed, is the first to exhibit and show these birds in this locality. Mr. Badger expects to supply his trade with first class capons during the coming holiday season. In fact he has many orders at the present time with promise of many more.

Big Ten Teams To Start Play Next Saturday

Mid-West Colleges To Polish Off Rough Spots This Week

By COPELAND C. BURG
International News Service Staff Correspondent

CHICAGO, Sept. 27.—Big Ten conference elevens plugged into a week's intensive practice today, preparing for the opening of the season Saturday.

Michigan, 1925 champions, unfolds the moleskins Saturday in a clash with Oklahoma A. & M. at Ann Arbor, Chicago plays an intersectional tilt with Florida at Stagg field, Purdue meets the Navy in the east, Wisconsin plays Cornell college of Iowa at Madison.

Illinois, groaning without its "Red" Grange, will play at home against Coe, Northwestern will have a home game against South Dakota, Minnesota plays North Dakota at Minneapolis, Iowa will clash with Colorado Teachers' eleven at Iowa City, Indiana will meet De Pauw at Bloomington and Ohio plays Wittenburg at Columbus.

Interest in the Minnesota, Michigan and Purdue games is keenest. Minnesota, nursing along a team calculated strong enough to battle it out for the conference title, will be closely watched, while the midwest is turning its eyes to the Navy this fall because of the Army-Navy tilt scheduled here in November.

WALTER HAGEN FAILS TO BOW TO TITLE JINX

NEW YORK, Sept. 27.—Walter Hagen stands out like a beacon light in a rough sea so far as champions go as he captured the professional golf championship for the third successive season Saturday.

In clinching his place as the king of match players and Bobby Jones' only rival for all-around supremacy on the links, Hagen defied precedent as well as the title jinx that has pursued champions.

The extent of the athletic upheaval is best shown by the fact that six of nine world's boxing titles either have changed hands or been vacated while four out of five major national golf crowns have shifted and seven out of eight national tennis championships have changed ownership. This takes in the big title tilts of Great Britain and America where the main battles have been fought.

Jack Dempsey's decisive defeat at the hands of Gene Tunney in the spectacular Sesqui-Centennial battle tops one of the biggest years of upsets in boxing annals. The downfall of the erstwhile "Manassa Mauler" followed the defeat earlier in the year of Harry Greb, Paul Berlenbach, Mick Walker and Rocky Kansas. Kid Kaplan voluntarily relinquished his featherweight title so that only Fidel Labaria among the flyweights, Charley Rosenberg in bantam circles and Tod Morgan of the junior lightweights remained enthroned.

Tennis and Golf Upheavals.

The tennis upsets featured by Big Bill Tilden's downfall before the French avalanche found Vincent Richards and Richard N. Williams, II. as the only defenders of major individual titles. They retained the United States doubles crown. Helen Wills and Suzanne Lenglen retired because of ill health from the defense of their biggest titles.

New amateur and open champions were crowned in both British and American golf championships. Jones lifted the titles held in 1925 by Jim Barnes and Willie MacFarlan but failed twice in his own amateur field. The Georgian was eliminated from the British amateur after beating Robert Harris the 1925 champion and fell before George Von Elm in the final of the American event.

The collection of conquered champions is rounded out by the startling defeats in Berlin of Paavo Nurmi and a general baseball upheaval which has seen the 1925 pennant winners fade out as well as two bating kings Rogers Hornsby in the National league after a six year reign and Harry Heilmann in the American.

Penn State Squad Has Giant Lineup

STATE COLLEGE, Pa., Sept. 27.—A study of the makeup of the Penn State football squad today reveals that among the line candidates at least there is a preponderance of men of giant stature. The squad to date numbers about 50 candidates and of this number 24 stand six feet or over in height and an additional group of 11 lack the six foot class by a scant inch.

Yet the weight of the squad is not unusual. The first two lines will average about 184 pounds and the two backfield average 168. Only one player goes above the 200 mark in weight and only 11 weign over 190. Only three backs in the entire squad weigh 170 or above.

The heaviest man on the squad is Roseberry, from Pottsville High, who scales 210. He is a tackle. The lightest is Dornberg, a back of 140 pounds, from Knoxville High. The tallest gridder is Reed, second team center, who goes 6 feet, 3 inches into the air. He hails from Erie Central High. The shortest man is Houserman, 5 feet, 6 inches, from Elyria (Ohio) High.

The time to keep cool over the coal situation is past. We must warm up to it before long.

Faller Thanks Fans For Splendid Gift

Former West Side Tiger Star Presented With Gift Realized From Benefit Game

Lou Faller, former West Side Tiger star extends his heartfelt thanks to the baseball fans of New Castle who were instrumental in making the benefit game staged recently a huge success.

A neat sum of money was raised for Faller who at present is undergoing treatment for a paralytic leg, and the unfortunate youth appreciates the gift highly.

Alec Samuels who had charge of the game and Billy Hood made the presentation to Faller yesterday.

LOWER PRICES For Finer Studebaker Cars

[An announcement by Albert Russel Erskine, President of The Studebaker Corporation of America]

IN establishing prices on the new Studebaker Custom Sedans, we anticipated an increased sales volume. This has been forthcoming, for sales of Sedans since August 1st, 1926, have been more than double the best previous similar period, and more than four times the same period in 1925.

The Big Six Custom Brougham has registered a particularly gratifying volume, but our dealers assure us that if the price of this model can be lowered substantially, sales can be trebled beyond even present volume.

We are, therefore, reducing the price of this model $200.00, giving purchasers immediately the benefit of economies which will result from increased production.

The Big Six Custom Brougham at $1785.00 is selling at the lowest price ever established for a Big Six four-door enclosed car. Prices of the Big Six Club Coupe, Standard Six Country Club Coupe and Standard Six Sport Roadster have also been reduced.

The following reductions in factory list prices are effective September 27th, 1926:

	Price Cut
Standard Six Country Club Coupe	$ 35
Standard Six Sport Roadster	80
Big Six Club Coupe	205
Big Six Custom Brougham	200

Prices of Studebaker models are now as follows:

STANDARD SIX

Duplex Roadster	$1160
Duplex Phaeton	1180
Coach	1230
Sport Roadster	1250
Country Club Coupe	1295
Sedan (wool trim)	1330

Seniors Prepare For First Clash

Week Of Hard Training Looms For Class Team At High

A week of hard training looms up ahead of the senior football team for it is only two weeks until the first game will be played and the boys have a long way to go before they are at the height of physical trim.

The practices that were held last week were very light and only a few signals have been given to the squad in general but a scrimmage session Friday gave the air a taint of real football and more work of the same nature will no doubt be on the schedule of the coaches throughout the week.

The squad will be cut sometime during the week and the headquarters of the team changed from the local high school to the Ben Franklin stadium where several of the boys that have been out for the varsity will be added to the team. Meanwhile however the Coaches namely Ralph Weide a member of the faculty, Earl Turk and Ted Castle will set the boys through their paces at Boyles field where the various plays will be perfected and the players hardened and ready for the first game to be played Oct. 8 at the Franklin stadium against the Sophomores.

Among those who follow are expected to make up the personalle of the team in the opening game: Wm. Birt, end; Tom Farrell, tackle; Jim Douglas, guard; Fat Jones center; Bob Makenzie, guard; John Russu, tackle; Jimmie Brenner, end; Chub Smith halfback; George Seargent, halfback; Ed Rainey, quarterback; Bill Davis, fullback; Jack Flansburg, end; William Beal tackle; Clint Glenn, center; Walter Shulansky, fullback; Marquis Stewart, tackle; Allan Booth, quarterback; Johnny Ingham, halfback; James Frank, guard; Gilbert, tackle; Adam Nasheroski, fullback; Joe Wilkison, end; Johnny McNicholas, halfback and Sol Levine, halfback.

New Yearling Signal Barker At Penn State

STATE COLLEGE, Pa., Sept. 27. After two weeks of experimental work, Coach B. M. Hermann of the Penn State freshman grid squad believes that he has unearthed a likely looking quarterback. The new signal barker is Gettings, former Langley High boy, who was an all-scholastic choice in Pittsburgh last fall. Johnny McCracken, Kiski product and a brother of Herb McCracken, Layfayette coach, has also been tried at the post but he is on the sidelines with an injury at present.

(International News Service)
PITTSBURGH, Pa., Sept. 27. — Loss of several star pitchers, injured players and internal dissession kept the Pirates from winning the National League pennant, Barney Dreyfuss, president of the Pittsburgh club declared today.

No changes will be made in the present roster of the team, Dreyfuss said.

"The players who made trouble for the team have gone and won't come back," Dreyfuss added.

"Glenn Wright's injury near the close of the season was one of the chief reasons we lost the flag."

NEW CASTLE HIGH DEFEATS CRAFTON 19 TO 0

Locals Display Fast Attack Here Saturday

New Castle High Takes First Grid Victory Of Season In Quagmire At Ben Franklin High Field Saturday; Crafton High Fails To Threaten Red And Black Goal Line; Sillman, Smith And Harper Score Touchdowns; New Castle Penalized Nine Times For Loss Of 65 Yards; Despite Rainy Weather Crowd Of 5,000 Fans Watch Locals Sweep Crafton High To Defeat. Linemen Play Great Defensive Game.

Assistant Sports Editor

New Castle High's valiant gridders proved more adept at "channel swimming" than the Crafton High team here Saturday, and after an hour and a half of splashing through a water-logged field emerged with a 19 to 0 victory dripping from their waistlines. Ben Franklin field was turned into a quagmire about an hour before game time by a deluge of rain, and water stood in small pools covering over half the field. Footing was rather precarious and fumbles were quite frequent.

Five thousand loyal fans braved a sheet-like rain to watch their favorites amble through the water. They were rewarded by a fitting and impressive victory.

Crafton High Outplayed.

Coach Phil H. Bridenbaugh, using rare judgment after the game a week ago when the Red and Black team battled Mars high to a 0-0 score under a sweltering hot sun, mixed things up considerably during the week and the result was that New Castle high presented a combination for the approval of the fans that instantly gained for them the distinction held by past grid machines matriculating from the local institution. New Castle high outplayed and outfought Crafton for four quarters of the game. They flashed a fast attack and a varied program of tricks that bewildered the visitors.

Crafton's strong team with the Ben Avon game recorded as a victory was unable to rise to the occasion here Saturday. Their linemen crumbled up under the swift charging tactics of New Castle and their backfield men had difficulty in carrying out the plans of Coach Wenrich.

Harper Tallies.

New Castle high with well defined intentions of wiping out the ignominy of the setback suffered at the hands of Mars high, opened up with an attack in the first quarter of the battle that, while it didn't produce any touchdowns, gave the fans and Crafton high something to think about and only served as a warning to what was to follow. Something did follow because Tommy Harper near the end of the second quarter slid about three yards off tackle and crossed the goal line for the first touchdown of the year for the New Castle high team. Smith, Sillman and Klaber had carried the ball down the field from the 35-yard line in a series of intriguing plays and Harper was then called on to smash the line and "Tommy" arose to the occasion in a most pleasing manner. Sillman failed to kick a placement after the touchdown.

The first half ended with New Castle high holding to a 6 to 0 lead. Crafton high put up a good battle in the first quarter of the game and held the locals on even terms for the first few minutes but they soon played out under the terrific line attacks and series of intricate plays put over by Sillman and were nearly swept off their feet in the second quarter of playing. New Castle high was trying to "make good" Saturday and played like veterans.

Sillman Proves Star.

Robinson kicked off to Geisler at the start of the third quarter and Geisler made a ten yard return of the ball. On the next play Huth fumbled and Christman recovered the fumble for New Castle on the 20-yard line. Sillman, calling into action a fast triple play, was rewarded by carrying the ball to the one-yard line. Klaber took the ball on the next play and smashed over for another touchdown seemingly, but the officials declared that New Castle was off-side and straightway set the ball back five yards and asked the locals to try it over again. Harper advanced the ball to the three-yard line and Sillman carried it over on the next play. The score was New Castle 12, Crafton 0. Smith elected to try and run the ball over the line after the touchdown but failed in his attempt.

Robinson again kicked off to Crafton and after an exchange of punts and a bad pass from J. Lockhart, the Crafton center, New Castle was given possesion of the ball on the 20-yard line. Walter Smith, colored chap, who had replaced Richards in the second quarter, took the ball and wiggled his way through the entire Crafton team for a touchdown. Sillman was successful in a placement kick and the score stood 19 to 0.

The third quarter ended soon after the third touchdown with the ball in possession of Crafton on the 22-yard line.

Penalized 65 Yards.

The Red and Black artists with a three-touchdown lead stopped everything that Crafton high tried in the final quarter. Coach Bridenbaugh sent in almost his entire second string team at intervals during the final quarter and the boys displayed a fine game, holding the visitors to within the 20-yard line. New Castle high had the ball on the 20-yard line as the game ended.

New Castle high drew nine penalties in the game Saturday, perhaps the record for violations in a single game here for quite some time, and the total yardage lost by this flagrant display was summed up at 65 yards. New Castle high had eight first downs to three for Crafton. Both teams tried two forward passes but none was completed.

The lineup:

New Castle 19		Crafton 0
McGrath	L.E.	Adams
Christman	L.T.	R. Negley
Thomas	L.G.	D. Smith

Grove City High Tops Wilmington

Coach Hartman's Grove City High Team Gains 6-0 Victory Saturday

GROVE CITY, Pa., Sept. 27.—In a sea of mud and water the Grove City high team opened its grid season here Saturday afternoon by downing New Wilmington high 7 to 0.

Coach Hartman's team looked mighty impressive in the first game with Keck and Cameron doing the best work. Keck scored the only touchdown after a steady drive down the field.

Pete James and Herriott played well for New Wilmington.

The lineup:

Grove City 7		N. Wilmington 0.
Richards	L.E.	Lewis
Hoffman	L.T.	Herriott

Yale Hopes For New Ducky Pond

Yale Has Scored Only One Touchdown At Cambridge Since 1907

LOSS OF YOUNG BLOW TO GIANTS

By NOMAN E. BROWN

"We want another 'Ducky' Pond," is the cry at Yale these days as Tad Jones whips the Bulldogs into shape for the grid season.

The reason for the cry is the fact, recalled at the mentioning by most Yale—and Harvard—followers that the New Haven team has scored only one touchdown at Cambridge since 1907—the one that Pond scored three years ago. The ducky one achieved the feat by the simple process of running 60 yards with the Harvard team trailing in Australian pursuit ra race fashion behind him.

In 1907 Yale had its last great day at Cambridge. The one and only Ted McCoy, quintessence of football grit and daring, plowed through the Harvard eleven for two touchdowns.

Yale's record on its own field is much more satisfactory to Yale fans. Four times have the Bulldogs crossed Harvard's line at New Haven since 1907. But for the glorious victory of 1924 this record would not stand out so pleasingly. In a mess of wind, rain, mud and slippery sod the Yale team scored three touchdowns.

The loss of Ross Young, veteran center fielder of the Giants, undoubtedly was a sad blow to John McGraw in the now fading 1926 campaign. Injuries kept Young from the game much of the season. The vet returned recently and immediate improvement in the general play was noted. However, McGraw realizes that a man of Young's age finds it harder each year to recover from injuries and layoffs, and is aware that he must find a man to fill Young's shoes in the near future.

Ball Players To Banquet Tonight

Everything Arranged For Annual Lawrence County Banquet Tonight

The annual banquet of the Lawrence County League and Twilight League players will be held tonight at 7 o'clock at the Elks Club.

It is estimated that upwards of 100 ball players who have been active in playing in Lawrence County this year will attend the "feed."

The program of entertainment has been completed and consists of songs, monologues and other features. Those who have not yet secured tickets may do so tonight at the Elks Club.

Young Bulldogs Capture Victory

The Young Bulldogs defeated the Arthur McGill team 12 to 6 in a game played Friday afternoon.

White scored both touchdowns for the Bulldogs while Ward scored for the Arthur McGill school. The playing of Ward and Ramsey featured for the losers, while Hawley, White and Cavin played a fine game for the Bulldogs.

The Bulldogs would like to play all teams in the city ranging in age from 10 to 14 years. Call Vincent Rogan for games.

Star Invincibles Take Two Games

The Italian Star Invincibles met and defeated the New Castle Civics in two games recently, by scores of 2 to 0, and 6 to 2.

Pete Cardella was on the mound for the Stars in the 2 to 0 victory and allowed the Civics but three scratch hits, while the Stars found Walzer for six hits. Cardella also pitched the 6 to 2 victory and allowed but three hits while the Stars had seven hits off Smolnick and Walzer.

Glenna Goes Golfing — By Feg Murray

In spring and early summer of this year, the three most famous girl athletes of the United States sailed across the sea to Europe to win fame and glory in their chosen sports. Of the three, Gertrude Ederle was the only one to succeed, for an operation prevented Helen Wills from competing for the French and English tennis titles, while the industrial strike barred Glenna Collett's way to the British golf championship.

Now Glenna is preparing to do what she can to make up for the disappointment of her European trip, and, by successfully defending her title as "Women's Golf Champion of the United States," she will go a long way towards making the year a success from the viewpoint of the Collett family. The prize at stake in this tournament, which begins today at the Merion Cricket Club, Philadelphia, is the last major golf title to be competed for this year, and Miss Collett, who is admitted to be the best woman golfer in the United States, would dearly love to be crowned winner for the third time.

In the championship last year at St. Louis, Glenna played as though inspired, and her opponent in the final match, Mrs. Alexa Stirling Fraser, who had won three previous titles, was overwhelmed, 9 and 8. Glenna had won her first crown in 1922. The champion the following year was Miss Edith Cummings, of Chicago, while Mrs. Dorothy Campbell Hurd, who won back in 1909 and 1910, surprised the experts by making a fine "come back" in 1924.

Feg Murray Says—

" 'Spike' Webb, boxing coach at Navy, is made football trainer." News headline.

He should be good at showing the end how to "box the tackle."

World's Series Will Open In New York On Saturday October 2

(International News Service)

NEW YORK, Sept. 27.—New York today was eagerly awaiting the arrival of the Cardinals and Yankees, some time before nightfall. Both of the world series contenders are due here to put in their final training for the opening game, which will be held in the Yankee stadium on Saturday. The Cards were understood to have entrained for New York immediately after their last game in Cincinnati yesterday, while the Yanks left St. Louis last night and are due here not later than this evening.

Expect Huge Throng

A capacity crowd of slightly less than 63,000 will view the series' inaugural, according to present indications, the local headquarters being besieged for tickets. Applications here had run far ahead of schedule, even before the Yanks clinched their pennant in St. Louis on Saturday. As soon as their victory become official, however, the big rush was on and the entire force was on duty Saturday night and Sunday.

Mailing reserved seats upon orders will begin within twenty-four hours. These call for 25,000 seats at $5.50 and $6.50 for each game to be played in New York. On the morning of each game general admission seats to the number of 18,000 at $3.30 and bleacher seats numbering about 20,000 will be thrown open to the public. The bleacher sections will be disposed of at $1.10 a ticket.

It will be New York's first series since 1924 and the first for St. Louis since time immemorial; therefore, interest in the games, heightened by the promised exchange of hot shots between Rogers Hornsby and Babe Ruth, had just about reached fever heat today.

Struthers Ties With East High Of Youngstown

YOUNGSTOWN, O., Sept. 27.—East High's newly created football team battled to a 0-0 tie with Struthers High in the opening game of the season here Saturday.

The game was played on a field that was ankle deep with mud. East High held the heavy and rugged Struthers High backs scoreless.

Only four first downs were made in the game, which shows the condition of the field and also the relative strength of the teams.

East High will play New Castle on next Saturday afternoon.

Dempsey May Never Fight Tunney Again

BY DAVIS J. WALSH
Sports Editor Internat'l News Service

NEW YORK, Sept. 27.—Jack Dempsey may have popped off glibly about wanting another shot with Gene Tunney but today the unfrocked champion obviously was wavering on the idea and his boy friend, Jack Kearns, was there to tell him that it was a bad one because he was all washed up as a fighter, anyhow. Kearns aired his views from a local hotel and they were to the general effect that Tunney could "take" the man who had been king in the next fight or in the next hundred.

As for Dempsey he intimated in a long distance conversation with the writer that, after due consideration of Thursday's debacle, he may have had great plenty.

"Do you still feel that you would like to come back?" he was asked.

"Well, I don't know," came the rather dubious reply. "I'll have to think it over before committing myself. I'll be back in New York on Tuesday and maybe I'll have a good story to give you then."

Dempsey Undecided.

These remarks hardly indicate that the ex-champ is rather champing at the well known bit, as he has been pictured as doing. In fact, they indicate that the germ of an intelligent idea may have come to the great man during his post-battle moments of pensive repose. He probably has had time to arrive at a plausible conclusion, i. e., and in effect, that he can't fight a lick or, at best, not more than one or two licks, which obviously are not quite enough.

Mr. Kearns is with him there, although Mr. Kearns probably would prefer to have it otherwise. It seems, according to the latter's statement today, that he dallied long with the thought of leaping lightly and magnificently into Dempsey's corner along about the fifth round.

"But I realized that I couldn't do him any good," Mr. Kearns added. "Dempsey has shot his bolt and all the advice in the world can't make him the man he was. I thought he was poorly advised, at that, for I heard them tell him to go out and make Tunney come to him. What possible good could a man like Dempsey do himself that way?

"However, one round convinced me that whatever they told him to do could make little difference either one way or the other. He was a gone goose after the first round and his only idea was to end everything in a punch."

Union High Wins Opening Game, 7-6

Coach Burnham's Union High Team Downs Slippery Rock High Saturday

Union High defeated Slippery Rock High 7 to 6 in the initial grid game of the year for both teams Saturday afternoon at Slippery Rock. The game was played on a field that had been thoroughly drenched with rain an hour before game time, and was played in a steady drizzle.

The Slippery Rock team scored their touchdown in the first quarter of play as the result of recovering a fumble and pushing the ball over on the fourth down. The Union team played a fine defensive game in the first half with the greater part of the playing being done in Slippery Rock territory.

Slippery Rock found the Union High line hard to penetrate in the first half, while the Union backfield men had little difficulty in puncturing the Slippery Rock defense.

In the last half of the game both teams opened up with a few tricks, such as the soggy field would permit. Union High scored in the third quarter when Funkhouser recovered a fumble and ran for a touchdown. Sheik kicked the goal after touchdown that brought victory to the Union team.

Anerella, and Funkhouser played a brilliant game for Union on the line, while Sheik and Kellar were the best bets in the backfield.

Hures, Westlake and Thompson were the best for Slippery Rock high.

The Union team will meet New Wilmington High on Friday afternoon, October 1, at 3:30 o'clock at the Union Field.

The lineup:

Slippery Rock 6		Union High—7
Osborne	L. E.	Rech
Cleland	L. T.	Wochner
Thompson	L. G.	Anerella
Ralston	C.	Richeal
Humphrey	R. G.	Wiech
Cooper	R. T.	Hughes
Brydon	R. E.	Funkhouser
C. Adams	Q. B.	Kellar
Westlake	L. H.	Carr
E. Adams	R. H.	Marlon
Hures	F. B.	Sheik

Subs.—Slippery Rock, Barnes for Osborne, Stewert for Humphrey, Studebaker for Westlake, Osborne for Brydon. Union High, none.

Touchdowns—Funkhouser, Hures

Points after touchdown—Sheik by placement kick.

Referee—Hoag.
Umpire—McCullough.
Head Linesman—Robinson.

Tagging All Bases

(International News Service)

With the pennant safely tucked away, the Yankees tossed off two games to the Browns, 6 to 1 and 6 to 2. The first game took an hour and 12 minutes and the nightcap only 55 minutes.

The Reds, beaten for the pennant, played like champions in defeating the Cardinals, 2 to 1.

The Athletics polished off Cleveland twice, 8 to 5 and 2 to 0, and can finish in second place by beating in Cleveland today and winning three straight from Washington.

Detroit closed the season with a bang, downing the Red Sox twice by scores of 11 to 2 and 5 to 4.

Washington's chances of finishing in the money faded when the Senators lost to the White Sox, 7 to 4.

The Giants wound up the season in a blaze of glory, beating the Phils twice, 2 to 2.

Brooklyn also two-timed the Cubs, 3 to 1 and 6 to 2.

Backfield Problem No Longer Worries Coach Bridenbaugh

By "BUGS" WALTHER.

Let it rain, let it pour, we don't care any more, thus ran the popular phrase Saturday afternoon at Ben Franklin high field as upwards of five thousand fans stood in huddled groups and watched the New Castle high team slither and slide through the water to gain their 19 to 0 victory over Crafton High.

It was a mean day for football and in fact it was mean for any kind of competitive sport with the possible exception of checkers or chess but so many things occurred during the game that the fans didn't mind the ordeal one bit.

Backfield Problem Solved.

New Castle High's backfield problem has been solved, this fact stod out like a red flag in the middle of a ten acre field Saturday with young Arthur Sillman the former Ben Franklin high star playing his way into the quarterback job and with Walter E. Smith, colored chap ripping the Crafton high line to pieces with a series of bucks and broken field running. Yes—New Castle high has finally come back.

Coach Phil H. Bridenbaugh the wise old mentor drew out a good hand this time with very few low cards. The lineup presented Saturday was about the finest that has ever taken the field for the locals.

Sillman ran the team from the signal barker position with the ease and grace of a veteran. He mixed up the plays and had the visitors dazed with the various tricks that he disclosed. Sillman will be heard from as the season grows older and that's almost a fact too.

The New Castle High line Saturday was up to the standard of other years. McGrath and Ostrosky worked the ends like seasoned veterans and very few plays went through their territory. "Peg' Thomas and Mooney a youngster from Ben Franklin High instilled plenty of fight in the line and their presence was felt from more than one viewpoint. Millison and Christman, veterans from last year handled the tackle berths with above par excellence and Captain Harry Robinson at center was all that one could expect from a center, the popular leader was much in evidence and his passes even with a wet slippery ball were nearly perfect, much more so in fact than the passes from J. Lockhart, the Crafton High center.

East Here Saturday.

East High Youngstown will be here next Saturday for the third game of the season and the locals hope to add the Ohioans to their list of victims.

New Castle High looked rather off in the Mars High game, everybody is willing to admit, but the boys turned completely around Saturday and displayed the kind of football that brings victories.

Perhaps most pleasing to Coach Bridenbaugh was the manner in which the second string men tore into things Saturday when they were injected into the battle. Sandifer especially played a whale of a game when substituted for Mooney. "Red' McIntosh substituting for Thomas also played a fine game as did the following men: Kirk, Burns, Sherer, W. Mott, DiThomas, Haydon and Dickson.

DEMPSEY TO CONTINUE HIS RING CAREER

NEW YORK, Sept. 27.—Jack Dempsey does not intend to hang up the boxing gloves. Far indeed is his mind from that point and within a few days he will confer with Tex Rickard and arrangements will probably be made for his next appearance.

Dempsey said over the telephone from Atlantic City that he does not like the idea of the writers saying he is through as a great fighter and that his legs were bad on that slippery canvas against Tunney in the rain.

Most of the men who wrote the fight were of the opinion that Dempsey was beaten because his legs were bad. In the telephone conversation Jack kept insisting that his legs were O. K. Evidently it is a sore point with the dethroned battler, because he knows a slipping fighter gets bad in the legs first. Jack said:

"Don't let anybody blame my defeat on my legs. The legs had nothing to do with it. I simply had a bad night and got whipped. Particularly did I take a good facepunching. That butt over my eye in the tenth round hurt me most, but it did not defeat me, because it was too late for me to win then."

"Are you going to fight again?" he was asked.

Will Shed Worries

"Well, I will tell you this. Don't believe that the fight the other night is the best fight this old boy can put up. The better man that night won and Gene is a really great fighter. But I can give him much more trouble than that. I am not around bragging that I can beat him, because that will not sound well. But if we box again he will meet a far different Dempsey."

"How about the mental and business worries? Did they slow you up?"

"I do not want to make any excuses. But you can say this: The next time I fight I will have no mental or business worries. I will just be Jack Dempsey, the challenger, with good legs and good hands and a whole lot of the stuff I used to have. I will not have that championship on my brow, either, and will not have to go through what Tunney will go through in the meantime. Carrying that title around is all right for money purposes, but it does not help a man to fight—not after seven years of carrying it around."

Nobody seems to know what the flapper's long suit may be; it certainly is not the one she wears.

USED CAR

A party bought a new car three years ago, costing them $2300. They used this car for 14,000 miles and decided to buy a new car; what is the used car worth? To the owner it is worth what he paid for it because it runs and looks the same as it did when they purchased it. To you it is worth much more than we are asking. Because, we ask you to take this car and drive it. Compare it with any new car selling at $1000 to $1200 and we know you will agree that you are saving a lot of money. Our price is $700. The above is only one case, but it applies to every used car we offer. Compare cars and you be the judge. One 1925 Buick Six touring, like new, $750. One 1924 Buick Six touring, $650. One 1926 Ford sedan, 4 door, $500. One 1925 Ford coupe, like new, $355. One 1924 Buick sport roadster, $825. One 1923 Buick six 7-passenger sedan, $700. We are here to serve you every minute of day and night.

HIGH LIGHTS OF HISTORY

Lincoln, the Statesman.

by J. CARROLL MANSFIELD

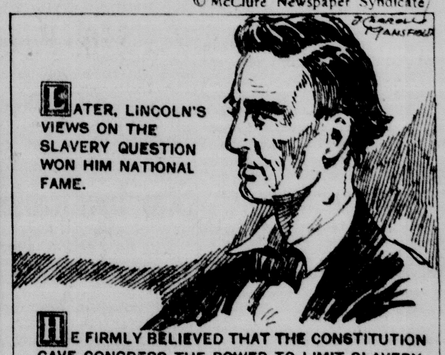
Registered U. S. Patent Office.

© McClure Newspaper Syndicate

ABRAHAM LINCOLN SERVED FOUR TERMS AS A MEMBER OF THE ILLINOIS LEGISLATURE. HE GAINED A WIDE REPUTATION FOR HIS INSIGHT INTO THE CHARACTERS OF MEN AND FOR HIS FRANKNESS IN GIVING HIS HONEST OPINION OF THE GREAT QUESTIONS OF THE DAY.

IN 1847, HE ENTERED CONGRESS AS REPRESENTATIVE FROM ILLINOIS. THE UNITED STATES HAD DECLARED WAR ON MEXICO "FOR SHEDDING AMERICAN BLOOD ON AMERICAN SOIL," AS PRESIDENT POLK HAD SAID IN A SPECIAL MESSAGE TO CONGRESS. HOWEVER, MANY AMERICANS WERE OPPOSED TO THE WAR.

LINCOLN PRESENTED HIS FAMOUS "SPOT RESOLUTIONS" TO CONGRESS, ASKING THE PRESIDENT TO NAME "THE SPOT WHERE AMERICAN CITIZENS HAD BEEN SLAIN AND WHETHER THOSE AMERICANS WERE OR WERE NOT 'ARMED SOLDIERS' SENT TO THAT SPOT BY THE PRESIDENT'S ORDERS."



LATER, LINCOLN'S VIEWS ON THE SLAVERY QUESTION WON HIM NATIONAL FAME.

HE FIRMLY BELIEVED THAT THE CONSTITUTION GAVE CONGRESS THE POWER TO LIMIT SLAVERY IN THE TERRITORIES AND AS CHAMPION OF THAT DOCTRINE BECAME A CANDIDATE FOR THE SENATE IN 1858. HIS FAMOUS DEBATE WITH DOUGLAS, HIS OPPONENT, MADE HIM STAND OUT AS THE STRONGEST ANTI-SLAVERY MAN IN THE WEST.

Report Accidents To Police Officers

Numerous Minor Mishaps Are Reported Over Week End

Morris Silver of 230 Oakland Square, Pittsburgh, reported to the police Sunday, that while driving west on West Washington street at the bridge over the Shenango river, that a boy, the son of Frank Foster, of Boston avenue, jumped from the side of the street into his machine and was knocked down. A taxicab took the boy away and according to the report at the police station, the boy was apparently not seriously hurt.

Floyd F. Pascoe, of 14023 Madison avenue, Youngstown, O., reported Saturday that while he was driving east on East Washington street in front of the Wright market, that he was stopped in traffic and that a car bearing Pennsylvania license A 32-491 ran into and damaged his machine.

T. L. Mechling of Graceland cemetery, reported Saturday that while he was driving south on Moravia street and had passed the Gardner avenue viaduct, that a Ford roadster bearing Pennsylvania license C 40-993 going up the hill backed up. His machine hit the roadster. Some damage was done.

J. W. Sinclair of East Brook reported Saturday that he was backing into a parking place on East North street near Mill street, when his machine collided with a car bearing Pennsylvania license 844-979. Some damage was done.

Frank McWilliams of 1030 Adams street reported Saturday that while going south on Moravia street at Terrace avenue his machine was in a collision with a car bearing Pennnsylvania license 499-938, going in the same direction.

R. C. Stephenson of 906 Croton avenue reported Sunday that he was going west on Croton avenue and ran into a stone in the road, which threw his car into the side of the hill. His machine was damaged. The stones are said to have been left in the roadway by drivers of large trucks going to the fair and using them in preventing the trucks from sliding back down the hill.

Paul Walzer of 612 West North street reported Sunday that he was going west on East North street when Pennsylvania license B36-976, making a left-hand turn out of the driveway at the Pennsylvania station, collided with his machine. Some damage was done.

Pays $100 Fine In Police Court

Joe Plonka who with his wife, Mrs. Rosa Plonka, and a male visitor, were arrested Sunday at the Terrace avenue home of the Plonka's by Officers Horner, Lynch, Richards and Hillers, faced various charges on their appearance before the mayor.

Plonka paid a fine of $100 on a charge of keeper of a disorderly house, while sentence was suspended on a similar charge against his wife. The visitor paid a fine of $10.

N. Y. STOCKS

(International News Service)

NEW YORK, Sept. 27.—Notwithstanding a gain of $46,000,000 in the reserves of the New York City clearing house banks last week, the call money rate was unchanged at 5 per cent today. The slight tightening of the money market was attributed to the preparations of the banks for the October settlements, beginning on Friday.

Anticipating the usual nervousness in the stock market on Thursday in connection with the possible upward revision of the New York Federal bank rediscount rate, the professionals promptly renewed their selling tactics in the early trading today. After absorbing a good volume of week-end selling orders the market made an effort to rally, under the lead of United States Steel and General Motors, the latter again advancing to 160. But these mild rallies were met with a deluge of selling orders, against which it was impossible to make any headway.

Some of the larger transportation systems, including Chesapeake and Ohio, Northern Pacific, Texas and Pacific, New Haven and Missouri Pacific, submitted their August net earnings reports to the commerce commission today. On the whole these were satisfactory, in some cases showing a 25 to 40 per cent gain over the same month last year. The railroad stocks were firm but inactive, and equipments stocks displayed a much stronger tone, with Baldwin Locomotive up 3 points and American Locomotive up 2.

Bears had better success with the copper stocks, the oils, the moving-picture specialties and the low-priced motors, thought some of the stocks registered a moderate come-back in the second hour.

Declares Sleep Is Unnecessary

Science Interests Self With New Invention To Eliminate Sleep

SLEEP TERMED GREAT ASSET

By MILLER HOLLAND
International News Service Staff Correspondent

SAN FRANCISCO, Sept. 27.—These stories about science doing away with sleep and all that sort of thing do not have to be taken very seriously.

At least that is the reassurance passed out by several San Francisco physicians.

And as a result stockholders in mattress and alarm clock corporations can breathe easier.

The latest ballyhoo in the nosleep campaign was started at the diamond jubilee convention of the American Chemical Association held recently in Philadelphia.

Mr. Irenee DuPont of the E. I. Dupont de Nemours and Company, was the starter.

He told delegates to the chemists' convention that sleep as a necessity will be entirely done away with through development of chemistry.

But San Francisco physicians are skeptical.

They allow that changes of the mind and body are chemical but they do not rearily concede the possibility of any chemical preparation ever being able to throw off poisons in the human system now abolished by sleep.

"It's a wonderful dream taht probably never will be realized," declared Dr. William Palmer Lucas, noted specialist. "But I'd be willing to wager that man will always be obsessed with that 'tired feeling' and will always find it hard to respond to the alarm clock when dawn is streaking the eastern sky."

"Personally I'd like to see somebody antiquate sleep as it is a waste of time," said Dr. Lucas. "But the fact still remains that medical science has so far been unable to find anything that will strengthen the human body as rapidly as sleep.

"I think finding a substitute for sleep will be as hard as locating Ponce de Leon's famous fountain in the Florida Everglades."

Dr. Alanson Weeks declared that anything is possible in this era, but that he expects to have to spend at least six hours out of every twenty-four in a comfortable bed for the rest of his life.

"Sleep is one of man's greatest assets," declared Dr. Weeks. "It is a refuge from care and worry. I doubt very much if a way to avoid the necessity of sleeping will ever be found, even if many people would want it.

"Without sleep life would take on a sort of perpetual motion that in time would grow unbearable."

TODAY'S RECIPES

Rice and Cheese—Boil one cup of rice in one quart of salted water until the rice has entirely absorbed the water. Make a white sauce of one or two tablespoons of butter, one tablespoon flour, one pint of milk, cook until smooth and season. Add one-half to one cupful of cheese grated or cut fine—according to taste. Stir until cheese is melted, add to rice, mix thoroughly and put in the oven to bake with buttered bread or cracker crumbs on top.

Sponge Cake With Fruit and Whipped Cream—Put a slice of sponge cake on a plate, put on top of it the two halves of cooked peaches or pears drained of their juice. Finish with a generous helping of whipped cream sweetened with confectioners' sugar and trim with half a cherry, a nut or a small colored candy.

SOME HEALTHFUL SALADS

A good raw vegetable salad for beauty and health is raw spinach, shredded lettuce, young onions, cottage cheese or hard-cooked egg.

Take equal parts of raw spinach and lettuce. Wash the vegetables thoroughly. Roll the leaves of both greens into a firm bundle and place on a cutting board. With a sharp knife cut into the finest shreds possible. Wash and prepare a few green onions. Cut into fine slices. Toss together in a bowl and mix with a French dressing. Arrange a goodly portion of greens upon the salad plates. Place on top of the greens a heaping tablespoon of cottage cheese topped with mayonnaise. Shake a bit of paprika over the mayonnaise.

Raw spinach, lettuce, chopped celery, grated American cheese.

Another interesting and delicious salad is made by adding chopped celery to the shredded spinach and lettuce. The celery tops chopped fine add a very desirable flavor. A little onion juice would improve the salad for some. Combine the vegetables and mix with a French dressing. Place a generous serving on the salad plate and grate over it cheese of a snappy flavor. Top with a spoonful of mayonnaise and a dash of paprika.

Raw carrots, raw spinach, sliced celery, chopped walnuts, chopped almonds if desired.

Make the base of this salad a carrot and spinach mixture of equal amounts. Use one-fourth as much chopped celery. The amount of nuts used should depend upon the place the salad fills in the meal. If it is to be the main dish the amount may equal the quantity of celery used, but if the salad is served as a side dish a generous garnish of the nuts is sufficient. Thoroughly wash and clean the vegetables. Shred the spinach. Chop, grate or put the carrots through the meat grinder. Chop the celery and nuts. Mix the ingredients, adding a mayonnaise or a cooked dressing just before serving on crisp lettuce.

PLANTS NEED WATER

If the fall in your vicinity is dry, water your shrubs, trees and flowers liberally. Vegetation that is to survive the winter needs moisture to wash its sap from the twigs for winter storage in the roots.

MAYOR AROUSED BY DRUNKS IN POLICE COURT

Says Sales Of Alcohol Rubbing Materials Are Not Being Curtailed

There is a growing use of alcorub and similar rubbing liquids for beverage purposes, according to Mayor William H. Dunlap, and it is due to the lack of cooperation, according to the mayor, on the part of certain drug and other stores of the city which persist in selling these rubbing concoctions, when they know that it is really being sold for drinking purposes

This fact was in evidence this morning at the session of police court, when a regular old pre-prohibition crowd of drunks arrested over the week-end appeared before his honor.

There were some 10 or 12 ordinary drunks in the class and all admitted to getting drunk on alcorub or some similar concoction.

In open court, the mayor commented on the fact and stated that it was really becoming a serious problem, when people are permitted to purchase a substance which has a legal use.

"It has come to the place," said his honor, "where for a few cents profit some men engaged in the drug business are selling these alcoholic rubbing materials when they know that it is not to be used for the purpose intended. They apparently figure that their reputation in business circles is such that they can get away with it and not be bothered. It is true they have a legal right to sell it, but are overstepping the bounds of propriety and forgetting their conscience in making these sales, as they cannot help but know that it is to be used as a beverage by reason of the type of people buying it. I do not consider that they are any better than the ordinary type of bootlegger, whom we get and make pay the penalty of their violation of the prohibition regulations of the state and country."

Swindler Band Is Victimizing Owners Of Farms

Pretend That They Want To Buy Property And Get Victims To Sign Notes

Lawrence county farmers are warned to be on the lookout for a gang of swindlers who have been victimizing residents of neighboring counties. One Beaver county man is out $2,000, a Butler automobile dealer $1,000 and several others smaller amounts.

According to all that can be learned, the gang of four travel in a nice automobile and make it their business to learn of comfortably fixed farmers desirous of disposing of their farms. The gang look the farm over, then surprise their victim by offering an excellent price for the same. The deal in some cases includes the stock and even the household goods and all farm equipment.

One farmer living near Fombell was victimized out of $2,000 in notes and lost some valuable stocks. In some manner it is said this gentleman supposedly signed an agreement for the sale of his property, furnishing stock and equipment on the farm, but learned later that he had signed notes to the amount of $2,000. The farm is said to be cared for by a tenant farmer, and the new owners are reported to have at once sold a valuable bull and several hogs and were in a fair way to dispose of all stock.

Rest Room, First Aid Tent At Fair

N. Y. Girls Chew Gum to Slenderize

Girls and young matrons who are beginning to "spread" and get fat may now make use of a new, simple method that is proving a valuable aid in keeping the figure trim and slender. They can use the plan now so popular in New York society. This new method consists of establishing proper eliminative regularity through the use of a harmless, tasteless ingredient originally discovered in Vienna. Reductions of several pounds a week are reported in many cases. It acts quickest when well chewed—hence it is embodied in a deliciously flavored chewing gum called "Slends". Local druggists have already arranged to supply this new medicated gum. Start to chew Slends today—you will note effects tomorrow.

NINE DIE IN RAILROAD CRASH

FOUR WOMEN AND BABY ARE DROWNED

Skiff Upsets In Ohio River; Five Lives Are Lost

Ten Passengers In Boat When It Capsizes Near Pomeroy, Ohio

DRAGGING RIVER TO RECOVER BODIES

Party Was Returning From Excursion Trip To Pittsburgh, Pa.

(International News Service)

POMEROY, O., Sept. 27.—The Ohio river, swollen by recent heavy rains, was being dragged near here today for the bodies of four women and a baby who were drowned early this morning when a skiff in which they were crossing from Mason City, W. Va., to their homes here after a happy week-end excursion party to Pittsburgh capsized.

Five others in the skiff either swam to the shore or were rescued.

The Dead:

Mrs. Robert Hunnell, 38.
Mrs. R. H. Foulk, 48.
Mrs. John Meier, 50.
Mrs. Will Sponagel, 38, and her three-months-old child.

Ten persons, returning from an excursion to Pittsburgh, were in the skiff, but five escaped.

No bodies had been recovered at eight o'clock this morning. All of the dead lived in Pomeroy.

Five Swim Ashore

The five who escaped by swimming to shore were Walter Neutzling, Ernest Lallance, Elizabeth Meier and a Mr. and Mrs. Thompson, all of this city.

Walter Neutzling, one of those who swam ashore, telephoned his sister-in-law, Mrs. Raymond Neutzling, that the skiff overturned when it collided with a huge piece of driftwood about half a mile from Pomeroy.

The party visited Pittsburgh over the week-end on a railroad excursion. Returning, they left the train at Mason City, W. Va., and started across the Ohio river in a skiff to Pomeroy about three o'clock this morning, the regular ferry having stopped a short time before for the night.

NEW CASTLE FAIR OPENS ON TUESDAY; SEE RECORD EVENT

Good Weather Will Insure Most Successful Fair Of Many Years

Midway Is Full; Many Features And Speed Events Scheduled

Providing the weatherman's prediction for good weather does not go awry, there should be a good attendance at the opening Tuesday of the New Castle fair as preparations for one of the biggest day and night fairs in this section have been completed.

What a few days ago was a section of ground dotted here and there by a few buildings, today is a city of humans hustling to and fro; caravans of livestock being assigned to barns; race horses jogging around the race track and an enticing Midway.

Midway is Full.

According to fair officials all of the space along the Midway has been sold. There will be varied amusements; some being of the thrilling type and others being of the unique variety. The tents have been hoisted and performers are ready for the ballyhoo.

The cattle entries this season surpass those of past years and the barns are taxed to capacity. Almost every kind of prize winning animal can be seen in the barns. Various exhibits from local concerns and citizens have also been placed.

The fair will start Tuesday and racing will commence Wednesday. The fair will end late Oct. 1 and if prediction does not go wrong it will be the greatest fair held since the local association was formed.

PIGEON STILL MYSTERY BIRD

Altoona Owner Sold Bird Some Time Ago—No Inquiry At New Wilmington

(International News Service)

ALTOONA, Pa., Sept. 27.—Carrier pigeon "AJ 26-ARC 21," the bird that took the "Tunney will win" message to New Wilmington, Pa., was still a mystery bird today.

P. E. McGraw of Altoona, former owner of the pigeon, sold the bird to Robert Gaumer of Allentown, or Charles Pichler, of Pittsburgh, Kan., according to his records.

"It is quite possible that the bird was stolen and was being used to carry 'tips' on the probable outcome of sporting events" McGraw said.

The bird appeared in the New Wilmington post office on the morning of the Jack Dempsey-Gene Tunney championship bout.

Postmaster Clinton White still had the pigeon at New Wilmington, this morning, but no inquiry has been made from any source for the bird, he said.

Generous Donation For Florida Relief

While removing a three-gallon kettle of boiling apple butter from the oven of the stove at her home Saturday, Mrs. J. W. Dicks of the Pulaski road was painfully burned when the contents of the kettle were accidentally upset over her.

Mrs. Dicks sustained serious burns from the knees down and also both her feet were badly burned. It was reported today that she was resting as comfortably as could be expected.

Mine Officials Hope For Safety Of Entombed Men

Rescuers Continue Frantic Efforts To Reach 43 In Mine

MINERS HAVE WATER, BUT NO FOOD SUPPLY

Extent Of Cave-In Which Trapped Men Is Still Unknown

(International News Service)

IRONWOOD, Mich., Sept. 27.—The mining company hoped today almost against hope for the 43 miners entombed in the Pabst mine of the Oliver Mining Company since Friday.

In spite of the optimism of the mining company officials, there are many here, some of whom are old miners, who believed that the entombed men will never be brought to the surface alive.

Three bodies have already been recovered.

Have Water Supply

Though the miners are known to be without food, they have an ample supply of water, officials say. Excellent mineral water seeps through various places on the eighth level, it was said.

The disaster has created feverish interest among citizens in this great iron belt of the upper peninsula, Wisconsin and Minnesota. Thousands invaded this city over the week-end. Strong police lines were required to keep relatives and friends from impeding the work of rescuers in their anxiety to get close to the scene.

Nearly 200 men are assisting in the rescue work. They are working four-hour shifts. Mine officials refused to permit Louis Gessner, a miner, to risk his life in an effort to re-enter the mine without timbering its sides, one mine official declaring it would mean certain death.

Make Little Headway

Rescuers are making little headway.

The men are entombed on the eighth level.

The three men whose bodies have been recovered were killed when the avalanche of rock and debris struck a mine cage in which they

FOR TRAFFIC DURING FAIR

Police Chief Announces Regulations For Traffic Fair Week

Traffic regulations during the New Castle Fair were announced today by Chief of Police Henry Dysart and will be effective beginning Tuesday and continuing throughout the four days of the fair.

The regulations are those that have been used so successfully during the past two years.

Space will be provided for the taxicabs, busses and all machines having permits to transport passengers to the fair grounds, on Croton avenue, both for loading and unloading of passengers, and also at the southwest side of the diamond.

The place for loading passengers on Croton avenue will be between Washington street and Permar alley. The loading here, as at the Diamond, will be under the supervision of members of the city police department.

The machines transporting passengers must keep in single file, no double parking being permitted, and

Bandit Leader Gets Long Term To Penitentiary

Louis Marino Sentenced To Not Less Than Five Nor More Than 10 Years

ROBBED THE STORE OF SAM LEVINE

Refuses To Give Names Of Accomplices—Other Sentences Are Passed

Louis Marino, leader of the bandits who held up and robbed Sam Levine, Moravia street merchant, of $3500, was sentenced by Judge Hildebrand this morning to not less than five nor more than 10 years in the Western Penitentiary.

Marino entered a plea of guilty several days ago. There were two other bandits, who took part in the holdup, which occurred in broad daylight. They escaped, and Marino refused to give any information concerning them. The holdup was one of the most daring ever perpetrated in this city.

The trio entered the store, and at the point of revolvers, forced Levine and his clerks to give up the money, which had been drawn out of the bank for the purpose of cashing tin mill checks. After the robbery the bandits escaped in an automobile. Marino was later captured in Pittsburgh.

Man With Throat Cut Is Found Wandering Around In Field

HAD EVIDENTLY TRIED SUICIDE

(Special To The News)

MERCER, Pa., Sept. 27.—After slashing his throat and wandering through fields for three days, Sylvester Newswanger, mill worker, Youngstown, will recover and is now at the residence of a sister in Carroll, O. He cut his throat, he said, while under the belief that an organization of which he was a former member "was after him".

According to his story, he cut his throat three days ago after abandoning his automobile in Springfield township.

The wound did not cause death and he wandered throughout the various fields of the township.

Yesterday he was seen in a pasture field by J. P. Hart near Millburn, who took him in charge and had him sent to the Mercer county hospital.

After treatment in the local hospital he was sent to the home of a sister at Carroll, O.

Prepare To Remove Structural Iron At Old Theatre

Work of clearing the debris from the site of the former Liberty theater on South Mill street, in preparation for the construction of the fine new theater planned for this city by the Stanley Corporation, of which Rowland and Clark of Pittsburgh are the representatives in this section of Pennsylvania, was started this morning.

Structural iron workers were started this morning, under the supervision of John Phillips of this city, to make the necessary preparations for the tearing down of the structural iron work of the former Liberty or Coliseum building.

This work will be done first, as the work of cleaning up the rest of the debris will not be permitted until this work has been done. It will require about 10 days to take down this structural iron work. It is being taken down by a junk man.

Declares War On Plane Stunt Flying

(International News Service)

PHILADELPHIA, Sept. 27.—Director of Public Safety George W. Elliott has declared war on "Stunt Flyers" who are in the habit of performing stunts over spectacles which are attended by large crowds. Elliott office has been flooded with hundreds of protests since the Dempsey-Tunney championship bout in the sesqui-Stadium here when thousands of patrons were aroused over the nerve-wracking performance of an airplane hovering over the huge concrete bowl.

Elliott declared he would go before the city council and "see what I can do to stop these outrages." The director indicated he would seek an appropriation for the purchase of two airplanes and the employment of two pilots to maintain an aerial patrol. At the same time Elliott announced he would seek a legal opinion as to how far the power of the office of director of public safety can go towards patrolling the air.

Fatal Wreck At Bethlehem This Morning

Binghampton Flyer Crashes Into Lehigh Valley Train At Station

TRACKS CONVERGE AT "Y" ANGLE

Second Coach Of Lehigh Train Struck Squarely —Twenty-One Hurt

(International News Service)

BETHLEHEM, Pa., Sept. 27.—Nine persons were killed and twenty-one injured when the "Binghamton Flyer" of the Central Railroad of New Jersey crashed into the Buffalo-To-New York Express train of the Lehigh Valley road here today. The accident occurred at 5:55 a. m., as the Lehigh train was pulling into the station here.

The tracks of both roads converge at a "Y" angle at this point. The "Binghamton Flyer" struck the second coach of the Lehigh Limited squarely, tossing it, three other Pullman cars and a diner off the track.

All of the dead and injured, with the exception of the Engineer of the flyer were on the Lehigh train.

The Dead:

Hugh McGee, 60, Allentown, Pa., brakeman on the Lehigh train, crushed beneath an overturned car.

George Geventhor, New Haven, Conn.

David Baum, believed from Wilkes-Barre, Pa.

D. J. Shevlin, address unknow. He carried in his pocket an ingersoll Rand Company Club Card.

Five Unidentified Dead

Identification of the dead proceeded slowly. The rescue crew rushed here from Easton, Pa., had to burn through the steel cars to reach the bodies, several of which were badly crushed.

Railroad men said the casualty list would undoubtedly have been much higher were it not for the fact that the cars were of steel construction.

The injured were taken to St. Luke's hospital after receiving first aid in the railroad depot.

The Injured

Henry Schimidt, 153 West Broadway, Mauchchunk, Pa., engineer of the Central Railroad train.

Louis C. Baer, of Lehighton, Pa., body bruises and shock.

George Engler, 59 McCarragher street, Wilkes-Barre, Pa., severe body bruises.

Thomas A. Mezanerski, student at the University of Pennsylvania, whose home is at 611 East Fourth street, Erie, Pa., body bruises.

Henry Basta, Parsons, Pa., cut about face and hands.

Henry R. Deily, 516 Linden street, Allentown, Pa. Extent of injuries undetermined.

Time Change Troubles For Travelin' Pair

(By KATE MOORHEAD.)

"What is the cinnamon for the word daylight?" Hepsy wanted to know Saturday evening as he wuz tryin' to dissolve one of those catty cornered puzzles what they put in newspapers to show how much you know about the dictionary that Mr. Webster rote. I wuz readin the paper too and I sed to her, "meby I dont no the mustard or whatever spice it is for the word daylight, but can you tell me this, "What they bin doin with all this daylight they bin savin this summer, I wanta know?"

Now I knowed that wuz a settler and would get my old maid friend on a different path of thinkin and she sed to me, "meby we could call the telephone oprators. They get everybodys number, thats the reason there so wise.' But we tried to call one of them oprators what sez number pleeze and thank you, but they sed theyd give us information, and when we asked if that wuz information, a girl answered and sed "Information," but that is all the further we got cause she never gave us none.

Well after that we decided meby we better read in the paper what it sed they wuz goin to do about this daylight savin what they fixed up for the offus men who wanted to have more time sos they could play golf, "and give their clerks more time for slavin,' so Hepsy sez.

There it wuz in black and white all about the time going to be changed back again at 2 o'clock Sunday morning. My how late that will be to have to sit up, I thought it might be better if wed jest turn the clock back an hour before we went to bed, but Hepsy sed, "The time changes at 2 o'clock and we kin only keep up with the time by doin it at that time." And as shes very ornery at times I letter have her way.

I went to sleep and when I woke again I scene that Hepsibah wuz goin to keep watch so I sed gess Id go to bed and she could be foolish and stay up if she wanted to. Well I wuz sound asleep and I looked at my clock and it sed 4 o'clock, and the light wuz still burnin downstares.I slipped down real quiet and sure enuf there wuz that old maid sleepin and the clock sayin 4 o'clock.

I put it back an hour and after a great deal of trubble I got her in bed where she fell into a deep sleep agin. After changin my clock puttin it back to 3 o'clock. I settled for my rest.

Well when we got up in the morning we are allus in sech a rush we never even look at the clock upstares, so after eatin' breakfast, the clock on the mantle in the livin room sed it wuzjest 10:30so we had half an hour ot dress in. We put on our best apapacas and our new fall hats and looked real nice. We got to the church and it wuz jest 11 o'clock by our watches that we wore in our bosoms, and had set by the mantle clock.

Well we sat there and sat there, and mind you, the organist hadn't even ariv. Mrs. Dean, who plays the organ, is allus so prompt, I wuz surprised and then when the minister never come and nobody come to sit down, I whispered at Hepsy, "mebby there bin an acicdent, or mebby there ain't eny church here today."

We heard some singin and Hepsy sed, "I'm goin to find out jest what this all means. Sech goins on, I never herd." Well she bounced outta the main odytorium and me after her, pantin to keep up with her, who is so tall. We got out in the Sunday school room, and wuz awful sprised to see they never had let the children outta Sunday school room yet.

"Why they have forgot to fix there clocks," Hepsibah sed. Imagin and them bein so far advanced in noshuns, they never red the newspaper. But then we got to figurin and after we had got a pencil and paper we scene where they musta jest left there clocks alone. Our watches sed it wuz 11:30 and there clock sed it wuz 10:30, and we new ours wuz right, cause hadn't we set them by the mantle clock at home, and I knowed I had turned it back last night, or wuz it this morning.

At last the people started comin in to church and the minister sed somethin about the change in time, and peeple bein kinda mixed up. He looked at his watch and sed, "It is now 11 o'clock, and this time yesterday it wuz 12 o'clock. Hepsy and me took out our watches and looked at them and then I looked at Hepsy and Hepsy looked at me. Eether we wuz crazy or the minister wuz. Our watches sed it wuz 12 o'clock, one hole hour after regular church time. Humph, that man wuz certainly funny sayin about that bein diffrent than reglar time.

No sooner had we bin dismissed than Hepsy sed to me, she thought there wuz somebody outta there mind. We went home and had dinner reddy by 1 o'clock, when we wuz to have gests. Well do you know them peeple never come and the roste wuz gettin cold and the potatoes wuz all dried up and it sed 1:45 by our clock. I told Hepsy to go upstares and see if that wuzn't the right time. She come donw and sed yes the clock sed that wuz the time.

The folks come at 2 o'clock and sed it wuz only 1 o'clock and we near had a chewin match. Then I told how funny it wuz, Hepsy going to stay up till 2 o'clock sos she could set the clock on, and how I found her nappin and had to turn it back insted. Hepsy give me a funny look and sed "so that is what it's all about. Well, I turned that clock back before I went to sleep."

We thought everything wuz fixed and here this morning the alarm rang and we got up and got our niece off to the office, only to have her come back and say that it wuz an hour early. We had forgot to change the alarm and had got up at 5:30 insted of 6:30. Daylight slavin time may be alright for them that likes it, and I'll admit it ain't no wurse than gettin back to normal is.

Many Hear Closing Messages Of M. E. Ministers Here

Epworth And Croton Avenue M. E. Churches Filled To Capacity Sunday Evening

The services closing the pastorates of Rev. Homer B. Davis and Rev. D. Ralph Dunn with Methodist Episcopal congregations in this city Sunday evening were featured by large audiences both churches being filled to capacity.

At the Epworth M. E. church Rev. Homer Davis delivered a request sermon on the theme "Around the Diamond of Life." Rev. and Mrs. Davis and daughter Lucile and son Edwin sang a beautiful selection entitled "Have Thine Own way Lord." There were other special numbers of the choir.

Rev. D. Ralph Dunn gave as his concluding message "Five Essentials to Moral Life" in the Croton avenue M. E. church. The chorus choir sang a number of special selections.

Rev. and Mrs. Dunn and family expect to leave Friday for Brockway, Pa. where Rev. Dunn will begin his new pastorate with the M. E. church of that place next Sunday.

Rev. Davis and family plan to leave Thursday for Fredonia, N. Y. where Rev. Davis was appointed the pastor of the Methodist church there. This evening the Epworth congregation will have a tureen dinner and reception in the church for the pastor and his family.

MINE OFFICIALS HOPE FOR SAFETY OF ENTOMBED MEN

(Continued From Page One)

were working on the 26th level.

Various mining officials from the United States Steel Corporation, of which the Oliver Mining Company is a subsidiary, have arrived here to assist in rescue work. Separate routes are being worked to reach the entombed miners.

The first is through the top of Pabst G mine; the second through Pabst H, the bottom route; the third is being attempted by tunneling a separate hole upwards from the 21st level, and the fourth is being attempted to supply food in tablet form to the miners. This last method is being tried by means of a diamond drill, which makes a hole 2 1-2 inches in diameter. Still another effort is being made to drill 300 feet on an incline from the Aurora F mine.

Cave-In Extent Unknown

Little is known about the extent of the cave-in. Rescuers are hampered in their work by the necessary precautions needed to guard against a repetition of last Friday's cave-in.

Rescuers must timber their way as they proceed to the unfortunate men on the eighth level. It is necessary to bank the earth on all sides of the shaft.

The United States mine relief crew at Ishpeming has been ordered to report here to aid in the rescue. Physicians, nurses, ambulances and all sorts of equipment are being held in readiness to insure prompt treatment should the miners be brought to the surface.

Churches in Ironwood were crowded to capacity Sunday.

Special prayers were offered for the safety of the entombed men.

Officials of the mine thus far have issued no statement as to the cause of the collapse of the shaft. Some people have ventured the opinion the recent heavy rains tended to loosen the earth, others maintain the "skip" which carries the ore from the mine jumped the track, tearing away steel and timber supports.

The dead taken from the mine were Thomas Rowell, Evar Gustafson and Gustav Sell.

Hope Flares Anew.

IRONWOOD, Mich., Sept. 27.—Hope flared anew today for the rescue of 43 miners, entombed since Friday in the Oliver Mining company's Pabst G. mine.

According to company officials, rescue workers will reach the trapped miners by Wednesday and it is believed the miners will be able to survive until then.

Should the rescue be delayed longer, however, the men never will be brought out alive, it is feared.

The entombed men have an ample supply of water and the oxygen supply is sufficient to keep them alive until Wednesday, it is believed.

All the men are hardy and able to go many days, if necessary, without food, officials said.

How unfortunate that the Senate reservations didn't include one to forbid discussion of war debts.

Town Talk

New Castle is feeling the effects of the cold wave today. It arrived as scheduled Saturday afternoon. In the space of half an hour's time, temperature dropped 20 to 30 degrees, and from a sweltering hot day, one of crisp fall weather conditions developed.

Recent rains have swelled the waters in the streams in this district until they were at a rather high stage yesterday. There was no danger of a flood condition, however.

Numerous trucks loaded with farm products, cattle, tents and other paraphernalia are going through the city today, enroute to the Lawrence county fair, which will be opened on Tuesday at the fair ground on the Harlansburg road.

Soft coal smoke filled the air downtown this morning. The sudden drop in temperature resulted in heating systems in all of the big buildings being put into operation for the first time this fall. Even the hardened reporters on The News staff had to have a little steam heat.

New Castle is back on eastern standard time today. The transition from daylight savings time to eastern standard time was made yesterday without confusion and everything is running smoothly today on eastern standard time.

FATAL WRECK AT BETHLEHEM THIS MORNING

(Continued From Page One)

Allentown, Pa. Extent of injuries not determined.

Daniel McGuire, 1345 Linden street, Allentown, body bruises.

Abraham Denioff, 410 North Sixth street, Allentown, Pa., body bruises and possible internal injuries.

A. Charles Landis, student at Lehigh University, resident of Newport, Pa., body bruises and concussions.

Most of the passengers were asleep at the time of the accident, after the impact there was a moment or two of silence, then grouns from the victims pinned in the wreckage.

Calls for assistance were immediately sent out and wreckage crews were rushed here from Easton and Packerton.

The Central Railroad line runs close to the Lehigh River and when the Central engine was derailed and thrown off the tracks it barely escaped precipitation into the water. It was hanging over the side of the river bank.

Passengers in the Central train were thrown into a panic. But when they realized all of the victims were on the other train they rushed to their assistance. They helped carry the dead and injured into the railroad station, summoned doctors and nurses, called taxis to convey injured who lay on all sides along the right of way.

Except for the engine, the Central Railroad train, which is known as the "Binghampton Flyer," escaped with comparatively little damage. None of the coaches of this train left the track. The engine crew jumped and escaped injury as the engine turned over after the impact.

Identification of the victims in the other train was difficult because the bodies were badly crushed.

Most of the injured were taken to St. Luke's hospital, Bethlehem.

Responsibility For Wreck

Bethlehem, Pa., Sept. 27.—Responsibility for the wreck of two fast passenger trains here early today in which nine persons were killed and forty injured was placed today on the Central Railroad of New Jersey in a statement issued from the general offices of the Lehigh Valley Railroad here.

The statement:

"Running ahead of time, with witnesses agreeing, that signals were set against it, a train on the Central Railroad of New Jersey, enroute from Syracuse, Scranton, etc., to Philadelphia, ran into train number 6, of the Lehigh Valley at Bethlehem station at 5:45 a. m., today.

"Train number 6, running on time, had a clear road to the station. The Central Railroad New Jersey ran into the Lehigh Valley train between the second and third cars, striking and overturning the second car, which was a steel passenger coach. Eight passengers and a trainman were killed. About 40 injured were taken to St. Luke's hospital in Bethlehem. Names of the dead and injured with the exception of the trainman have not been ascertained as yet. All were in the one coach. Passengers in the other cars were uninjured.

"The dead trainman was:

"Hugh McGee, of Allentown."

FOR TRAFFIC DURING FAIR

(Continued From Page One)

the machines must move out as soon as loaded, in order that others may take their places.

Returning from the grounds, the cars must unload their passengers either at a space provided in front of the city storehouse on Croton avenue, or at the Public Square or some other point where it will not interfere with traffic.

It is also required under the police regulations issued today that all machines keep in line en route out Croton avenue to the fair grounds. No machines may pass another machine, especially on the Croton hill, where they must keep to their side of the white line and in line with the other cars. Violations of this regulation will mean the arrest and fining of the car owners.

Mr. Rose of the public service commission is here to issue permits for the cars doing taxicab service to and from the grounds. He is cooperating with Chief Dysart and George Forrest, who is in charge of the traffic regulations to and from and in the fair grounds.

He has announced that he will suspend the license of any car found violating any of the city or state regulations during the period of the fair.

THE COUNTY FAIR

PLANS are perfected, exhibits are entered, and everything is ready for the annual New Castle fair, starting Tuesday and continuing throughout the week until Friday evening.

While weather conditions this morning were not what would be termed inviting fair weather, yet there is hope that a change will occur and that good weather will be experienced for the annual fair.

The proper weather is the one thing needed to make this year's fair the biggest success ever, those at its head relate.

There will be more to see, and there are hopes of a larger crowd than ever before. The entries in the racing events indicate excellent speed contests, and after all, the horse racing is one of the inseparable attractions that goes to make up the year after year allurement of a county fair.

Wednesday is designated as New Castle day, when merchants of the city, will close their stores during the afternoon, and when the schools will be closed, to give all an opportunity of attending the fair. It is a measure of co-operation to aid in making the fair a success.

We'll see you there.

TRUTH WILL OUT

THE truth, it seems will out, though it be buried for sixteen years under the ice packs of the frozen Far North. Two Eskimos have confessed that Prof. Ross G. Marvin did not drown at the time of Peary's dash for the Pole in 1909, but that he was murdered by one of them to save the life of the other. Even now, however, it is doubted whether the whole truth has come to light. The Eskimos say that Marvin lost his head and, in a fit of rage, had abandoned one of them, "Harrigan," to his death. Kudlooktoo says that he shot Marvin to save his companion. Marvin's intimate friends find it difficult to believe that he "cracked" in the manner described; they are inclined to think that the Eskimos were overwhelmed by the fear that their dwindling food and water supplies would not hold out and killed the white man in self-preservation. It is not likely that any legal action will be possible in the case. But the fact that the truth, or something approaching it, finally emerged is startling and dramatic.

NEW CHAMPIONS

WITHIN the same week the sports world saw the overthrowing of two champions who had seemed as embedded in their respective fields as the rock of Gibraltar. And only a week after Dempsey, seven years a champion, went down to defeat before the mighty Tunney. None had predicted the downfall of Big Bill Tilden on the tennis courts and it had seemed that Bobby Jones could not be unseated from the golf throne. But both have met their match and are now ex-champions.

It is, however, a good thing for pugilism, tennis and golf that the titles have changed hands, just as a new champion now and then is a good thing for every sport. The same name at the head of the sporting columns season in and season out becomes deadly monotonous.

Capture of the American lawn tennis championship by a foreigner for the first time in 23 years will give a healthy stimulus to the game, for as long as the title remains abroad there will be a great incentive to the American players to win it back while other nations, which have long believed it out of reach, will be encouraged to compete for it against the United States and the foreign nation now holding it.

While the golf championship, just lost by Bobby Jones, still remains in this country the shifting of the title gives a fresh impetus to greater skill and endurance and promises greater competition in future tournaments.

New faces and new champions are the spice of sports. They are as essential to sustained interest in the sport as capital is to business.

But think how tough America might be today if women hadn't got the ballot.

Blessed are the peacemakers. Nobody erects hideous bronze statues of them.

Morale, in college, is a willingness to watch the cheer leader instead of the game.

If the worst should fool along and never happen, a lot of people are going to be bitterly disappointed.

The Indian may have been mean enough to use an ambush, but he never manufactured divorce evidence.

DAD TRIES UMPIRING

The game was short an umpire, for
the man they'd hired was ill,
So father very bravely volunteered
his place to fill.
Though mother urged him not to
and his friends advised the
same
My father, as a valiant soul, declared he'd run the game.
"I know the rules of baseball and I
know the boys," said he,
"I'll umpire just to help them out.
They'll all be nice to me!"

A friend is one who overlooks the
faults of those he likes,
But it's quite another matter when
you're calling balls and strikes,
And when father called a low one
on his dearest friend that day,
"You blind old fool!" he shouted as
he threw his bat away.
"You're rotten!" cried his neighbors, and my mother shook her
fist,
Crying: "Dad, put on your glasses!
That was one you surely missed!"

Every inning saw poor father sinking deeper in the mire.
"Robber! Robber!" women shouted
till you thought their throats
would tire.
Once we children couldn't stand it.
We lost all parental pride.
"Get an ump who knows his business!" with the angry mob we
cried.
"I wish he'd quit," said mother. "If
he stays there to the end,
Should the mob refrain from murder, he won't have a single
friend."

They ran him from the diamond and
they chased him from the lot.
There were those who once had loved him who declared he should
be shot.
But that evening after supper mother kissed his fevered brow.
"Dad!" said she, "you were a lemon! but we'll all forget it
now."
Later on his friends forgave him,
but they've never been the
same
Since he volunteered to umpire in
that red-hot baseball game.

Hints and Dints

Sun sets tonight 5:49. Sun rises tomorrow 5:53.

It can't be calf's liver they serve in restaurants. A calf with a liver as small as that never would live long enough to fatten.

If the daylight saving time cannot be more unanimous in Western Pennsylvania next year we are off it. Our own city at least should be unanimous on the time.

All the French a lot of people learn in school wouldn't get them a ham sandwich in a French restaurant.

Hundreds of people have visited Dickson's dahlia gardens at Gardner, just outside the city limits on the East Side during the past few days and have inspected the wonderful show of dahlias. Mr. Dickson says he is a great believer in newspaper advertising. A notice in The News always brings big crowds. He has a show worth going to see and it costs nothing to take a look.

One good way to learn how strong dad is, is to get sassy while he is taking a cold-water shave.

Well no one dozed off in that prize fight ring in Philadelphia last week. Those participating were too busy to go to sleep. Often one of the fighters just insists on taking a nap before the fight goes very far.

The reason a man suffers so much in a dentist's chair is on account of the nerve he has.

The passing of the hat for the benefit of the flood sufferers in Florida might have been a good thing at the prize fight in Philadelphia last week. All those who attended are classed as "liberal" if we size up the situation rightly.

It seems to be the ambition of the rogue in every compact to bring up on the shoulder of some nice young man's tux.

There are people who organize to get away from as much work as possible and there are people who will not even join such organizations because they are opposed to doing any work at all.

The prohibition director in Pittsburgh pulled another classic a few days ago that is causing a lot of worry in that burg. He proclaimed that it will be a "Beerless Christmas" in that city. Some people will surely thing Santy Claus has died if that comes true.

Some men's idea of helping the farmer is getting themselves elected to congress—or something.

A Californian by adoption told us a few days ago that they have some system in regard to old buildings and shacks that are near to modern and up-to-date buildings and are a detriment to the neighborhood When a fine new building is erected in Los Angeles near some old dump the owner of the dump is told to remove the eye sore. If he does not do it a committee calls on him and tells him to move it in about thirty days or it will be blown up. We think this is a wonderful system and California should not have a monopoly of it. Many a fine neighborhood building is cheapened because it is near some old rattletrap of a building that is being held that way because the owner has no civic pride and will not sell it to those who have.

Just being suspected of being a crook is an awful handicap.

Say, friend will you kindly tell us what kind of an enterprise except a prize fight would draw one hundred and thirty-two thousand people in a pouring rain to pay from $25 to $500 for tickets? There is no such thing.

It is claimed that Dempsey lost his fight on account of his artificial nose. This should be a warning to those who use artificial means to decorate their beaks either by color or other means of transformation.

A union of those who give their blood for transfusion purposes is to be organized in Philadelphia. Of course this is for the purpose of furnishing better blood.

A London man left two million dollars in his will which shall be used for the benefit of upper middle or professional class people who through ill health or advancing years are unable to earn a living. That man surely left a nice job for his executors when they come to decide of the thousands who will make claim for this boon.

We noticed on our last trip in a sleeping car that a lot of birds now also smoke cigs in their berths most of the night. We thought it tough when a lot of bozos could not eat without smoking, but when they also cannot sleep without their dope it's sure tough—on the rest of the people on the car of course.

A Chicago newspaper publisher has just died and left an estate of a million and a quarter dollars. He must have had a saving wife.

So far this year 879,111 pleasure cars and 45,283 trucks have been manufactured and sold which is the highest production ever known in this country. This ought also answer the question as to whether the country is prosperous or not and also the credit standing of the average individual.

Besides having no place to park these days the average individual tries just as hard to find a place to throw tin cans.

In 1925 this country produced perfumery, cosmetics and toilet preparations valued at $141,488,000. This represents the beginning of the big bath salts boom. By the end of another year the government research department predicts that bath salts will be the fifth industry in the United States, displacing radio parts and silk hosiery. This country is fast becoming totally addicted to the use of water—if for bathing only.

Seats of the Mighty.
Calamity Insurance.
The "Firm Union."

By ARTHUR BRISBANE
(Copyright, 1926, by N. Y. American, Inc.

When you fall from your glory, as the British cardinal and French emperor discovered, it is a short story. So with the fall of Dempsey. Reporters that acclaimed him, and told just why Tunney could not win, say "Jack had one eye closed and was crying with the other, as he lost his world's championship."

* * *

There is a lesson, of course. Aim at some result that cannot be taken from you, a championship in the things worth while. No one will take away Edison's championship or Henry Ford's.

* * *

One hundred and fifty years ago Nathan Hale was standing before British hangmen and making his famous last remark that President Coolidge says every child should know by heart:

"I regret that I have but one life to give for my country."

Young gentlemen will not that Nathan Hale's championship is one that no Tunney could take from him. Many young men, unfortunately, are not interested in fame that pays no dividends.

Fifty three years ago, C. C. Roumage bought a seat on the New York stock exchange for $7,000. Now he sells it for $150,000, very nice profit. Had he invested his $7,000 in Standard Oil 53 years ago, accepting all the dividends and new stock, offered, he would now have at least $100,000,000 without work.

* * *

This is the land of opportunity. The man that bought the Roumage seat for $150,000 will very likely live to see it worth a million.

There are just so many seats, no more, in that Sinbad valley of diamonds, across the way from Morgan & Co. If the Roumage successor acts well his part, buying when others sell, never going short on the U. S. A., he will easily earn 100 times the cost of his seat, or $15,000,000, which is now considered a fair competence in New York.

* * *

The Patriarchs' ball was organized by old New Yorkers, indignant because they could not compete with August Belmont's grand style of entertainment. By combining they could give as grand a ball as he could.

And that lavish young Jewish banker, married to the daughter of Commodore Perry, spent on his household $80,000 a year, less than moderately rich men spend today on a garage and stable, and less than half the upkeep of a modest yacht.

* * *

President Green of the American Federation of Labor, says that "firm labor," or labor organizations built up within great employing corporations, and controlled by the corporations, are a menace to harmony between employers and employes. They are certainly a threat against the whole labor union movement. But, if employers are intelligent enough to realize that good wages pay good dividends, what can organized labor do?

Of late years men like Henry Ford and others that tolerate no unions in their plants have done more than any union to raise wages.

Florida fruit growers lose $5,000,000 in the tornado, 1,200,000 boxes of grapefruit, 500,000 boxes of oranges are included in official estimates of the loss.

Public relief contributions are praiseworthy, but insignificant in a loss that runs into hundreds of millions.

* * *

Could not the government establish an insurance fund to meet such emergencies and make that fund responsible, under careful management, for such miscalled "acts of God?"

* * *

When Judge Gary took charge of United States Steel he established a fund to do his own insuring, instead of paying out the money to insurance companies. He put into that fund what insurance would have cost and soon had $30,000,000 saved up for stockholders, after meeting fire losses.

The government might ask Judge Gary to establish a "calamity insurance fund" to take care of great disasters, floods, tornadoes, earthquakes.

Captain Lowenstein, who is reported to have made an offer to the Belgian government to place $50,000,000 at its disposal for two years without interest, is one of the mystery men of Europe Although there are few financial pies in the world in which he has not had a finger, he remains one of the most secretive and mysterious men alive. Indeed, to the general public his name is almost unknown. Yet he is one of the most powerful men behind the scenes in the drama of nations; his word on a matter of finance can make or mar aspirations of more than commercial importance. Captain Lowenstein is the son of a Brussels banker of small standing, and from this business the son launched out in a manner which was to electrify finance. At 49 years of age he has become one of the world's richest men almost entirely by his own effort and genius. He went to England before the war and makes his home on a magnificent estate near Melton Mowbray.

Dr. Crane's Editorial

REPRESSION

It has become popular these latter days to attribute many of the evils and the deeds of humanity to a desire for self-expression.

The recent vogue of Freudian ideas has given impetus to this point of view.

It is taken for granted that repression is bad and that it is wrong to bottle up one's desires, as it may cause them to break forth in unexpected and undesirable places.

There is something to be said for this opinion, it is true, but the condemnation of repression should not be carried too far.

In a measure all strength is due to repression, or rather concentration. Concentration is in a sense another form of repression.

We get power from the locomotive because steam is confined in certain limits. We get speed because the train is confined to its road bed.

The scholar is familiar with the fact that to achieve success in his studies he must specialize.

It is dangerous for everyone to let all energy escape in any direction it chooses.

In fact the power of a force as well as a man is due to its confinement within certain limits. It is useless for us to talk about a man's being absolutely right or pure. He will have desires that beat against the cage of his will and threaten destruction. It is his duty as a decent individual to repress these desires and to confine his efforts in one direction.

All power in matter and all force in man are due to repression to a certain extent. In fact the business of education is to train a man to concentrate his faculties.

Self-expression, therefore, is not unqualifiedly to be commended. There are some things we must not express, for their repression in one direction gives us more power in another direction which we have chosen.

The World AND THE Mud Puddles

ANOTHER LINCOLN STORY.

Salmon P. Chase is remembered as one of the ten Chief Justices of the Supreme Court of the United States. He served in that capacity from the time he was appointed by President Lincoln in 1864, until 1873. The great outstanding service which Salmon P. Chase rendered his country, however, was not as Chief Justice, but as Secretary of the Treasury in the War Cabinet, until his resignation—in a huff—in 1863. It was Secretary of the Treasury Chase who wrought the miracle of the Civil War, in firmly establishing then, the National Banking System of the United States.

"H. A." has written in the Wall Street Journal, another Lincoln story, which was suggested to him by the celebration of the 104th Anniversary of the birthday of John A. Stewart, who still lives and who has for nearly three quarters of a century been a national figure. It runs as follows:

"Assistant Treasurer of the United States in 1863, national finance head in New York, was John J. Cisco, for a generation high in the distinction of Wall Street. President Lincoln was fond of him; to Secretary of the Treasury Salmon P. Chase he was as a brother. He had qualities of administrative competency which made him arbitrary, broad experience training him to complete self-dependence; efficiency for dispatch—a supreme virtue in that wearing war time—shone in every manner and move of him. 'Twas his undoing.

"Two checks involving $10,000 passing through the Sub-Tresaury were challenged by an auditor. They bore the signature of Cisco who in quick heat summoned subordinates demanding explanation.

"'They are forgeries—that's all,' said the auditor."

"'You mean I don't know my own signature?'"

"'It is not your signature,' was persisted."

"'You are crazy—you are discharged!'"

"Cisco way with an auditor did not quite function; what his dismissed listener did was to call for an official review and hand-writing experts. Mr. Cisco signed his name a few times at request and later was asked to identify signatures from among miscellaneous others imitated adroitly. Characteristically he picked unhesitatingly, verified positively."

"'You are quite sure?' was asked."

"'Ridiculous question. How can I help but be sure?'"

"Rather loftily he was disposing of what he didn't hesitate to denominate as a farce. Then he discovered—everybody discovered—that while he had attested six he had only written five."

"Chagrin never wrought quicker conclusion. Straightway he turned to his desk and wrote to Washington his resibuation. No matter of his personal integrity was involved; simply he was the victim of superself-sufficiency—was being laughed at."

"At the national capital most was discomfiture. Army, Navy, civil budgets were crashing against resources that daily weakened—mounting gold premiums revealing savagely shrunken Union credit. Aught affecting equanimity in federal finance could be as disquieting, possibly as dangerous, as a battle disaster. Secretary Chase besought Mr. Lincoln to urge that the resignation be recalled; but Mr. Lincoln did not hasten. So, Mr. Chase went at double-quick into independent action."

"In Mr. Cisco's New York Office was an assitsant who had been serviceable—on the social side, 'twas said—to Mr. Chase. Maunsel Field was his name; he wrote for the newspapers, had fashionable acquaintance, was a bit disdainful of politicians. Secretary Chase selected him as Cisco successor. Assistant Treasurership of the United States was too much of a prize to be so allotted, clamored every party voice from hog warden to United States Senators. 'Give us one worthy of the post, worthy of our party,' invoked choruses sweeping to the White House."

"'Why not choose a man of the character of John A. Stewart?' the President wanted to know. Mr. Stewart in the prime of young manhood, was president of the oldest and strongest trust companies of the metropolis."

"'Mr. Stewart has been invited; he refuses; he will not listen though I have repeatedly appealed,' Mr. Chase divulged."

"'It sometimes pays to try again,' naively ventured Mr. Lin-

"THE FACTORIES"

By Margaret Widdemer

Miss Widdemer often writes with deep feeling; but here she figuratively hits her reader between the eyes. The strong emotional appeal of this utterance cannot be denied. If it does not move you, then you are not to be moved or affected in any way by the inequalities of life.

I have shut my little sister in from
life and light,
(For a rose, for a ribbon, for a
wreath across my hair,)
I have made her restless feet still
until the night,
Locked from sweets of summer
and from wild spring air;
I who roamed the meadowlands,
free from sun to sun,
Free to sing and pull the buds
and watch the far wings fly,
I have bound my sister till her
playing-time is done—
Oh, my little sister, was it I?
Was it I?

I have robbed my sister of her day
of maidenhood,
(For a robe, for a father, for a
trinket's restless spark),
Shut from love till dusk shall fall,
how shall she know good,
How shall she go scatheless
through the sunlit dark?
I who could have love and mirth
before the light went by,
I have shut my sister in her mating
time away—
Sister, my young sister, was it
I? Was it I?

I have robbed my sister of the lips
against her breast,
(For a coin, for the weaving of
my children's lace and
lawn,)
Feet that pace beside the loom,
hands that cannot rest,
How can she know motherhood,
whose strength is gone?
I, who took no heed of her, starved
and labor-worn,
I, against whose placid heart my
sleepy gold-heads lie,
Round my path they cry to me, little souls unborn—
God of Life! Creator! It was I!
It was I!

Appearance Bond Novel Idea For Indiana Autoists

When Motorist Is Arrested Police Recognize Bond, Eliminating Red Tape

Automobile Association Behind Movement—Has Proven To Be Successful

New development in service constantly are being offered to members of motor clubs but it has remained for the Hoosier State Automobile Association to produce one that is serving to take a great deal of the annoyance out of being arrested, according to Bernard Hanlon of the New Castle Motor club.

"The Indiana motorists' association and its local clubs have adopted an appearance bond that is rapidly proving its merit to club owners, police and court officials alike," says Mr. Hanlon.

Guarantees Appearance.

"The bond is a regular form which identifies the bearer as a member of a reputable automobile club and guarantees his appearance in court without forcing him or the arresting officer to go through a great deal of time-wasting and anger-provoking red tape. In addition to this, the bond pledges the Hoosier State A. A. to assist the court to the extent of $35 in apprehending any of its members who violate its provisions.

"This work of the Indiana association is directly in line with the policy of the American Automobile Association, with which it is affiliated, to cooperate with police authorities in the promotion of highway safety and obedience to traffic regulations.

No Argument.

"The appearance bond calls the attention of the member who carries it that it does not pay to argue with the officer and points out that it has the assurance of state officials that officers will respect one's membership in reputable motor club.

"The bond has been given the approval of the secretary of state of Indiana and the state motor police. Municipal authorities also are showing it every respect."

Labor Leaders Lift Voice For Debt Payment

President Of A. F. Of L. Declares Against Any Cancellation

Does Not Like America To Be Shylock, But Says Allies Should Pay

By ROBERT S. THORNBURGH,
International News Service Staff Correspondent

WASHINGTON, Sept. 27. — Declaring that "the breaker of promises finds it increasingly difficult to make new agreements," William Green, president of the American Federation of Labor, has raised his voice against advocates of debt cancellation both in United States and abroad.

Writing in the American Federationist Green expressed the belief that recognition of obligations to pay international debts is essential to continuity of relationships.

"The basis for relationships between individuals and groups in organized society is agreement or contract," Green said.

"Dependability of promise or contract is necessarily of prime importance for the individual in planning his life, as well as for organizations in planning policies. Without reasonable certainty as to the future fulfillment of promises there can be no intelligent direction of development."

Reopen Negotiations

Green said that the fundamentals of international intercourse have been followed out by the United States is drawing up debt paying agreements with nations abroad. He remarked that should any of the terms of payment which have been approved unreasonable, proof of that would constitute reason for reopening negotiations.

"The people of United States are not ungenerous," Green said. "We did our full part in the war because we believed in the ideals it defended, though we had neither part nor parcel in causing it.

"Yet there are those in Europe who are deliberately fostering hate or dislike of the United States and who are withholding from their people the facts of terms of payments negotiated with the United States.

Not a Shylock

"It is hardly a prudent or a foresighted course that seeks to inflame the minds of one country against another. The demonstration of the French mutilated was a terrible reminder of the costs of war but was a very unsporting way to argue the justice of debt payments."

Green declared that American labor does not want this nation put in the role of Shylock—nor, he added, "do we wish to see imprudent generosity that fails to maintain standards of right conduct.

Good will, it was pointed out, must be based upon principles of equity and mutual consideration.

"As a matter of economic statesmanship we believe that the best investment of our nation would be the economic restoration of Europe and good will in the hearts of its people toward the United States," Green said.

"A step to this end would be a statement of policies and of terms of payment in terms understandable to all."

War Depression Is Still Hovering Over World Shipping, Says Report

By ROBERT S. THORNBURGH.
International News Service Staff Correspondent

WASHINGTON Sept. 27.—Recovery of world shipping from the post-war depression is not yet in sight, according to A. E. Sanderson of the transportation division of the department of commerce.

"Overseas trade in general has made but slow progress owing in a large measure to the economic weakness of Europe where retarded rehabilitation has offset gains in other directions" Sanderson declared.

"Consequently the balance between ships and cargoes has not yet been restored."

The volume of the world's overseas trade today barely equals that of 1913. On the other hand tonnage of shipping now in existence is much greater than the year before the war.

Registers of shipping indicate an increase in seagoing steel and iron and motor vessels of more than 16,000,000 gross tons or 39 per cent.

"The actual position is not so unfavorable however" Sanderson pointed out "for a considerable amount of this tonnage is obselete and will never again be placed in operation."

Sumarizing conditions throughout the world July 1 as compared with those of a year ago Sanderson made the following points:

Idle steam shipping was considerably less.

Full cargo freight in general were somewhat lower.

Shipping in existence was slightly greater.

Overseas trade appeared to be about the same in volume.

Ship building declined.

No material change in sales value of ships.

The steam shipping laid up in principal maritime countries of the world July 1 aggregated about 6,086,000 gross tons an increase of 241,000 tons over the total on January 1. It was a decrease of of 667,000 tons below the total of a year ago.

In the United States there was a reduction of 363,000 tons during the six months but this fall was more than offset by the rise in the United Kingdom which amounted to 613,000 tons or more than 100 per cent.

An important development took place in the employment of privately owned American shipping during the past fiscal year in that more than half a million gross tons of steamers and motor vessels were added to the active sea going fleet. General carriers represented the bulk of the addition with relatively small increases in passenger ships and tankers.

There was a decline in the employment of government owned American shipping which totaled somewhat less than a quarter million gross tons. The net increase in active American shipping on July 1 as compared to a year earlier was 250,000 gross tons.

Full cargo freight rates in general decline sharply during the first half of 1926 according to the department. The first and second quarters of the year witnessed recessions of 94 and 89 per cent respectively of the 1911-1913 average as against 103 and 96 per cent in the corresponding periods of 1925.

The outstanding feature in the employment of tramp tonnage during the first half of the present year was the chartering of numerous vessels for the carriage of coal between the United States and the United Kingdom.

Thinking lengthens life, says a physician. If you think quick enough, perhaps.

LIGHT FROST IS REPORTED

Western Pennsylvania In Grip Of First Cold Wave Of Fall

(International News Service)

PITTSBURGH, Pa., Sept. 27.—Western Pennsylvania today was in the grip of its first cold wave and a light frost was reported from the lowlands and valleys which farmers predicted may cause damage to crops.

The thermometer dropped nearly 30 degrees since Saturday night and early today the mercury read around 40 degrees. However, W. S. Brotzman, local weather forecaster predicted warmer weather for this afternoon.

Rivers High

The Allegheny and Ohio rivers here, which reached a 21 foot stage Sunday afternoon on account of heavy rains was receding today. The highway between Springdale and New Kensington near here was practically cleared of several tons of dirt and rock loosened by rain that blocked traffic.

On account of the Pine Creek bridge, connecting Sharpsburg and Etna, being undermined at one end, traffic had to be detoured. Engineers began repairing the bridge today.

Telephone and telegraph company crews are repairing damage to their wires and poles along the Bakertown and Gibsonia roads in the Northern part of the county.

What "dependable" really means

Ponder the basic elements underlying Dodge Brothers remarkable success and one simple fact stands boldly out:

The public not only believe in the goodness of Dodge Brothers Motor Car, they believe in the men who build it and the men who sell it.

That is why the word DEPENDABLE is associated the world over with Dodge Brothers name. It goes beyond the product and embraces every department in Dodge Brothers great organization.

TIMELY VIEWS on WORLD TOPICS

By GEN. GUY E. TRIPP
Chairman Westinghouse Electric Company, in an address

Electricity has gained for the United States the industrial supremacy of the world. Our workmen now have at their disposal an average of 3 3-4 horsepower per capita, which is about double that available to the workmen of England, the next most highly developed nation. Herein lies the secret of why, to quote the British prime minister, "the American workmen are able to enjoy better standards of living than any other working people in the world."

I predict that the new economic era upon which we are entering will result from two new power developments—superpower and the automobile.

Superpower is making power available almost anywhere, and this is making it possible for industries to leave congested centers, thereby permitting them to reduce costs and improve living conditions for the workers.

This will mean a check on the growth of our cities, a revival of town life, a return of that contact of industry with agriculture which was formerly so advantageous to the farmer, and will make living conditions in the country comparable with those in the city.

The wealth of both the nation and its average family will be increased. Special sectional interests will tend to be obliterated because much of the country will be part agricultural and part industrial. Hard times in any given industry will mean less suffering because few commodities will find the majority of their workers out of employment at any one time.

The automobile is saving workers an incalculable amount of time and is thereby adding to the national wealth. It is also, in marked contrast to the railroads, a decentralizing agency and is opening up an amazing number of square miles of heretofore waste lands to habitation and industry.

I must not be understood to be prophesying a millenium when troubles will be no more. Far from it. The new era will bring plenty of troubles of its own. But at least they will be somewhat different from those that have afflicted us, and they will be tempered by greater material value.

MURDER ENDS SNARL OVER NEGRO WOMAN

WAYNESBURG, Pa., Sept. 27.—Milton Baker, a negro miner, of Mather, was shot and killed yesterday in the home of Mrs. Clara Baily, a negress, also of Mather. Police are searching for James Tipton of Marianna, another negro, who, according to Wyatt Hunter of Mathers, is the man who did the shooting. Hunter, who is held as a witness, told police the shooting was the climax of a quarrel between Baker and Tipton over Mrs. Baily.

WOMEN TO AID CIVIC BODIES ON RECREATION

Council today by resolution invited the Federation of Women's Clubs to appoint two members to join the committee being formed by civic organizations to study recreational facilities of New Castle.

Today Solicitor White explained that the federation has been conducting a study of recreational facilities and had been so engaged before White presented the subject to councilmen.

Council was told by White that, at the time he broached the subject he had no knowledge of their study and today suggested they be included on the committee. Council passed Davies' resolution to that effect.

coln. And then Mr. Lincoln had two resignations."

"'I will not be hectored by politicians,' was the militancy of Salmon P. Chase—colossal finance figure through unprecedented crises."

"By the nervous and by the strong the President was implored to decline the acceptance of the challenge: public officer so tested, so proved, could be released but as invitation to national peril. And Lincoln said:"

"'The life of this government does not depend upon the personality of any one man. Chase is an able financier, he is a broad statesman. But he refuses ever to be perfectly happy unless he is thoroughly miserable and making everybody else miserable. He knows this nomination of an untried man will displease the Unionists of New York, will delight our enemies, injure our friends. He knows I cannot make this appointment without seriously offending our foremost supporters.. He resigns because I will not be obedient. I take him at his word.'"

"Tense chief of the nation showed grave appreciation of the situation. Yet he could not forego his sparkle: 'As the Irish lad said, say I,' he sallied, 'in this country one man is as good as another and often a good deal better!'"

"And that same day confided Lincoln to S. B. Chittenden, calling at the White house: 'There is not a man in the Union who would make as good a Chief Justice as Chase. If I have the opportunity, I shall appoint him.'"

Lincoln had the opportunity within six months. He sent the appointment of Salmon P. Chase as Chief Justice of the United States to the Senate and the Senate promptly approved the nomination.

World's Series Games To Start At 1:30 O'clock

Series Starts In New York City Saturday, October 2; Third Game In St. Louis

(International News Service)

CHICAGO, Sept. 27.—The regulations for the 1926 world's series and the eligible players on Cardinals and Yankees were announced here today by Judge K. M. Landis, baseball commissioner.

This schedule calls for the playing of the first, second, sixth and seventh games at the Yankee Stadium and the third, fourth and fifth games at Sportsman's Park, St. Louis.

Game time will be 1:30 Standard time throughout the series except for the Sunday game at New York which will start at 2.

The regulations provide that in case of the postponement of a scheduled game or in the case of a game called before it becomes a regulation game, the game shall be played off on the grounds for which it was originally scheduled before the succeeding scheduled game for other grounds and that the dates assigned for subsequent games shall be moved forward as may be necessary.

The series will open at New York on Saturday, October 2.

Complaints About Floor Of Bridge

Complaints are being heard about the condition of the county bridge across the Beaver river at Willow Grove. The planking is in bad shape and a section in the center has been repaired by nailing planks on top of the old ones. This makes a ridge at each end of the repaired portion. As the bridge is very narrow, being scarcely more than wide enough for two automobiles to pass, the ridges made by the repairs increases the danger of collisions.

Do Not Fail To Remove Stones

Traffic Sergeant David Nelson today issued an order that autoists stopping cars enroute up or down hills should either not use rocks as "blocks" or remove the same after the purpose has been served. The order came as a result of an accident on Croton avenue hill today. An automobile struck a rock and as a result the car was damaged.

Asks Council To Provide For Sanitary Sewer

Dr. Victor Diefenderfer today requested city council to adopt action which will result in a sanitary sewer being constructed in Logan street. The thoroughfare is of rock foundation, according to Solicitor White. Council referred the request to City Engineer Miller with instructions to present a report and most feasible plan for a sewer.

Ellwood Wins Opening Game

Champs Start Season Well With 13-0 Victory Over Evans City

TEAM LOOKS GOOD FOR FINE SEASON

By TOM MOORHEAD

ELLWOOD CITY, Pa., Sept. 27.—On a field of mud Saturday, Ellwood High started toward their second W. P. I. A. L. championship at the Ellwood athletic field. Evans City high was the first victim, being defeated by a 13 to 0 score. Both touchdowns were made by the winners in the first half. The local team surprised the fans by their brilliant playing. Altho a large score was not run up, Ellwood had it over the Butler county rivals like a tent. The condition of the field which caused frequent fumbles prevented a higher score.

Johnnie Sanders made Ellwood's first touchdown of the year. Don Johnston made the second touchdown. Ellwood's team this year is practically without any of the last year's regulars. Only two of last year's strong men, Neff and Sanders, are left from the W. P. I. A. L. champs. The new men on the team filled up the gaps to perfection, and showed that Ellwood had another good team in the making.

E. C. H. S. has a fair sized line, averaging around 155 pounds. The backfield is of about the same average and is speedy. It is hard to pick out certain stars in the game played Saturday. The line was impregnable. They held Evans City from a first down while Ellwood ran up a string of 11. This speaks for the first and second teams. Maloney, playing center, was one who showed up well. Sanders bore the brunt of the attack in the backfield. He had Tom McMurdo's place to fill and he did it like a veteran, making most of the line plunges.

Show Speed

Fanno and Johnston, the speed boys, made the longest runs, Johnston making two twelve yard runs and a fifteen while Fanno had an eighteen yard run. Fanno who weighs 120 pounds is the smallest man on the team.

Altho Evans City never caused Ellwood any worry, they fought gamely with Landerer and Davidson making the best showing. A pass in the fourth quarter, Sanders to Demas gained 15 yards, while one in the second quarter, Sanders to McCarthy, was good for 24 yards.

In Action

Sanders started the game by kicking off to Evans City 20 yard line and the ball was returned to the 30. After Evans City tried two plays without an inch gain, they punted the Ellwood 35 where it was downed. On the first play Don Johnston tore off 12 yards for a first down on the Ellwood 47 yard line. Evans City was penalized 5 yards for offside. Statti gained 3 and Sanders plunged 5 yards for a first down on the Evans City 40. Sanders gained 5 yards and Don Johnston dashed 12 more for another first down on the Evans City 23 yard line. Sanders was good for 2 yards and Johnston failed by half a foot to make a first down. In the next play Sanders went 4 yards for a first down on the 9 yard line. He rammed the line for 8 yards on the next play and took it over from the 1 yard line on the next one.

Demas started Ellwood on their second touchdown. He tackled an opponent too hard after he had caught a punt and caused him to fumble the ball. Don Johnston recovered it on his own 40 yard line. In the following play, Johnston went around left end for 15 yards. Wilson and Sanders each got two yards on two plays. A pass, Sanders to McCarthy, totalled 24 yards and it was a first down on the 16 yard line. Sanders and Johnston each got 7 yards on two plays. Johnston took it over in two plays.

Ellwood's score was kept down by too many fumbles in the last half. In the last quarter, they came when Fanno made an 18 yard run to the Evans City 13 yard line. A penalty and an incomplete pass were next on the program, and after Sanders got 7 and Clyde gained 4, the game ended with the ball on the 6 yard line.

The lineup:

Ellwood-13.		Evans City-0.
McCarthy	LE	Kline
Rabberman	LT	Neal
Labate	LG	Zeigler
Maloney	C	Kennedy
A. Mains	RG	Baer
Nehf	RT	Marburger

Children's Hour To Begin Friday At First Baptist Church

ELLWOOD CITY, Pa., Sept. 27—The kiddies of Ellwood City, who have enjoyed the privileges offered by Rev. and Mrs. Macgeorge of the First Baptist church in the last two years when they have had Children's Hour each Friday evening during the winter months, will be delighted to know that these good times will again start this coming Friday, October first.

It was just last year, that Rev. and Mrs. Macgeorge purchased a moving picture machine just for these very evinings which help to pass the long, cold winter more pleasantly. The moving picture machine and the Swiss bells are just a small part of the enjoyment provided for the children, and purchased with the nickels which is the fee required for admittance.

Sometimes there is a prize for the children, and there is one promised for this first meeting. Other times there is a special surprise, or perhaps a party is in store for the youngsters. With the work in this line, Rev. and Mrs. Macgeorge are accomplishing something worth while. The children are taught educational matters in story form and in picture. They learn the value of generosity and of unselfishness and they are shown the result of the golden rule.

Not only are the happenings of Billy Bumps shown in the pictures, but a picture depicting Bible history is usually on the program for the evening.

Mrs. J. W. Snare Will Leave With Daughter For Miami, Tuesday

ELLWOOD CITY, Pa., Sept. 27.—Mrs. J. W. Snare of Spring avenue will leave with her daughter, Mrs. Ralph Anderson, for Miami, Fla., Tuesday, as a result of a message from the latter's husband, which they received on Saturday night, telling them to come.

Mr. Anderson who is employed by the Florida Power and Light Company has been in Miami for some time, and Mrs. Snare and her daughter had planned to join him there for the winter. They were scheduled to leave here on Tuesday and did not hear from Mr. Anderson.

They did not know whether or not he had survived the storm and received no news until the telegram on Saturday night, saying that he was safe and for them to come ahead. Mrs. Snare will spend the winter with her daughter who will make he future home in Florida.

To Attend Synod At Jamestown, Pa.

ELLWOOD CITY, Pa., Sept. 27—Rev. James A. Cosby, pastor of the United Presbyterian church and O. J. Lersch, representing the elders of the church will attend the meeting of the First Synod of the West, to be conducted at Jamestown, Pa., Monday, Tuesday and Wednesday of this week. Rev. Cosby who is clerk of the Synod, will attend the meetings during the three day session, and Mr. Lersch expects to return home Tuesday night.

Rotarians Conduct Clinic For Crippled Children Tuesday

Dr. J. O. Wallace, Well Known Surgeon From Pittsburgh, Will Perform Operations

ELLWOOD CITY, Pa., Sept. 27.—Dr. J. O. Wallace, eminent surgeon of Pittsburgh, will be in Ellwood City Tuesday morning at 9 o'clock ready to conduct the clinic for crippled children which is being held under the auspices of the Rotarians.

The clinic will be conducted at the annex to the Ellwood hospital and all operations will be performed in the operating room. This work is the result of two years of hard work on the part of the local Rotarians, who have undertaken it on a large scale, planning to conduct a clinic for crippled children at the local institution each month with Dr. Wallace in charge.

Each man of the club found a child to be helped in this manner and is making the provision for the child to be at the hospital at the appointed hour — 9 o'clock. Ed Mackaseck is in charge of the committee and is assisted by a corps of willing helpers.

Special Music Is Feature Of Vespers

ELLWOOD CITY, Pa., Sept. 27—The people attending the Vesper services at the First Presbyterian church at 4:45 yesterday, were glad for the Eastern Standard time, which makes this service even more satisfactory.

No lights are switched on in the main part of the auditorium, only the rays of the sun as it spreads out its blanket of many colors before disappearing over the western hills until another day, form the soft light which glows and sparkles thru the beautiful windows and is caught up by the glints from the walls of gold.

In this setting it is easy for the people to worship with song and prayer. Rev. A. M. Stevenson does not preach at length, but his sermon, precise, is to the point, and exhilerating. Yesterday afternoon he had for his theme, "God's word, a comforting Word." Previous to the regular service, Mrs. William Dean gave an organ recital, which blended in with the remainder of the Vesper. Special music is always one of the features of this service which will be continued thruout the winter months at the First Presbyterian church.

Mrs. Jennie Hazen Admitted To Hospital

Discharged — Lois Gelbach, Mrs. Raymond Slevin and infant, Elda Weigle, Mrs. John Hudson and infant.

PATENTS GRANTED IN THIS DISTRICT

By GEORGE H. MANNING
(Washington Correspondent of The News)

WASHINGTON, D. C., Sept. 27.—Two women living in the vicinity of New Castle have recently been granted patents by the United States patent office.

Edward E. Marx, Beaver Falls, has invented a link for fastening broken chains. It consists of two pairs of double hooks joined by a swivel. Each pair of hooks resembles a pair of calipers and is designed to clamp around a link of the chain.

Clyde Thomas of Greenville, Mercer county, has invented an attachment for carpenters' rules which enables them to serve as marking gauges.

YOUNGSTOWN POLICE SEEK NEGRO HERE

The Youngstown, O., police authorities on Sunday asked the local police to be on the lookout for a negro, about twenty-five years of age, wanted in that city for cutting a woman. It was believed that he might have come to this city. He is described as being five foot ten inches in height, weighing 175 pounds and wearing a light suit with blood on the sleeve.

Child In Hospital Result Of Motor Accident Saturday

Mrs. P. J. Boyle Of Ewing Park Is Suffering From Broken Nose And Other Injuries

ELLWOOD CITY, Pa., Sept. 27—Julian, the 13 year old son of Mr. and Mrs. H. J. Haydo of Line avenue is suffering from several cuts about the face which he received in a motor accident Saturday evening about 8 o'clock, when the car driven by Mr. Haydo had a head-on collision with the car driven by Lester Vogt, in which the women in the back seat were hurt. Mrs. P. J. Boyle of Byng street is suffering from a broken nose and Mrs. Vogt from numerous bruises and cuts as a result of the accident which occurred near the foot of Brown's hill, on the Ellwood-New Castle highway.

Mr. Haydo was driving his car in the direction of Ellwood City, and his two wheels of the car got off the road. In order to return his car to the road, he landed it on the other side, directly in front of the Vogt machine, which was being driven toward New Castle. Mrs. Haydo who was riding in the front seat was thrown out and badly bruised and cut, and their little boy cut his head on the windshield, but is not in a serious condition.

The two couples in the Vogt machine were badly shaken up. Mrs. Boyle in trying to brace herself for the blow which she foresaw, was thrown toward the ceiling where she landed with such force that she broke her nose, causing the nose piece of her spectacles to bend, but not to break.

Chautauqua Speaker To Address Assembly Of Presbyterians

ELLWOOD CITY, Pa., Sept. 27.—Samuel Grathwell, mountaineer highlander, who has been on the Chautauqua platforms with the Department of Moral Welfare of the Presbyterian church, will be the speaker at the Bell Memorial Presbyterian church Wednesday evening, September 29.

The First Presbyterian, Slippery Rock and the Bell Memorial congregations will unite in this assembly to hear Mr. Grathwell, who is a prominent speaker not only from the Chautauqua platform but from the Lyceum platforms as well, and will have a very interesting message for his listeners.

CLAIMS OLDEST RAILROAD PASS

SUNBURY, Pa., Sept. 27.—What is believed to be one of the oldest railroad passes in existence is the property of Thomas J. Silvius, veteran printer of this city. It is more than 60 years old.

When his father, the late Jacob Silvius, was employed by the Pennsylvania Railroad company he was engaged in some work at Mifflin and desired to make a trip to Lancaster on July 4, 1864. J. D. Young, then superintendent of the middle division, issued a trip pass from Mifflin to Harrisburg, and there Mr. Young signed it as good to Lancaster and return. He came to Sunbury without using the pass on the return to Mifflin. He carried it for a number of years and finally his son asked him for it and received it. The son has had many requests for it, but declares he will keep it as long as he lives.

What Spain needs isn't a permanent seat, but a permanent Government.

The Odds

are against young men who are living this month on next month's pay.

Some of these days you will run into a real opportunity which requires a little cash to handle, and, as the saying goes, you will be "out of luck."

If you go to the trouble of investigating the early careers of men who are in prosperous circumstances today, you will find nearly always that they had a Savings Account instantly ready to take advantage of opportunities when they came.

Don't think this is mere preaching. It is an absolute truth, and young men who fail to heed this advice will live to admit the error of their careless spending.

Marriage License Law Is Tightened

New Rules Issued For Philadelphia Apply Particularly To Divorces

Deny Action Is Result Of Permit Allowing Sir Henry Thornton To Rewed

PHILADELPHIA, Pa., Sept. 27.—A further tightening up on rules governing the issuance of marriage license in this city was indicated when the clerks of the marriage license office, room 413 city hall, received an official copy of new regulations concerning the granting of marriage licenses to divorced parties.

The new rules handed down by Judge Thompson of the orphans' court while not particularizing Mexican or French divorces, nevertheless virtually makes it impossible for persons obtaining divorces of this character to obtain permission from the bureau in this city to rewed.

Not Due to Thornton Case.

It was stated that the new rules are not the result of the recently issued marriage license application to Sir Henry Worth Thornton, president of the Canadian National Railways, of Montreal, and Miss Martha Watriss of New York City. Following a marriage in New York state, after Thornton had been divorced by his first wife in court of common pleas No. 5 in this city, they were again married secretly in this city by Judge J. Willis Martin.

The license for the ceremony by Judge Martin was obtained in city hall and the record there discloses the fact that Thornton stated he had only been married once and that marriage severed by divorce. Miss Watriss stated that she had never been married before. The statements were made by both parties under affidavit, the clerks having no knowledge of the New York marriage issued the license.

It is known that the issuing of a license to Thornton attracted the attention of at least three judges of the orphans court having jurisdiction over the marriage license bureau, and it was said that had it been known that there had been a prior marriage in New York a license to permit them to rewed in Philadelphia would not have been issued.

Wedding Advised by Counsel.

While Sir Henry was in Atlantic City on his honeymoon he explained that he and Miss Watriss had been married in New York, but under the advice of his counsel it was decided to have the second ceremony here.

Under the new rules the clerks before granting a marriage license where either of the applicants have been divorced and the certified decree is submitted must follow the following rules:

"(1) Not to issue said marriage license unless the certified copy of the decree or other certified paper submitted shows that the respondent in said divorce was personally served with process or was represented in said divorce proceeding by some one duly authorized in writing by said respondent, which writing must be filed in said divorce proceeding.

"(2) If service on the respondent has been made by publication, a certified copy of some paper filed in the cause showing that the respondent was resident of the state granting the divorce at the time of the commencement of the action, must be produced.

Papers To Be Retained.

"(3) Whatever certified papers are submitted tending to show the above facts shall be retained by you and annexed to the application for marriage license and filed with papers therein."

The new marriage license rule, it was explained, will not conflict in any manner with divorce actions passed upon by the Pennsylvania courts.

Parole Violator Is Arrested Here

Officers Longstreth And Lynch Make Important Capture Sunday

Norman Holenback, alias Norman Hollenbank, wanted at the Western Penitentiary for violation of his parole was one of a gang of men arrested at the former cold storage place in the rear of the Maxwell coal yard on Sunday, while having a little drinking party.

When Officer D. T. Nelson arrived with the city patrol at the scene of the arrest, he recognized Holenback as the man described in a circular received a few days ago and Holenback admitted when questioned, that he was the man in the case.

He was sentenced in 1914 from Lawrence county on a charge of breaking and entering for not less than one year or more than ten years and the alleged violation of parole occured in 1921. He claims that he has done a hitch in the army since the alleged violation and that he has committed no wrong.

Today's Anniversaries

Sentence Sermons

By Rev. Roy D. Smith, D. D.

IF YOU THINK—

"Talk is cheap," try getting a few sentences from the judge.

"Money talks," try waiting until it says "Hello, friend."

"Murder will out," you probably mean "The murderer will out."

"Revenge is sweet," look at the faces of those who have tried it for years.

"Two can live as cheap as one," "ask dad, he knows."

"Your purse is your best friend," try taking it to a death bed with you.

"You get what you go after," you will get it and then some, watch the "then some."

Miss Rodgers Gained 15 Pounds in Six Weeks

Skinny Men and Women Gain 5 Pounds in 30 Days or Money Back

My Dear Friends:
After my attack of Flu I was thin, rundown and weak. I had a sallow complexion, my cheeks were sunk in and I was continually troubled with gas on my stomach. I felt stuffy and had lost my appetite. I had read about McCoy's Cod Liver Oil Compound Tablets and decided to give them a trial. At once, I began to pick up an appetite, my cheeks filled out and my complexion became healthy looking and I gained 15 pounds in six weeks and am very thankful for what McCoy's Cod Liver Oil Compound Tablets did for me.

Miss Alberta Rogers, 264 W. Cerro Gorda St., Decatur, Ill.

To take on weight, grow strong and vigorous, to fill out the hollows in cheeks and neck, try McCoy's Cod Liver Oil Compound Tablets for 30 days. 60 tablets—60 cents at McKee's Kut Rate Store, Love & Megown, Eckerd's of New Castle, Inc. and live druggists everywhere. If they don't give you wonderful help in 30 days, get your money back—you be the judge. But be sure and ask for McCoy's, the original and genuine.

Rally Day Observed In Local Church

Large Attendance At Rally Day Service—Other News Notes Of Seventh Ward

The annual rally and promotion day was observed Sunday morning in the Madison Avenue Christian church. A joint session of Bible school and morning church service was conducted. A large attendance of members were present. The platform for the occasion was attractively decorated with bouquets and baskets of vari-colored fall garden flowers. The service was most interesting.

A special program had been prepared by the committee, in charge of the rally day services. The program consisted of songs by the different departments of the Bible school and choir, with the presentation of certificates to classes being promoted from one class to another or from one department to another. Rev. Sniff, pastor of the church, gave a most interesting rally day talk.

Much of the credit for the success of the service is due the committee in charge of the rally day composed of Mrs. J. B. Bumbaugh, Mrs. Rose Gardner, Mrs. Walter Wilkins, Miss Irene Dibbley and Miss Helen Wilson.

Value Of Crops In Lawrence County Is Nearly Four Million

Surprising Figures Revealed Today By Departments Of Agriculture For 1925

Tame Hay Leads Crop Production—Nearly 5,000,000 Gallons Of Milk Produced

Statistics revealed today by the Pennsylvania and the United States Departments of Agriculture show that the production of farm crops in Lawrence county in 1925 including wheat, corn, rye, oats, buckwheat, potatoes, tame hay, apples, peaches, and pears; and other farm products consisting of milk, eggs, honey, and wool were valued at nearly four million dollars, a surprising amount to the average resident here.

Tame Hay led the crop production with a valuation of $712,298.40. The production was 53,962 tons, and the number of acres utilized was 40,880. Corn followed second in value with 668,710 bushel produced on 14,350 acres, valued at $628,587.40.

Records Given

Acres utilized, crop production and value of the remaining crops named above follows:—wheat, 10,790 acres, 174,798 bushel produced, value, $244,717.20.

Rye, 700 acres, 10,010 bushel, value, $9,209.20.

Oats — 14,140 acres; 598,122 bushel; value $299,061.00.

Buckwheat—1,160 acres; 24,940 bushel; value $24,191.80.

Potatoes, white—1,400 acres; 182,000 bushel; value $331,240.00.

Apples—53,380 bushel; value $90,746.00.

Peaches—2,960 bushel; value $6,808.00.

Pears—2,010 bushel; value $3,115.50.

Of the other farm products given milk netted the largest returns. The number of gallons secured in this county was 4,859,430, and its value was placed at $1,117,668.90. This however included milk used in making 497,440 pounds of butter which was valued at $263,643.20.

Egg Total High

The number of eggs produced on the farms here totaled 758,460 dozen with a valuation placed at $310,968.60. Wool to the extent of 40,390 pounds was marketed with a value at $19,791.10. Honey also was included in the list, 25,614 pounds being produced. The honey was valued at $6,659.64.

The estimated amounted of commercial fertilizer used on farms here was 3,096 tons valued at $87,307.20. The estimated amount of lime-fertilizer utilized was 7,611 tons valued at $48,329.85 the report stated.

CHILD IS STRANGLED IN PECULIAR WAY

GREENVILLE, Pa., Sept. 27.—In a most unusual accident yesterday at the home of Mr. and Mrs. Garry Johnston, Sharon-Greenville road, their son, Lyle Franklin, eight months old, was hanged when he crawled over the foot of his bed. His body was found by his grief stricken mother, who had left him on the bed asleep about an hour before. The child had evidently awakened and tried to crawl out of bed. When he reached the foot of the bed his body slipped between the mattress and one of the bars of the iron bedstead, but his head would not go through. Strangulation probably occurred.

Synod Meeting Of U. P. Church In Jamestown, Pa.

Fine Program Arranged For 69th Annual Session On September 27, 28 and 29

The 69th annual meeting of the Synod of the United Presbyterian Church of North America will be held in the U. P. church of Jamestown, Pa., September 27-28-29.

Ministers planning to attend from this city include Dr. S. E. Irvine, Rev. A. J. Randles, Rev. C. J. Williamson and Rev. S. B. Copeland.

The Synod will open this evening with devotional service by Rev. S. Boyd Johnson of Niagara Falls and sermon by the moderator, Rev. James M. Ferguson, D. D., of Bellevue, Pa.

On Tuesday morning the Bible study will be conducted by Rev. James D. Barr of New Wilmington. Other speakers for the day include Dr. Charles Wallace, president of Westminster college; Rev. S. C. Gamble, D. D., of Butler, Pa., and Dr. Howard Buchanon, missionary to the Soudan, Africa.

Rev. M. S. Rice, D. D., pastor of the Metropolitan M. E. church of Detroit, Mich., will give an address Tuesday evening. Rev. Rice is one of the outstanding leaders of the Methodist denomination. He was elected a bishop on the first ballot four years ago but declined, preferring the pastorate.

Rev. George H. Cheesman of Portersville, Pa., will lead the prayer and praise service on Wednesday morning. "With Jesus in the Holy Land" will be the subject of the address of Rev. John McNaugher of Pittsburgh. Rev. James A. Cosby of Ellwood City is stated clerk of the Synod.

New Castle Branch To Meet Thursday

Life Underwriters Are To Hear W. R. C. Rowan Of Pittsburgh That Evening

The first fall meeting of the New Castle Branch of the Pittsburgh Life Underwriters Association will be an event of Thursday evening, September 30, at the Elks' Club. It will be a dinner meeting.

W. R. C. Rowan, of Pittsburgh, an authority on state and federal inheritance taxes, insurance trusts and the conservation of estates, and the part that life insurance plays in these questions, will be the speaker at this meeting and will have a message that will interest all members.

Thomas I. Elliott and Paul Welsh of this city will also speak.

Daniel Reebel, chairman of the New Castle branch, has announced that the election of officers for the coming year will take place at this meeting. W. G. Wheeler, a member of the executive committee, has charge of the arrangements for the meeting and has reports indicating an unusually large attendance.

Pennsylvania Far Ahead Of Most All States Of Country

Few people, especially native Pennsylvanians realize the importance of Pennsylvania, as a part of the United States and as a unit as compared with some of the greatest countries of the world, when it comes to its resources and its natural and manufactured products, although its population as compared with the whole United States and other countries, is very small and would not begin to indicate its real position in world affairs.

The importance of Pennsylvania is best shown in the publication of the booklet "Pennsylvania, the Makings of a World Power" of which George H. Ashley, state geologist, is the author.

In it is the interesting fact that while the 32nd state of the Union in size, it is second in wealth, population and importance. Its present position is due to the genius of its men and women, according to Mr. Ashley. In the first place, they were people who came here for religious freedom and were a people capable of independent thinking and action. This has been demonstrated according to Mr. Ashley not only in the results in Pennsylvania but by the recognized fact that emigrants from Pennsylvania into other parts of the country or their descendants have played a leading part wherever they have gone.

More Coal Than Any Other State

Until January 1, 1920, there had been more coal mined in Pennsylvania than in all the rest of the United States. One-third of the pig iron of the country is run in Pennsylvania. Mines and industries of the state using mineral products are responsible for two thirds of the industry and wealth of the state. The productive industries of Pennsylvania annually yield values exceeding eight billion dollars. One-seventh of this is represented by mining. In 1923, the mineral products of the state were 23.6 percent of the total mineral production of the United States.

In fact, Pennsylvania is the peer of any country in the world as a mining state according to Mr. Ashley. The value of the mining production in Great Britain in 1923 was $1,158,000,000 as compared with Pennsylvania's $1226,000,000. Germany's production was something less than a billion dollars while that of France was about 800,000,000.

A comparison of England and Pennsylvania might help in figuring out importance of the latter. Pennsylvania has an area of 45,126 square miles, while that of England is 50,933 square miles. The population of England in 1921 was 37,885,242 while that of Pennsylvania was but 8,720,017. The density of population of Pennsylvania was 194 as compared with 701.3 for England. The wealth of England is from 100 to 120 billions of dollars while that of Pennsylvania is thirty-three billion dollars. Taxes for government purposes in England is $3,856,780,000 while those of Pennsylvania are but $464,482,000. Agricultural products of England are placed at $1,242,287,500, while those of Pennsylvania are $471,000,000. Mining production in England in 1922 was $1,158,752,247 and in Pennsylvania in 1923 it was $1,226,284,404.

In 1922, England mined 249,606,864 tons of coal, while Pennsylvania mined 265,218,922 tons. England in the same year had an iron ore production of 6,867,512 tons to 992,102 tons for Pennsylvania in 1923. Pig iron production of Pennsylvania in 1923 was 13,898,624 tons to 7,439,000 tons for England in the same year. The steel production of England in 1922 was 8,449,000 tons and that of Pennsylvania in 1923 was 17,544,027 tons.

Other products of the two countries in the same period of time as given in the above named products follow: Limestone and chalk—England 12,449,579 tons, Pennsylvania 12,538,350 tons; sandstone—England 2,140,301 tons, Pennsylvania 1,405,330 tons; sand and gravel—England 2,253,884 tons, Pennsylvania 9,221,292 tons; slate—England 231,410 tons, Pennsylvania 200,000 tons; clay products—Englang 6,480,699 tons, Pennsylvania 3,500,000 tons; fisheries—England $86,074,758, Pennsylvania $500,000; water power developed—England 200,000 horse power, Pennsylvania 284,000 horse power.

The total cost of government in Pennsylvania including state, federal and local taxes is placed at $714,500,000.

What Do You Think of This for

A Loaf of Bread?

Enough bread to feed one-fifth of the people of the United States for one year was the size of a loaf that was conceived by combining all the flour used in a year by the members of the **Quality Bakers of America** at their Eighth General Conference in New York City, September 13th, 14th, 15th, and 16th at the Hotel Waldorf-Astoria.

The pan needed for this "champion" loaf would measure 8855 feet in length, 4422 feet in width and would be 2933 feet high. Such a pan naturally does not exist, nor an oven in which to bake this loaf.

New Castle, Pa., was represented at this conference by Mr. R. I. Galbreath of the **O. C. Orr Baking Co.**, members of this organization of non-competing, independent, wholesale bakers in which membership is by invitation only.

Mr. Galbreath reports that it was one of the finest conferences he has ever attended and was a "Progress Conference" from start to finish, great emphasis being placed on the exceptional progress the organization has made since its inception several years ago.

Every conceivable question and problem relating to the management of a baker, bread advertising, salesmanship, production purchasing and accounting were gone into and discussed in open conference during the four day session. It is the aim of this organization to give the public the finest loaf of bread that can be baked and the best of service to the grocers.

The combined business of the **Quality Bakers of America** went over the 30,000,000 figure last year according to Ivan B. Nordhem, secretary of the organization and there are more than 1600 salesman in the organization.

How to stop BOILS!

There's only one way to stop boils. Stop the cause of boils! That's common sense—isn't it? All right. Boils thrive because the blood gets so weak in healthy, red cells that it can't throw off the impurities that get into the body. There's not enough rich, red blood to purify the system.

Now—S. S. S. builds back the blood to fighting strength. S. S. S. builds red-blood-cells—builds them by the millions! Boils dry up!

S. S. S. is the thing. Impurities that cause boils and other skin eruptions can't stand up against the rich, healthy, red blood that S. S. S. builds. That's all there is to it.

Stop boils with S. S. S. It's the way. Get it at any druggist. The larger bottle is more economical.

CHILD PRODIGY PLAYS PIANO

(International News Service)

BERWICK, Pa., Sept. 27.—Mildred Hons, 4-year-old daughter of Mrs. Fred Berry is being hailed as the child prodigy of this section of the state, and not a few authorities who have examined the child have pronounced her actions as remarkable.

The child, hardly able to reach the pedals when seated at a piano or organ, has shown an exceptional gift in music.

She has been totally blind since a few days after birth. Despite this handicap she romps and plays with children in the neighborhood, making her way about in an uncanny manner.

Some time ago at church with her mother, she heard the hymn "The Old Rugged Cross," played on the organ. Upon her return home, the child seated herself at the piano and played the hymn with near perfection.

Her unusual ability came to the attention of a local minister who has interested himself in her case to the extent that he had several child experts examine her. He has assured the mother that he will care for the child's musical instruction when she becomes of an age advisable for her to take lessons.

Chief Starts War On Town Loafers

(International News Service)

WEST HAZLETON, Pa., Sept. 27. "Loafers" who pick their haunts near the several churches of this little city will have to stop the practice or go to jail, Chief Burgess Anthony Kubitsky today told members of the police department.

The local chief burgess stepped into the limelight some time ago with his "work or jail" edict, and, in making the order concerning the loafers near the several churches, stated that it will be carried out with the same thoroughness as the former order.

Many of the young men of this town who refused to go to work were given a 10-day jail sentence by the chief burgess. He has practically established an "everybody work" town as a result of the ruling.

Tractor Owner Obeys State Law

(International News Service)

TOWANDA, Pa., Sept. 27. — George Crowley, of Windham, near here, rather than violate the highway laws of the state by crossing a road with his tractor, drove twenty miles to Sayre to apply for the necessary papers.

Crowley was plowing in a field along the state highway. As he prepared to move his tractor and plows across the highway to another field he was told it would be necessary to have a motor vehicle license in order to move his tractor on the road. The tractor was left idle and the trip to Sayre followed.

Lewistown Also Has Bird Convention

(International News Service)

LEWISTOWN, Pa., Sept. 27.—One of the surest signs of fall, according to persons living in view of Ards Ridge, near here, has appeared. Thousands of blackbirds can be seen each evening organizing for their southern tour.

Hunters, taking advantage of the organized groups, have obtained filling for blackbird pies.

New Castle Driver Loses His License

(International News Service)

HARRISBURG, Pa., Sept. 27. — Drivers' licenses of forty-two persons were revoked and thirteen names placed on the blacklist in the summary of the past week made public today by the State Department of Highways.

Twenty-six of the revocations were for intoxication, nine for transporting liquor and only three for reckless driving. Thirteen of the blacklistings were for intoxication.

Included in the list of revocations for intoxication were H. H. Wright and Ed. Brewer, both of Erie; William Richardson, Sharon; James Steele, New Castle, and Guy Fifield Hayden, Oil City.

The license of Benjamine Laster, Allentown, was revoked for transporting liquor and that of Charles Vanderpool, Towanda, for reckless driving.

Red Cross Renews Plea For Aid For Hurricane Victims

Five million dollars has been asked by the people of the United States for the relief work in Florida by the American Red Cross. The Lawrence county chapter of the American Red Cross hopes that the people will unloosen their purse strings and contribute towards the meritorious work the Red Cross is endeavoring to accomplish.

Checks should be made payable to the American Red Cross or Frank W. Smith treasurer and sent promptly to the local Red Cross headquarters, Safe Deposit and Trust Co., Mercer street.

To date this chapter has received but $45 while in Pittsburgh already $10,000 has been received nad sent and it has been necessary to get extra help in the office to assist with the mailing of receipts to the donors of the contributions.

Come everyone who can and contribute something towards this fund. It is needed badly. It is declared that as each day goes by it is being demonstrated that the American Red Cross is coping with one of the biggest jobs in its history and meeting the situation promptly but that the cash requirements are very heavy because of the people losing not only their homes but all personal belongings.

Come citizens of New Castle and Lawrence county, help with this work and send your contribution in at once. Let the quoto from the Lawrence county chapter be large and one to be proud of.

Another contribution has been recived. This is $3 from Miss Martha Bigley.

Police Arrest Many In Week End Raids

Collections Are Good On Account of Numerous Offenders In Custody

Police of the city were exceptionally busy over the week-end and made numerous arrests, especially offenders charged with being drunk or having parties in which liquor figured.

Walter Maloney and William Gibson appeared to be hosts at the Gibson place on Norris Way, Sunday morning at a little booze party and they and five visitors were arrested by Officers Hillers and Longstreth. Maloney and Gibson paid fines of $10, while the five visitors were allowed to go under suspended sentence.

Walter Latkopsky and wife, Frances Latkopsky, and four visitors at their place were arrested Saturday evening by Officers John Moore, M. J. Young and Detective C. G. Logan. Walter and his wife paid fines of $100 each on charges of being keepers of a disorderly house, while two visitors paid fines of $5 each and sentence was suspended in the case of two others.

Angelo Magenti, arrested by Officers Hagan and Llewellyn and charged with disorderly conduct on account of his actions, paid a fine of $100.

Traffic Officer Jackson Now in Good Health

Indigestion and Run-Down Condition, Threatening Health, Quickly Relieved by Tanlac. Kidney Strengthened

The thousands of men and women who have been helped by Tanlac prove that nearly everyone can enjoy good health, strength and youthful energy. William A. Jackson, 1844 South Yewdell Street, Philadelphia, an efficient, popular member of the Traffic Squad in his city, recently said: "For more than a year I had such severe pains in my stomach that I feared I had appendicitis and was terribly worried. I had no appetite for food. And when I ate my stomach would bloat with gas which caused hours of suffering.

"Whenever I moved, a pain shot across the small of my back. And weak kidneys disturbed my night's rest. I tried a great many treatments in the search for relief, without success. Then I resorted to Tanlac.

"And this wonderful tonic has relieved all of my troubles. My stomach is in fine shape. I am enjoying a wonderful appetite. I sleep soundly and have better health than in years".

Tanlac, nature's remedy made from roots, barks and herbs according to the famous Tanlac formula, usually brings wonderful relief to suffering people. It helps build up strength and restore good health. Begin taking this wonder tonic now. At all druggists. Over 40 million bottles sold.

Organizations Co-operate With American Red Cross

A letter has been received at the local Red Cross Association naming a number of the national organizations co-operating with the Red Cross in their relief campaign. The letter received is as follows:

The following national organizations are co-operating with the American National Red Cross in the campaign for the Red Cross Florida Relief Fund:

1. Chamber of Commerce of the United States has asked all of their members to assist the Red Cross Chapters in raising the $5,000,000 required by the relief work.

2. The Federal Council of the Churches of Christ in America urges local churches throughout the country to give their generous assistance in the securing of funds.

3. David A. Brown, the National chairman of the United Jewish Campaign, has wired all chairmen of his organization throughout the United States to work with the the local Red Cross Chapters in the drive for $5,000,000.

4. Robert E. Condon, the National President of the United States Junior Chamber of Commerce, has requested all Junior Chambers of Commerce to co-operate with the National Organization and the local Chapters of the American Red Cross in the campaign for funds and the relief work in Florida.

Very sincerely yours,
JOHN BARTON PAYNE,
Chairman.

Dear Sisters:—

This is the regular meeting night being the last meeting of the quarter to look to your dues. St. Mary's members are entertaining in the Knights of Pythias hall on Thursday evening, September 30 and from all reports there will be a good time for all. Euchre, five hundred and bingo for those who do not dance. And you should see the prizes.

Mae, our vice regent and her orchestra will be there with lots of peppy music for the dancers, so step out and bring your friends. Show them how the C D. of A. can entertain.

All members wishing tickets can get them at this meeting. Members having tickets are asked to make returns at this meeting.

Fraternally yours,
MARGARET FLANAGAN.

Piles Go Quick

Without Salves or Cutting

Thousands who have piles have not learned that quick and permanent relief can only be accomplished with internal medicine. Neither cutting nor any amount of treatment with ointments and suppositories will remove the cause.

Bad circulation causes piles. There is a complete stagnation of blood in the lower bowel and a weakening of the parts. Dr. J. S. Leonhardt was first to find the remedy and called his prescription HEM-ROID. Dr. Leonhardt tried it in 1,000 cases with the marvelous record of success in 98 per cent and then decided it should be sold by druggists everywhere under a rigid money-back guarantee.

Don't waste any more time with outside applications. Get a package of HEM-ROID from McKee's Cut Rate Store and Eckerd's of New Castle, Inc., today. It has given safe and lasting relief to thousands and will do the same for you.

Style Show By Jiles Shoppe At Penn Theatre

New Castle will see a showing of fall styles for women today, Tuesday and Wednesday when the Jiles Shoppe will hold a Fall Fashion Revue in the Penn theatre.

For the showing, six professional models have come to New Castle to display a wealth of gowns, dresses and suits. The Jiles Shoppe has many direct imports among its stock of gowns, and every one displayed at the show has been taken from stock.

To the girl or woman who likes a touch of distinctiveness in her frock, the show will particularly appeal. Every one shown is an outstanding example of the clothing artist's wizardry, and every one shown is available in the Jiles Shoppe on North Mill street.

The young ladies who will display the gowns and frocks, arrived in the city today and are ready for the opening show tonight.

TEACHING IN NEW CASTLE

Slippery Rock Students Are Assigned To New Castle Schools

OTHER NEWS OF SLIPPERY ROCK

(Special To The News)

SLIPPERY ROCK, Sept. 27—The following students of Slippery Rock State Normal school are doing their practice-teaching in the schools of New Castle: Miss Thelma Armstrong and Miss Frances Arkwright are at the Oak street school. Miss Hanna Courtney and Miss Helen Wright are at the West Side school. Miss Virginia Perdue and Miss Gladys Griffith are at the Rose avenue school. Miss Alberta Brenner and Miss Iva Howell are at the Lincoln and Garfield school. Miss Elizabeth Geiger and Miss Grace Miller are at the West Side school. Miss Helen Burry and Miss Thelma Pankratz are at Aiken school. The student teachers will practice under the various critic teachers until November 14 when new students will be assigned to the schools.

New Adviser System

This year the freshmen of Slippery Rock Teacher's College have been divided into eighteen groups, in charge of each one is a faculty adviser. The adviser is a friend in need, someone to whom the student may go for advise and help under all conditions. There will be few or no formal meetings of the groups and their advisers, but the faculty member will meet each member of his group informally at frequent intervals.

This group division for the purpose of aiding freshmen is hitherto untested at Slippery Rock but since it has been successful at many larger colleges it is being introduced there in order that the freshmen may feel more at home in their new surroundings. Those teachers who have been selected follow: Mr. Thomas Blaisdell, Mrs. Arnold, Miss McClymonds, Mr. Porter, Mr. Lady, Mr. Menser, Dr. Hamm, Miss Elliot, Mr. Dimmitt, Mr. Tinker, Mr. Headland, Mr. Heim.

Faculty Committees

The first meeting of the Slippery Rock State Normal school faculty called by Dr. J. Linwood Eisenberg, president of the school was the time when the various committees were appointed for the school year 1926-1927. The first named on each committee will serve in the capacity of chairman.

Credits, Miss McKay; dining room, Miss Johnson, Miss McCandless and Miss Campbell; athletics, Mr. Thompson, Dr. Gallagher, Miss Stearn and Miss Compton; school paper, Dr. Blaisdell, Mr. Allison, Miss Elliot, Miss Mary, Miss McNeil; publicity, Dr. Waldron, Dr. Wagenhorst, Mr. Heim, Mr. Cottrell; recommendations, Dr. Wagenhorst,, Mrs. Porter, Miss Kramer, Miss Truby, Miss Grubb; extra-curricular activities, Dr. Waldron, Miss Johnson, Mr. Thompson, Mr. Tinker, Miss Jones; social life, Miss Johnson, Mr. Thompson, Mr. Porter, Mrs. McCandless, Mrs. Arnold, Miss Stern, Miss Campbell and Dr. Waldron; chapel, Dr. Eisenberg, Dr. Hamm, Dr. Blaisdell and Miss Gerberich.

Croton Avenue Man Finds Family Gone

Reports That Wife And Two Sons Are Gone On His Return From Woodlawn

According to the report made by Paul Adancwicz of 1008 Croton avenue, on his return Saturday afternoon from Woodlawn, Pa., where he has been employed for some time, he found that his wife, Mrs. Helen Adancwicz, aged 30, and his two sons, Henry, aged 12, and Edwin, aged 10, had left, taking all their clothing with them.

Claiming that he knew of no reason for their departure, he asked the assistance of the police in an effort to locate them and have them return to their home here.

Mr. Adancwicz has been working at Woodlawn and has been returning home every week-end. Mrs. Adancwicz is described as being of Polish nationality, five feet five inches in height and weighing 118 pounds. She is a blonde.

Former Residents' Son Is Injured

Five Year Old Son Of Mr. And Mrs. Harry Campbell Hurt At Warren, O.

Dale the five year old son of Mr. and Mrs. Harry Campbell of 31 East Franklin street, Warren, O., all of whom resided at 418 West Park Way, this city, until last week, was slightly hurt Saturday morning, when he ran in front of a machine driven by F. S. Fuscas, near his home, in that city, and was knocked down by the latters machine. His head struck the pavement with considerable force, when he fell and it was feared that he had sustained some serious injury.

The driver of the machine removed the boy to St. Joseph's Riverside hospital in Warren and later in the day, the boy was able to be removed to his home. It is hoped that there will be no serious results from the injury.

Farmers In Lawrence County Have Modern Conveniences Today

Monthly Or Yearly Bath In Barrel Of Rain Water Replaced By Bath-tub

Auto, Radio, Telephone, Electricity Hold Sway—Labor Saving Devices In Use

Farmers of years gone by may have had to use candle light to read by night, butter to churn by hand, long tiresome trips to the city with that "Old Gray Mare", and monthly or yearly baths in that cold barrel of rain water, but those days are passe, according to information received today from the Pennsylvania Department of Agriculture, giving a detailed report of the farm home labor saving devices and conveniences which include the well known automobile, the radio, tractors, telephone, electric service, cream separators, bath rooms, running water and the like.

Records show that in Lawrence county there are 2600 farms and included in this number 2031 automobiles are found,almost an average of one per person. Telephones are almost as popular as the motor car to the farmer of today, there being 1,766 telephone connections in the rural districts here.

Many Have Radios.

Other conveniences on farms in Lawrence county follow:—motor trucks on farms, 300; tractors on farms, 303; farms having silos, 1,302; farms having gas engines, 781; farms having electric service, 310; farms using cream separators, 1,354; radios on farms, 340.

Bath rooms are breaking forth in prominence among long farmers, there being 130 in this county. Instead of the usual half mile trot to the well for water, running water is now available in 208 homes, with heating systems installed in 781 country homes here.

In spite of the unusually large number of motor cars found on the farms, the horse is still holding its own, records showing 5,010 horses on farms in the county. The horses are valued at $541,080.00. And those people who don't think there are many mules in this locality will be surprised to hear that exactly 190 mules are listed hereabouts. The mules are valued at $20,710.00.

Cows Aplenty.

Milch cows and heifers, two years old and over number 11,370 with a valuation of $807,270.00. The remainder of the live-stock follows:—

Other cattle—6,040; value, $256,481.00.

Sheep—7,310; value, $65,790.00.

Swine—5,900; value, $116,820.

Chickens, hens and pullets only—159,790; value, $196,541.70.

Hives of bees—1,350; value, $8,437.50.

Totals of live stock give above and valuation was for year, 1925.

North Street Pupils To Present Program

All of the program of the North Street Junior high school on Tuesday morning will be made up by students of the school. The exercises will be held in the Senior high school auditorium and every parent and friend of the school is invited to attend.

The exercises will be opened with a song selection and the devotional period in charge of Miss Kuntz. Lorin Kannenberg will talk on "Things To Avoid In Student Government." Miss Mary E. Blackwell will present a reading, Myrabell May will be heard in a song and Samuel Francis will present a piano solo. The program will close with the singing of "America."

NEGRO KILLS PAIR, WOUNDS FIVE AFTER LOSING AT POKER

WILLIAMSON, W. Va., Sept. 27.—Henry Johnson, Negro, wanted in connection with the slaying of two Negroes and the wounding of five others in East Williamson last night, was arrested at Vulcan, W. Va. A state trooper, Private Carl Moore was shot in the left hand by the Negro before he was overpowered.

The shootings last night, according to the state police, were the result of a poker game in which Johnson "went broke." The two men killed were Paul Smiley and Henry Martin.

CRANE TURNS OVER, STEAM KILLS MAN FASTENED IN CAB

STEUBENVILLE, O., Sept. 27.—Robert Callendar was scalded to death at the Weirton Steel Company's plant when his crane turned over and pinned him in the cab. Escaping steam from the crane boiler scalded him to death before aid could reach him.

Callendar was formerly a theatrical man and was widely known in this district as an entertainer.

TROLLEY HITS AUTO KILLS THREE MEN

NEW PHILADELPHIA, O., Sept. 27.—Two negroes were killed instantly, another died two hours after their automobile was struck by an interurban car of the Northern Ohio Power & Light Company on a private crossing last night.

The dead are William Banks, his brother, Charles, employes of the Royal Sewer Pipe Company, near Midvale, and Clifford Blaston of New Philadelphia.

William Banks and Blaston were killed instantly. The younger Banks died in the Dover hospital shortly after being admitted.

The machine was driven by William Banks, whose view of the crossing, it was said, was obstructed by a house. The heavy street car ploughed into the machine in the middle of the crossing.

WHICH IS BEST SOUSA MARCH?

"Stars And Stripes Forever", Says Nation—The Last One, Says Sousa

"Which is the best Sousa march?"

"Stars and Stripes Forever," says the American public and it backs its judgment with almost a half million dollars worth of royalty on the sheet-music in addition to buying 10,000,000 copies of the talking machine records.

"The last one," says Sousa, who this season makes his thirty-fourth annual tour with his famous band.

"At home," says Sousa, "I always have had a habit of inflicting each new composition upon the family. Each first performance always brings the chorus, 'the best thing you ever have written,' but I know that it is a chorus of derision, because before I play the new number, I always announce that it is the best thing I ever have done.

"Seriously, at the moment of writing, each march has seemed to me to be the best thing I have written, and I would not be fair with myself or with a public that has been enormously kind to me, if I did not declare to myself that I was writing something better than anything I ever had written before. Of course, in the well-known 'cold gray dawn of the morning after the night before' I realize that the graph of my work as a composer has not been a steadily-mounting, unbroken line. But I have tried to make each composition better than its predecessors and if I have a philosophy, I believe it is expressed in the conviction that even with a considerable career behind me I must keep up the pace. Because I have seen so many conductors come and go, I realize, perhaps more keenly than any other person in the world, that the Sousa marches and the Sousa band this year and each year to come must be better than ever before."

The famous march king and his band play in New Castle on Wednesday, October 6th, the opening concert on the Educational Art Society Artist Series.

In addition to the evening concert, the Art Society has arranged a special priced matinee for boys and girls of elementary or high school age. This will be a full program by the entire band under the personal direction of Mr. Sousa. Special numbers on the matinee program will be a soprano solo by Miss Marjorie Moody, a cornet solo by Mr. John Dolan, a Xylophone solo by Mr. Howard Goulden and a Saxophone Octette by Messrs. Heney, Kincaid, Sullivan, Spalti, Madden, Conklin, Schlanz and Monroe. This special matinee is open to any boy or girl in the county and teachers who wish tickets for their schools, should notify the Art Society at once.

U.S. Entrance To World Court In Vague Future

By GEORGE R. HOLMES.
International News Service Staff Correspondent
Copyright, 1926, By International News Service

WASHINGTON, Sept. 27—American entrance into the world court has almost faded entirely out of the international picture.

The official announcement at the White House that President Coolidge does not approve the evasive manner in which the powers have dealt with the senate reservations, and that he is disinclined to submit a new protocol to the senate, thereby inviting a new and more acrimonious party struggle was taken as shoving the whole project into a more or less permanent pigeon hole.

The president's attitude is that the senate reservations are clear and explicit, that they are necessary to protect American sovereignty and that the powers can "take it or leave it."

This the powers have not done. They have supplied their own interpretation of the reservations—an interpretation totally at variance with the senate's purpose and the administration's conception of the meaning of the reservations.

Some of the unwritten history of the bitter court fight in the senate last winter came to light today and afforded an illuminating insight into the present decision not to enter the court upon any other terms than those explicitly laid down by the senate.

When the court fight was in one of its most intense phases last January it was learned, a number of influential administration senators, vastly perturbed, informed President Coolidge and Secretary of State Kellogg they could not support the court on the basis of the Harding-Hughes-Coolidge reservations which they did not consider sufficiently strong to protect American sovereignty.

Cyclonic Tempests Hit Italian Coast

(International News Service)

LONDON, Sept. 27.—Cyclonic tempests which in the past week have wrought havoc in various parts of the world today struck the city of Brindisi on the eastern coast of Italy, according to a Central News dispatch from Rome.

The winds have caused tremendous damage, it was stated, and accompanying floods have isolated several sections. Many casualties are feared, although severed wire communications make definite information impossible. Brindisi has a population of 26,000.

Nearly 9000 Hunting Licenses In Mercer County—Other News Of District

(Special To The News)

MERCER, Pa., Sept. 27. — A letter from Mr. and Mrs. Frank Ray at Little River, Florida, is to the effect that they had one of their houses destroyed and another badly damaged. They ran from their home to a neighbor's garage for the period of the hurricane. Both are well known here where they were born and reared.

To date a total of 960 hunting licenses for 1926 have been issued in Mercer County. The dog license issue for the year is 8757 which is 607 more than that of 1925.

Any desirous of contributing toward the relief of people in the devastated areas of Florida through the medium of the Red Cross are given an opportunity to work through the Mercer County Chapter by the receipt of a telegram here today from the chief at Washington. Checks should be sent to Mrs. W. H. Jones, County Commissioners' Clerk who is also secretary of the county chapter.

County Red Cross officials stated that there will be no solicitation for funds nor county wide drives take place.

While County Chairman of the Republican Party M. M. Simons has announced firmly on a speechless campaign of state candidates for this fall, C. B. Hines, of Stoneboro, Democratic party chairman promises plenty of public addresses if the opportunity presents itself. Mr. Hines said today that in event of Republican senators who are endorsing Democratic candidate Wilson coming into the state to speak that he will make a bid for their services at once.

In The News Here And There

(International News Service)

ASHLAND—Believing that the large number of mine explosions in this region is due to faulty dynamite, officials of the United Mine Workers of America will conduct an investigation into the kind of explosives furnished by the companies. More than a dozen fatal explosions have occurred in the anthracite fields during the past few months.

POTTSVILLE—An effort will be made to prevent live bird matches in this part of the state, opponents of the sport claiming it is sinful and cruel. At a recent match held at Cressona, officers of the society for Prevention of Cruelty to Animals were present gathering information for their drive against the pastime.

MOUNT CARMEL — The Sons of Veterans and the Grand Army of the Republic have laid plans for the erection of a theatre here. It will cost approximately a half million dollars and will be one of the most beautiful in the coal belt, it was said.

FLORIN — With more than a half-dozen cases of typhoid fever in local hospitals, it is feared an epidemic has gripped this part of Lancaster county. County medical authorities have started an investigation to locate the cause of the outbreak.

LEBANON — A family of county officials is the Light family of Lebanon. Dr. Seth A. Light is county jail physician; Dr. John Joseph Light is county treasurer; Ray G. Light is district attorney. The three are brothers. Two other Lights distant relatives to the three brothers hold county offices. They are Dawson W. Light, county solicitor, and his brother, John H. Light, county commissioner.

GETTYSBURG — The first football accident for this season in Gettysburg happened in the first workout of the squad at Gettysburg Academy when S. Winfield Herman, Jr., of Harrisburg, had his right wrist broken.

Government Plans To Close Daugherty Trial During Day

By DAVID P. SENTNER
International News Service Staff Correspondent

NEW YORK, Sept. 27. — The Government planned to close its case today against Harry M. Daugherty, former U. S. Attorney General and Thomas M. Miller, former Alien Property Custodian, on trial for alleged conspiracy in connection with the return of $7,000,000 seized assets of the American Metals Company during the war.

U. S. Attorney Emory Buckner will release his last bombshell today in the matter of $40,000 in checks which he will attempt to trace to the Midland National Bank, Washington Court House, Ohio, owned by Mal S. Daugherty, brother of Harry M. and patronized by the former attorney general.

Trade at Haney's, the Friendly Store

A Store Worthy of Your Confidence—

EXAMPLE—Side by side are two articles of furniture. To all exterior appearances there seems to be absolutely no difference between them. The finish appears the same. But there can be a difference—a very big difference—in the quality of them. Only by the service they give can you tell. After a short time one of them will begin to warp, peel and crack; the other will go for years without showing any signs of depreciation. One is so-called "bargain furniture," the other is high grade. The only way to be sure of getting the high grade is to deal with a store that respects the confidence of their customers—Haney's is such a store as deserves your full confidence.—

Citizens League Being Organized In Pittsburgh

(International News Service)

PITTSBURGH, Pa., Sept. 27. — Organization of the Citizen's League of Pittsburgh and Allegheny county was to be started today in Pittsburgh by a committee of ministers and civic leaders.

The committee selected at a mass meeting of citizens held here Sunday announced its purpose will be to combat the alleged activities of the Pittsburgh vice ring.

The city administration was attacked at the mass meeting by speakers.

Mine Workers To Have Convention

(International News Service)

MOUNT CARMEL, Pa., Sept. 27. —The twenty-second constitutional and the fifth biennial convention of the United Mine Workers of America, District Number 9, will open here October 19 for a three-day session.

Delegates to the convention will be elected in the various cities September 28. In many cases candidates for the convention will be unopposed this year.

Those high in the councils of the United Mine Workers have indicated that only routine work will be taken up during the sessions. It also has been pointed out that the meeting would be limited to three days under the terms of an agreement reached between the miners and the anthracite operators after the lengthy suspension of last year.

FOOT EXPERT SUCCESSFULLY TREATED OVER 300 NEW CASTLE PEOPLE ONE WEEK

Startling results were obtained by nationally known Specialist. Bunions, Callouses and Sore and Inflamed Joints particularly, yield to treatment.

During his recent visit to New Castle, Paul Viteto, famous foot specialist, actually treated over three hundred people of this city. These represented many who had suffered for years from foot troubles. The splendid results obtained were laid by Mr. Viteto to the use of the recently perfected preparation of Dr. Bower's, known as Dr. Bower's Bunion Paint. Mr. Viteto says of this preparation, Dr. Bower's Bunion Paint without question marks a great discovery. Painful bunions, foot callouses of all descriptions and sore and inflamed joints yield quickly to its healing powers. People no longer have any excuse for suffering from these afflictions when for a small amount they can get Dr. Bower's Bunion Paint. I urge everyone in New Castle who suffers from foot troubles to go to Love and Megown or any other reliable druggist and get a bottle today.

A SURPRISED EYE-WITNESS

"Step high!" The command came in a shrill whisper not to be disobeyed.

Every Rat in the circle raised his right foot and kicked it merrily before him.

"Sweep low!"

All the Rats stood firmly on their hind feet and made half circles with their sleek long tails on the floor.

"Away we go!"

Following their leader, the Rats pranced off into the third number of the Rats' cotillion. We are willing to wager a ripe red apple that not one of those Long-tails had ever been to dancing school, and maybe the "steps" they did were too jerky for Two-Legs to try out, but for all that they were graceful, were the Rats, and Pat forgot to laugh as he watched them.

"Rats to the rear! Great Granddad in the middle!"

At this signal the dancing came to a sudden end and the ring broke into as many pieces as there were Long-tails. Every Rat went back and sat down, that is, all except one Rat, who slowly and solemnly walked forward until he stood in the middle of the circle.

"Woof, what's going to happen next?" thought Pat, and took steps forward to see the better. And now he discovered the object on the floor was long and flat, like a board, and that the shiny thing that rose in the air was a spring, and that a fat lump that lay on the board was a big piece of cheese.

Pat shivered.

"Sure, unless I give the word soon there will be a terrible accident in this baggage car. A trap it is, a trap all set for the Rats! I'll be warning the poor creatures!"

GREAT GRANDDAD STOOD UPON HIS HINDLEGS AND RAISED HIS PAW FOR SILENCE

But before Pat could open his mouth to bark a warning something happened that made him believe the Rats knew quite as much as he did about the danger so near at hand. Great Granddad—and Pat could see that this Rat was very old, and very fat, and very long of whiskers and very, very gray—stood upon his hind legs, raised up his paw for silence and began to speak.

Badger To Have Capon Exhibition

Highland Market Owner To Have Unusual Exhibit At Fair

What is a capon? What percentage of readers can answer the question without consultation of the dictionary? The writer was puzzled when the query was asked of him, but it remained for J. L. Badger, local caponizer and owner of the Highland market at 519 Highland avenue, to throw light on the very interesting subject.

Mr. Badger, for many years in the meat business here, is at present spending a considerable amount of his time in the caponizing business and from information gained through an interview, promises to accomplish much in this city with capons in the near future.

It's this way. The capon is a non-sected male chicken gelded to improve flesh for the table. It varies greatly from the ordinary rooster or hen inasmuch as it never gets tough whether three, four or five years old. Capons as a rule develop into a much greater size than the common chicken. "The idea in caponizing is to get more poundage and better quality for the same amount of feed and care," said Mr. Badger, who is well versed on the subject.

Mr. Badger caponized approximately 300 this spring and is obtaining splendid results, he having a casualty list of only one and one-third per cent. Badger stated today that he will stage an exhibit at the New Castle Fair this week at which time all people interested are invited to see.

The Highland market, it is believed, is the first to exhibit and show these birds in this locality. Mr. Badger expects to supply his trade with first class capons during the coming holiday season. In fact he has many orders at the present time with promise of many more.

Faller Thanks Fans For Splendid Gift

Former West Side Tiger Star Presented With Gift Realized From Benefit Game

Lou Faller, former West Side Tiger star extends his heartfelt thanks to the baseball fans of New Castle who were instrumental in making the benefit game staged recently a huge success.

A neat sum of money was raised for Faller who at present is undergoing treatment for a paralytic leg, and the unfortunate youth appreciates the gift highly.

Alec Samuels who had charge of the game and Billy Hood made the presentation to Faller yesterday.

Big Ten Teams To Start Play Next Saturday

Mid-West Colleges To Polish Off Rough Spots This Week

By COPELAND C. BURG
International News Service Staff Correspondent

CHICAGO, Sept. 27.—Big Ten conference elevens plugged into a week's intensive practice today, preparing for the opening of the season Saturday.

Michigan, 1925 champions, unfolds the moleskins Saturday in a clash with Oklahoma A. & M. at Ann Arbor, Chicago plays an intersectional tilt with Florida at Stagg field, Purdue meets the Navy in the east, Wisconsin plays Cornell college of Iowa at Madison.

Illinois, groaning without its "Red" Grange, will play at home against Coe, Northwestern will have a home game against South Dakota, Minnesota plays North Dakota at Minneapolis, Iowa will clash with Colorado Teachers' eleven at Iowa City, Indiana will meet De Pauw at Bloomington and Ohio plays Wittenburg at Columbus.

Interest in the Minnesota, Michigan and Purdue games is keenest.

Minnesota, nursing along a team calculated strong enough to battle it out for the conference title, will be closely watched, while the midwest is turning its eyes to the Navy this fall because of the Army-Navy tilt scheduled here in November.

WALTER HAGEN FAILS TO BOW TO TITLE JINX

NEW YORK, Sept. 27.—Walter Hagen stands out like a beacon light in a rough sea so far as champions go as he captured the professional golf championship for the third successive season Saturday.

In clinching his place as the king of match players and Bobby Jones' only rival for all-around supremacy on the links, Hagen defied precedent as well as the title jinx that has pursued champions.

The extent of the athletic upheaval is best shown by the fact that six of nine world's boxing titles either have changed hands or been vacated while four out of five major national golf crowns have shifted and seven out of eight national tennis championships have changed ownership. This takes in the big title tilts of Great Britain and America where the main battles have been fought.

Jack Dempsey's decisive defeat at the hands of Gene Tunney in the spectacular Sesqui-Centennial battle tops one of the biggest years of upsets in boxing annals. The downfall of the erstwhile "Manassa Mauler" followed the defeat earlier in the year of Harry Greb, Paul Berlenbach, Mick Walker and Rocky Kansas. Kid Kaplan voluntarily relinquished his featherweight title so that only Fidel Labaria among the flyweights, Charley Rosenberg in bantam circles and Tod Morgan of the junior lightweights remained enthroned.

Tennis and Golf Upheavals.

The tennis upsets featured by Big Bill Tilden's downfall before the French avalanche found Vincent Richards and Richard N. Williams, II. as the only defenders of major individual titles. They retained the United States doubles crown. Helen Wills and Suzanne Lenglen retired because of ill health from the defense of their biggest titles.

New amateur and open champions were crowned in both British and American golf championships. Jones lifted the titles held in 1925 by Jim Barnes and Willie MacFarlan but failed twice in his own amateur field. The Georgian was eliminated from the British amateur after beating Robert Harris the 1925 champion and fell before George Von Elm in the final of the American event.

The collection of conquered champions is rounded out by the startling defeats in Berlin of Paavo Nurmi and a general baseball upheaval which has seen the 1925 pennant winners fade out as well as two bating kings Rogers Hornsby in the National league after a six year reign and Harry Heilmann in the American.

Penn State Squad Has Giant Lineup

STATE COLLEGE, Pa., Sept. 27.—A study of the makeup of the Penn State football squad today reveals that among the line candidates at least there is a preponderance of men of giant stature. The squad to date numbers about 50 candidates and of this number 24 stand six feet or over in height and an additional group of 11 lack the six foot class by a scant inch.

Yet the weight of the squad is not unusual. The first two lines will average about 184 pounds and the two backfield average 168. Only one player goes above the 200 mark in weight and only 11 weigh over 190. Only three backs in the entire squad weigh 170 or above.

The heaviest man on the squad is Roseberry, from Pottsville High, who scales 210. He is a tackle. The lightest is Dornberg, a back of 140 pounds, from Knoxville High. The tallest gridder is Reed, second team center, who goes 6 feet, 3 inches into the air. He hails from Erie Central High. The shortest man is Houserman, 5 feet, 6 inches, from Elyria (Ohio) High.

The time to keep cool over the coal situation is past. We must warm up to it before long.

LOWER PRICES For Finer Studebaker Cars

[An announcement by Albert Russel Erskine, President of The Studebaker Corporation of America]

IN establishing prices on the new Studebaker Custom Sedans, we anticipated an increased sales volume. This has been forthcoming, for sales of Sedans since August 1st, 1926, have been more than double the best previous similar period, and more than four times the same period in 1925.

The Big Six Custom Brougham has registered a particularly gratifying volume, but our dealers assure us that if the price of this model can be lowered substantially, sales can be trebled beyond even present volume.

We are, therefore, reducing the price of this model $200.00, giving purchasers immediately the benefit of economies which will result from increased production.

The Big Six Custom Brougham at $1785.00 is selling at the lowest price ever established for a Big Six four-door enclosed car. Prices of the Big Six Club Coupe, Standard Six Country Club Coupe and Standard Six Sport Roadster have also been reduced.

The following reductions in factory list prices are effective September 27th, 1926:

	Price Cut
Standard Six Country Club Coupe	$ 35
Standard Six Sport Roadster	80
Big Six Club Coupe	205
Big Six Custom Brougham	200

Prices of Studebaker models are now as follows:

STANDARD SIX

Duplex Roadster	$1160
Duplex Phaeton	1180
Coach	1230
Sport Roadster	1250
Country Club Coupe	1295
Sedan (wool trim)	1330

Seniors Prepare For First Clash

Week Of Hard Training Looms For Class Team At High

A week of hard training looms up ahead of the senior football team for it is only two weeks until the first game will be played and the boys have a long way to go before they are at the height of physical trim.

The practices that were held last week were very light and only a few signals have been given to the squad in general but a scrimmage session Friday gave the air a taint of real football and more work of the same nature will no doubt be on the schedule of the coaches throughout the week.

The squad will be cut sometime during the week and the headquarters of the team changed from the local high school to the Ben Franklin stadium where several of the boys that have been out for the varsity will be added to the team. Meanwhile however the Coaches namely Ralph Weide a member of the faculty, Earl Turk and Ted Castle will set the boys through their paces at Boyles field where the various plays will be perfected and the players hardened and ready for the first game to be played Oct. 8 at the Franklin stadium against the Sophomores.

Among those who follow are expected to make up the personalle of the team in the opening game: Wm. Birt, end; Tom Farrell, tackle; Jim Douglas, guard; Fat Jones center; Bob Makenzie, guard; John Russu, tackle; Jimmie Brenner, end; Chub Smith halfback; George Seargent, halfback; Ed Rainey, quarterback; Bill Davis, fullback; Jack Flansburg, end; William Beal tackle; Clint Glenn, center; Walter Shulansky, fullback; Marquis Stewart, tackle; Allan Booth, quarterback; Johnny Ingham, halfback; James Frank, guard; Gilbert, tackle; Adam Nasheroski, fullback; Joe Wilkison, end; Johnny McNicholas, halfback and Sol Levine, halfback.

New Yearling Signal Barker At Penn State

STATE COLLEGE, Pa., Sept. 27. After two weeks of experimental work, Coach B. M. Hermann of the Penn State freshman grid squad believes that he has unearthed a likely looking quarterback. The new signal barker is Gettings, former Langley High boy, who was an all-scholastic choice in Pittsburgh last fall. Johnny McCracken, Kiski product and a brother of Herb McCracken, Layfayette coach, has also been tried at the post but he is on the sidelines with an injury at present.

(International News Service)

PITTSBURGH, Pa., Sept. 27. — Loss of several star pitchers, injured players and internal dissession kept the Pirates from winning the National League pennant, Barney Dreyfuss, president of the Pittsburgh club declared today.

No changes will be made in the present roster of the team, Dreyfuss said.

"The players who made trouble for the team have gone and won't come back," Dreyfuss added.

"Glenn Wright's injury near the close of the season was one of the chief reasons we lost the flag."

STAR TIRES AND TUBES

NEW CASTLE HIGH DEFEATS CRAFTON 19 TO 0

Locals Display Fast Attack Here Saturday

New Castle High Takes First Grid Victory Of Season In Quagmire At Ben Franklin High Field Saturday; Crafton High Fails To Threaten Red And Black Goal Line; Sillman, Smith And Harper Score Touchdowns; New Castle Penalized Nine Times For Loss Of 65 Yards; Despite Rainy Weather Crowd Of 5,000 Fans Watch Locals Sweep Crafton High To Defeat. Linemen Play Great Defensive Game.

By "BUGS" WALTHER
Assistant Sports Editor

New Castle High's valiant gridders proved more adept at "channel swimming" than the Crafton High team here Saturday, and after an hour and a half of splashing through a water-logged field emerged with a 19 to 0 victory dripping from their waistlines. Ben Franklin field was turned into a quagmire about an hour before game time by a deluge of rain, and water stood in small pools covering over half the field. Footing was rather precarious and fumbles were quite frequent.

Five thousand loyal fans braved a sheet-like rain to watch their favorites amble through the water. They were rewarded by a fitting and impressive victory.

Crafton High Outplayed.

Coach Phil H. Bridenbaugh, using rare judgment after the game a week ago when the Red and Black team battled Mars high to a 0-0 score under a sweltering hot sun, mixed things up considerably during the week and the result was that New Castle high presented a combination for the approval of the fans that instantly gained for them the distinction held by past grid machines matriculating from the local institution. New Castle high outplayed and outfought Crafton for four quarters of the game. They flashed a fast attack and a varied program of tricks that bewildered the visitors.

Crafton's strong team with the Ben Avon game recorded as a victory was unable to rise to the occasion here Saturday. Their linemen crumbled up under the swift charging tactics of New Castle and their backfield men had difficulty in carrying out the plans of Coach Wenrich.

Harper Tallies.

New Castle high with well defined intentions of wiping out the ignominy of the setback suffered at the hands of Mars high, opened up with an attack in the first quarter of the battle that, while it didn't produce any touchdowns, gave the fans and Crafton high something to think about and only served as a warning to what was to follow. Something did follow because Tommy Harper near the end of the second quarter slid about three yards off tackle and crossed the goal line for the first touchdown of the year for the New Castle high team. Smith, Sillman and Klaber had carried the ball down the field from the 35-yard line in a series of intriguing plays and Harper was then called on to smash the line and "Tommy" arose to the occasion in a most pleasing manner. Sillman failed to kick a placement after the touchdown.

The first half ended with New Castle high holding to a 6 to 0 lead. Crafton high put up a good battle in the first quarter of the game and held the locals on even terms for the first few minutes but they soon played out under the terrific line attacks and series of intricate plays put over by Sillman and were nearly swept off their feet in the second quarter of playing. New Castle high was trying to "make good" Saturday and played like veterans.

Sillman Proves Star.

Robinson kicked off to Geisler at the start of the third quarter and Geisler made a ten yard return of the ball. On the next play Huth fumbled and Christman recovered the fumble for New Castle on the 20-yard line. Sillman, calling into action a fast triple play, was rewarded by carrying the ball to the one-yard line. Klaber took the ball on the next play and smashed over for another touchdown seemingly, but the officials declared that New Castle was off-side and straightway set the ball back five yards and asked the locals to try it over again. Harper advanced the ball to the three-yard line and Sillman carried it over on the next play. The score was New Castle 12, Crafton 0. Smith elected to try and run the ball over the line after the touchdown but failed in his attempt.

Robinson again kicked off to Crafton and after an exchange of punts and a bad pass from J. Lockhart, the Crafton center, New Castle was given possesion of the ball on the 20-yard line. Walter Smith, colored chap, who had replaced Richards in the second quarter, took the ball and wiggled his way through the entire Crafton team for a touchdown. Sillman was successful in a placement kick and the score stood 19 to 0.

The third quarter ended soon after the third touchdown with the ball in possession of Crafton on the 22-yard line.

Penalized 65 Yards.

The Red and Black artists with a three-touchdown lead stopped everything that Crafton high tried in the final quarter. Coach Bridenbaugh sent in almost his entire second string team at intervals during the final quarter and the boys displayed a fine game, holding the visitors to within the 20-yard line. New Castle high had the ball on the 20-yard line as the game ended.

New Castle high drew nine penalties in the game Saturday, perhaps the record for violations in a single game here for quite some time, and the total yardage lost by this flagrant display was summed up at 65 yards. New Castle high had eight first downs to three for Crafton. Both teams tried two forward passes but none was completed.

The lineup:

New Castle 19		Crafton 0
McGrath	L.E.	Adams
Christman	L.T.	R. Negley
Thomas	L.G.	D. Smith
Robinsin	C.	J. Lockhart

Grove City High Tops Wilmington

Coach Hartman's Grove City High Team Gains 6-0 Victory Saturday

GROVE CITY, Pa., Sept. 27.—In a sea of mud and water the Grove City high team opened its grid season here Saturday afternoon by downing New Wilmington high 7 to 0.

Coach Hartman's team looked mighty impressive in the first game with Keck and Cameron doing the best work. Keck scored the only touchdown after a steady drive down the field.

Pete James and Herriott played well for New Wilmington.

The lineup:

Grove City 7		N. Wilmington 0.
Richards	L.E.	Lewis
Hoffman	L.T.	Herriott

Yale Hopes For New Ducky Pond

Yale Has Scored Only One Touchdown At Cambridge Since 1907

LOSS OF YOUNG BLOW TO GIANTS

By NOMAN E. BROWN

"We want another 'Ducky' Pond," is the cry at Yale these days as Tad Jones whips the Bulldogs into shape for the grid season.

The reason for the cry is the fact, recalled at the mentioning by most Yale—and Harvard—followers that the New Haven team has scored only one touchdown at Cambridge since 1907—the one that Pond scored three years ago. The ducky one achieved the feat by the simple process of running 60 yards with the Harvard team trailing in Australian pursuit ra race fashion behind him.

In 1907 Yale had its last great day at Cambridge. The one and only Ted McCoy, quintessence of football grit and daring, plowed through the Harvard eleven for two touchdowns.

Yale's record on its own field is much more satisfactory to Yale fans. Four times have the Bulldogs crossed Harvard's line at New Haven since 1907. But for the glorious victory of 1924 this record would not stand out so pleasingly. In a mess of wind, rain, mud and slippery sod the Yale team scored three touchdowns.

The loss of Ross Young, veteran center fielder of the Giants, undoubtedly was a sad blow to John McGraw in the now fading 1926 campaign. Injuries kept Young from the game much of the season. The vet returned recently and immediate improvement in the general play was noted. However, McGraw realizes that a man of Young's age finds it harder each year to recover from injuries and layoffs, and is aware that he must find a man to fill Young's shoes in the near future.

Billy Hood Joins Matrimonial Ranks

Popular Young Athlete Here United In Marriage Today With Miss Allie Hill

William "Billy" Hood one of Lawrence county's best basketball and baseball performers joined the matrimonial ranks today when he was united in marriage to Miss Allie Hill of Williams street.

The newly married couple left for Pittsburgh this evening where they will spend their honeymoon.

Billy is a popular chap in sport circles here having played baseball for the West Side Tigers and the Mahoning A. A. and basketball for the speedy Castle Five tossers.

Sport fandom here wishes the new bride and groom success and happiness.

Ball Players To Banquet Tonight

Everything Arranged For Annual Lawrence County Banquet Tonight

The annual banquet of the Lawrence County League and Twilight League players will be held tonight at 7 o'clock at the Elks Club.

It is estimated that upwards of 100 ball players who have been active in playing in Lawrence County this year will attend the "feed."

The program of entertainment has been completed and consists of songs, monologues and other features. Those who have not yet secured tickets may do so tonight at the Elks Club.

Young Bulldogs Capture Victory

The Young Bulldogs defeated the Arthur McGill team 12 to 6 in a game played Friday afternoon.

White scored both touchdowns for the Bulldogs while Ward scored for the Arthur McGill school. The playing of Ward and Ramsey featured for the losers, while Hawley, White and Cavin played a fine game for the Bulldogs.

The Bulldogs would like to play all teams in the city ranging in age from 10 to 14 years. Call Vincent Rogan for games.

Star Invincibles Take Two Games

The Italian Star Invincibles met and defeated the New Castle Civics in two games recently, by scores of 2 to 0, and 6 to 2.

Pete Cardella was on the mound for the Stars in the 2 to 0 victory and allowed the Civics but three scratch hits, while the Stars found Walzer for six hits. Cardella also pitched the 6 to 2 victory and allowed but three hits while the Stars had seven hits off Smolnick and Walzer.

Glenna Goes Golfing By Feg Murray

In spring and early summer of this year, the three most famous girl athletes of the United States sailed across the sea to Europe to win fame and glory in their chosen sports. Of the three, Gertrude Ederle was the only one to succeed, for an operation prevented Helen Wills from competing for the French and English tennis titles, while the industrial strike barred Glenna Collett's way to the British golf championship.

Now Glenna is preparing to do what she can to make up for the disappointment of her European trip, and, by successfully defending her title as "Women's Golf Champion of the United States," she will go a long way towards making the year a success from the viewpoint of the Collett family. The prize at stake in this tournament, which begins today at the Merion Cricket Club, Philadelphia, is the last major golf title to be competed for this year, and Miss Collett, who is admitted to be the best woman golfer in the United States, would dearly love to be crowned winner for the third time.

In the championship last year at St. Louis, Glenna played as though inspired, and her opponent in the final match, Mrs. Alexa Stirling Fraser, who had won three previous titles, was overwhelmed, 9 and 8. Glenna had won her first crown in 1922. The champion the following year was Miss Edith Cummings, of Chicago, while Mrs. Dorothy Campbell Hurd, who won back in 1909 and 1910, surprised the experts by making a fine "come back" in 1924.

Feg Murray Says—

" 'Spike' Webb, boxing coach at Navy, is made football trainer." News headline.

He should be good at showing the end how to "box the tackle."

World's Series Will Open In New York On Saturday October 2

(International News Service)

NEW YORK, Sept. 27.—New York today was eagerly awaiting the arrival of the Cardinals and Yankees, some time before nightfall. Both of the world series contenders are due here to put in their final training for the opening game, which will be held in the Yankee stadium on Saturday. The Cards were understood to have entrained for New York immediately after their last game in Cincinnati yesterday, while the Yanks left St. Louis last night and are due here not later than this evening.

Expect Huge Throng

A capacity crowd of slightly less than 63,000 will view the series' inaugural, according to present indications, the local headquarters being besieged for tickets. Applications here had run far ahead of schedule, even before the Yanks clinched their pennant in St. Louis on Saturday. As soon as their victory become official, however, the big rush was on and the entire force was on duty Saturday night and Sunday.

Mailing reserved seats upon orders will begin within twenty-four hours. These call for 25,000 seats at $5.50 and $6.50 for each game to be played in New York. On the morning of each game general admission seats to the number of 18,000 at $3.30 and bleacher seats numbering about 20,000 will be thrown open to the public. The bleacher sections will be disposed of at $1.10 a ticket.

It will be New York's first series since 1924 and the first for St. Louis since time immemorial; therefore, interest in the games, heightened by the promised exchange of hot shots between Rogers Hornsby and Babe Ruth, had just about reached fever heat today.

Struthers Ties With East High Of Youngstown

YOUNGSTOWN, O., Sept. 27.—East High's newly created football team battled to a 0-0 tie with Struthers High in the opening game of the season here Saturday.

The game was played on a field that was ankle deep with mud. East High held the heavy and rugged Struthers High backs scoreless.

Only four first downs were made in the game, which shows the condition of the field and also the relative strength of the teams.

East High will play New Castle on next Saturday afternoon.

Dempsey May Never Fight Tunney Again

BY DAVIS J. WALSH
Sports Editor Internat'l News Service

NEW YORK, Sept. 27.—Jack Dempsey may have popped off glibly about wanting another shot with Gene Tunney but today the unfrocked champion obviously was wavering on the idea and his boy friend, Jack Kearns, was there to tell him that it was a bad one because he was all washed up as a fighter, anyhow. Kearns aired his views from a local hotel and they were to the general effect that Tunney could "take" the man who had been king in the next fight or in the next hundred.

As for Dempsey he intimated in a long distance conversation with the writer that, after due consideration of Thursday's debacle, he may have had great plenty.

"Do you still feel that you would like to come back?" he was asked.

"Well, I don't know," came the rather dubious reply. "I'll have to think it over before committing myself. I'll be back in New York on Tuesday and maybe I'll have a good story to give you then."

Dempsey Undecided.

These remarks hardly indicate that the ex-champ is rather champing at the well known bit, as he has been pictured as doing. In fact, they indicate that the germ of an intelligent idea may have come to the great man during his post-battle moments of pensive repose. He probably has had time to arrive at a plausible conclusion, i. e., and in effect, that he can't fight a lick or, at best, not more than one or two licks, which obviously are not quite enough.

Mr. Kearns is with him there, although Mr. Kearns probably would prefer to have it otherwise. It seems, according to the latter's statement today, that he dallied long with the thought of leaping lightly and magnificently into Dempsey's corner along about the fifth round.

"But I realized that I couldn't do him any good," Mr. Kearns added. "Dempsey has shot his bolt and all the advice in the world can't make him the man he was. I thought he was poorly advised, at that, for I heard them tell him to go out and make Tunney come to him. What possible good could a man like Dempsey do himself that way?

"However, one round convinced me that whatever they told him to do could make little difference either one way or the other. He was a gone goose after the first round and his only idea was to end everything in a punch."

Union High Wins Opening Game, 7-6

Coach Burnham's Union High Team Downs Slippery Rock High Saturday

Union High defeated Slippery Rock High 7 to 6 in the initial grid game of the year for both teams Saturday afternoon at Slippery Rock. The game was played on a field that had been thoroughly drenched with rain an hour before game time, and was played in a steady drizzle.

The Slippery Rock team scored their touchdown in the first quarter of play as the result of recovering a fumble and pushing the ball over on the fourth down. The Union team played a fine defensive game in the first half with the greater part of the playing being done in Slippery Rock territory.

Slippery Rock found the Union High line hard to penetrate in the first half, while the Union backfield men had little difficulty in puncturing the Slippery Rock defense.

In the last half of the game both teams opened up with a few tricks, such as the soggy field would permit. Union High scored in the third quarter when Funkhouser recovered a fumble and ran for a touchdown. Sheik kicked the goal after touchdown that brought victory to the Union team.

Anerella, and Funkhouser played a brilliant game for Union on the line, while Sheik and Kellar were the best bets in the backfield.

Hures, Westlake and Thompson were the best for Slippery Rock high.

The Union team will meet New Wilmington High on Friday afternoon, October 1, at 3:30 o'clock at the Union Field.

The lineup:

Slippery Rock 6		Union High—7
Osborne	L.E.	Rech
Cleland	L.T.	Wochner
Thompson	L.G.	Anerella
Ralston	C.	Richeal
Humphrey	R.G.	Wiech
Cooper	R.T.	Hughes
Brydon	R.E.	Funkhouser
C. Adams	Q.B.	Kellar
Westlake	L.H.	Carr
E. Adams	R.H.	Marlon
Hures	F.B.	Sheik

Subs.—Slippery Rock, Barnes for Osborne, Stewert for Humphrey, Studebaker for Westlake, Osborne for Brydon. Union High, none.

Touchdowns—Funkhouser, Hures
Points after touchdown—Sheik by placement kick.
Referee—Hoag.
Umpire—McCullough.
Head Linesman—Robinson.

Tagging All Bases

(International News Service)

With the pennant safely tucked away, the Yankees tossed off two games to the Browns, 6 to 1 and 6 to 2. The first game took an hour and 12 minutes and the nightcap only 55 minutes.

The Reds, beaten for the pennant, played like champions in defeating the Cardinals, 2 to 1.

The Athletics polished off Cleveland twice, 8 to 5 and 2 to 0, and can finish in second place by beating in Cleveland today and winning three straight from Washington.

Detroit closed the season with a bang, downing the Red Sox twice by scores of 11 to 2 and 5 to 4.

Washington's chances of finishing in the money faded when the Senators lost to the White Sox, 7 to 4.

The Giants wound up the season in a blaze of glory, beating the Phils twice, 2 to 2.

Brooklyn also two-timed the Cubs, 3 to 1 and 6 to 2.

Backfield Problem No Longer Worries Coach Bridenbaugh

By "BUGS" WALTHER.

Let it rain, let it pour, we don't care any more, thus ran the popular phrase Saturday afternoon at Ben Franklin high field as upwards of five thousand fans stood in huddled groups and watched the New Castle high team slither and slide through the water to gain their 19 to 0 victory over Crafton High.

It was a mean day for football and in fact it was mean for any kind of competitive sport with the possible exception of checkers or chess but so many things occurred during the game that the fans didn't mind the ordeal one bit.

Backfield Problem Solved.

New Castle High's backfield problem has been solved, this fact stod out like a red flag in the middle of a ten acre field Saturday with young Arthur Sillman the former Ben Franklin high star playing his way into the quarterback job and with Walter E. Smith, colored chap ripping the Crafton high line to pieces with a series of bucks and broken field running. Yes—New Castle high has finally come back.

Coach Phil H. Bridenbaugh the wise old mentor drew out a good hand this time with very few low cards. The lineup presented Saturday was about the finest that has ever taken the field for the locals.

Sillman ran the team from the signal barker position with the ease and grace of a veteran. He mixed up the plays and had the visitors dazed with the various tricks that he disclosed. Sillman will be heard from as the season grows older and that's almost a fact too.

The New Castle High line Saturday was up to the standard of other years, McGrath and Ostrosky worked the ends like seasoned veterans and very few plays went through their territory. "Peg' Thomas and Mooney a youngster from Ben Franklin High instilled plenty of fight in the line and their presence was felt from more than one viewpoint. Millison and Christman, veterans from last year handled the tackle berths with above par excellence and Captain Harry Robinson at center was all that one could expect from a center, the popular leader was much in evidence and his passes even with a wet slippery ball were nearly perfect, much more so in fact than the passes from J. Lockhart, the Crafton High center.

East Here Saturday.

East High Youngstown will be here next Saturday for the third game of the season and the locals hope to add the Ohioans to their list of victims.

New Castle High looked rather off in the Mars High game, everybody is willing to admit, but the boys turned completely around Saturday and displayed the kind of football that brings victories.

Perhaps most pleasing to Coach Bridenbaugh was the manner in which the second string men tore into things Saturday when they were injected into the battle. Sandifer especially played a whale of a game when substituted for Mooney. "Red' McIntosh substituting for Thomas also played a fine game as did the following men: Kirk, Burns, Sherer, W. Mott, DiThomas, Haydon and Dickson.

DEMPSEY TO CONTINUE HIS RING CAREER

NEW YORK, Sept. 27.—Jack Dempsey does not intend to hang up the boxing gloves. Far indeed is his mind from that point and within a few days he will confer with Tex Rickard and arrangements will probably be made for his next appearance.

Dempsey said over the telephone from Atlantic City that he does not like the idea of the writers saying he is through as a great fighter and that his legs were bad on that slippery canvas against Tunney in the rain.

Most of the men who wrote the fight were of the opinion that Dempsey was beaten because his legs were bad. In the telephone conversation Jack kept insisting that his legs were O. K. Evidently it is a sore point with the dethroned battler, because he knows a slipping fighter gets bad in the legs first. Jack said:

"Don't let anybody blame my defeat on my legs. The legs had nothing to do with it. I simply had a bad night and got whipped. Particularly did I take a good facepunching. That butt over my eye in the tenth round hurt me most, but it did not defeat me, because it was too late for me to win then."

"Are you going to fight again?" he was asked.

Will Shed Worries

"Well, I will tell you this. Don't believe that the fight the other night is the best fight this old boy can put up. The better man that night won and Gene is a really great fighter. But I can give him much more trouble than that. I am not around bragging that I can beat him, because that will not sound well. But if we box again he will meet a far different Dempsey."

"How about the mental and business worries? Did they slow you up?"

"I do not want to make any excuses. But you can say this: The next time I fight I will have no mental or business worries. I will just be Jack Dempsey, the challenger, with good legs and good hands and a whole lot of the stuff I used to have. I will not have that championship on my brow, either, and will not have to go through what Tunney will go through in the meantime. Carrying that title around is all right for money purposes, but it does not help a man to fight—not after seven years of carrying it around."

Nobody seems to know what the flapper's long suit may be; it certainly is not the one she wears.

HIGH LIGHTS OF HISTORY

Lincoln, the Statesman.

by J. CARROLL MANSFIELD

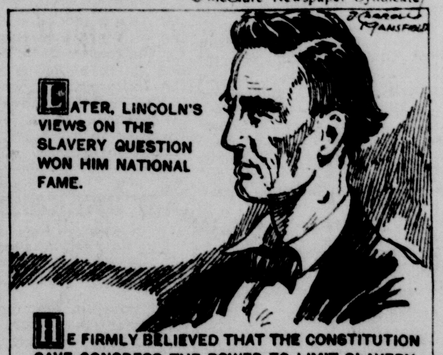
Registered U. S. Patent Office.

© McClure Newspaper Syndicate

ABRAHAM LINCOLN SERVED FOUR TERMS AS A MEMBER OF THE ILLINOIS LEGISLATURE. HE GAINED A WIDE REPUTATION FOR HIS INSIGHT INTO THE CHARACTERS OF MEN AND FOR HIS FRANKNESS IN GIVING HIS HONEST OPINION OF THE GREAT QUESTIONS OF THE DAY.

IN 1847, HE ENTERED CONGRESS AS REPRESENTATIVE FROM ILLINOIS. THE UNITED STATES HAD DECLARED WAR ON MEXICO "FOR SHEDDING AMERICAN BLOOD ON AMERICAN SOIL," AS PRESIDENT POLK HAD SAID IN A SPECIAL MESSAGE TO CONGRESS. HOWEVER, MANY AMERICANS WERE OPPOSED TO THE WAR.

LINCOLN PRESENTED HIS FAMOUS "SPOT RESOLUTIONS" TO CONGRESS, ASKING THE PRESIDENT TO NAME "THE SPOT WHERE AMERICAN CITIZENS HAD BEEN SLAIN AND WHETHER THOSE AMERICANS WERE OR WERE NOT 'ARMED SOLDIERS' SENT TO THAT SPOT BY THE PRESIDENT'S ORDERS."



LATER, LINCOLN'S VIEWS ON THE SLAVERY QUESTION WON HIM NATIONAL FAME.

HE FIRMLY BELIEVED THAT THE CONSTITUTION GAVE CONGRESS THE POWER TO LIMIT SLAVERY IN THE TERRITORIES AND AS CHAMPION OF THAT DOCTRINE BECAME A CANDIDATE FOR THE SENATE IN 1858. HIS FAMOUS DEBATE WITH DOUGLAS, HIS OPPONENT, MADE HIM STAND OUT AS THE STRONGEST ANTI-SLAVERY MAN IN THE WEST.

Report Accidents To Police Officers

Numerous Minor Mishaps Are Reported Over Week End

Morris Silver of 230 Oakland Square, Pittsburgh, reported to the police Sunday, that while driving west on West Washington street at the bridge over the Shenango river, that a boy, the son of Frank Foster, of Boston avenue, jumped from the side of the street into his machine and was knocked down. A taxicab took the boy away and according to the report at the police station, the boy was apparently not seriously hurt.

Floyd F. Pascoe, of 14023 Madison avenue, Youngstown, O., reported Saturday that while he was driving east on East Washington street in front of the Wright market, that he was stopped in traffic and that a car bearing Pennsylvania license A 32-491 ran into and damaged his machine.

T. L. Mechling of Graceland cemetery, reported Saturday that while he was driving south on Moravia street and had passed the Gardner avenue viaduct, that a Ford roadster bearing Pennsylvania license C 40-993 going up the hill backed up. His machine hit the roadster. Some damage was done.

J. W. Sinclair of East Brook reported Saturday that he was backing into a parking place on East North street near Mill street, when his machine collided with a car bearing Pennsylvania license 844-979. Some damage was done.

Frank McWilliams of 1030 Adams street reported Saturday that while going south on Moravia street at Terrace avenue his machine was in a collision with a car bearing Pennnsylvania license 499-938, going in the same direction.

R. C. Stephenson of 906 Croton avenue reported Sunday that he was going west on Croton avenue and ran into a stone in the road, which threw his car into the side of the hill. His machine was damaged. The stones are said to have been left in the roadway by drivers of large trucks going to the fair and using them in preventing the trucks from sliding back down the hill.

Paul Walzer of 612 West North street reported Sunday that he was going west on East North street when Pennsylvania license B36-976, making a left-hand turn out of the driveway at the Pennsylvania station, collided with his machine. Some damage was done.

Pays $100 Fine In Police Court

Joe Plonka who with his wife, Mrs. Rosa Plonka, and a male visitor, were arrested Sunday at the Terrace avenue home of the Plonka's by Officers Horner, Lynch, Richards and Hillers, faced various charges on their appearance before the mayor.

Plonka paid a fine of $100 on a charge of keeper of a disorderly house, while sentence was suspended on a similar charge against his wife. The visitor paid a fine of $10.

N. Y. STOCKS

(International News Service)

NEW YORK, Sept. 27.—Notwithstanding a gain of $46,000,000 in the reserves of the New York City clearing house banks last week, the call money rate was unchanged at 5 per cent today. The slight tightening of the money market was attributed to the preparations of the banks for the October settlements, beginning on Friday.

Anticipating the usual nervousness in the stock market on Thursday in connection with the possible upward revision of the New York Federal bank rediscount rate, the professionals promptly renewed their selling tactics in the early trading today. After absorbing a good volume of week-end selling orders the market made an effort to rally, under the lead of United States Steel and General Motors, the latter again advancing to 160. But these mild rallies were met with a deluge of selling orders, against which it was impossible to make any headway.

Some of the larger transportation systems, including Chesapeake and Ohio, Northern Pacific, Texas and Pacific, New Haven and Missouri Pacific, submitted their August net earnings reports to the commerce commission today. On the whole these were satisfactory, in some cases showing a 25 to 40 per cent gain over the same month last year. The railroad stocks were firm but inactive, and equipments stocks displayed a much stronger tone, with Baldwin Locomotive up 3 points and American Locomotive up 2.

Bears had better success with the copper stocks, the oils, the moving-picture specialties and the low-priced motors, thought some of the stocks registered a moderate come-back in the second hour.

Declares Sleep Is Unnecessary

Science Interests Self With New Invention To Eliminate Sleep

SLEEP TERMED GREAT ASSET

By MILLER HOLLAND
International News Service Staff Correspondent

SAN FRANCISCO, Sept. 27.—These stories about science doing away with sleep and all that sort of thing do not have to be taken very seriously.

At least that is the reassurance passed out by several San Francisco physicians.

And as a result stockholders in mattress and alarm clock corporations can breathe easier.

The latest ballyhoo in the nosleep campaign was started at the diamond jubilee convention of the American Chemical Association held recently in Philadelphia.

Mr. Irenee DuPont of the E. I. Dupont de Nemours and Company, was the starter.

He told delegates to the chemists' convention that sleep as a necessity will be entirely done away with through development of chemistry.

But San Francisco physicians are skeptical.

They allow that changes of the mind and body are chemical but they do not rearily concede the possibility of any chemical preparation ever being able to throw off poisons in the human system now abolished by sleep.

"It's a wonderful dream taht probably never will be realized," declared Dr. William Palmer Lucas, noted specialist. "But I'd be willing to wager that man will always be obsessed with that 'tired feeling' and will always find it hard to respond to the alarm clock when dawn is streaking the eastern sky."

"Personally I'd like to see somebody antiquate sleep as it is a waste of time," said Dr. Lucas. "But the fact still remains that medical science has so far been unable to find anything that will strengthen the human body as rapidly as sleep.

"I think finding a substitute for sleep will be as hard as locating Ponce de Leon's famous fountain in the Florida Everglades."

Dr. Alanson Weeks declared that anything is possible in this era, but that he expects to have to spend at least six hours out of every twenty-four in a comfortable bed for the rest of his life.

"Sleep is one of man's greatest assets," declared Dr. Weeks. "It is a refuge from care and worry. I doubt very much if a way to avoid the necessity of sleeping will ever be found, even if many people would want it.

"Without sleep life would take on a sort of perpetual motion that in time would grow unbearable."

Rice and Cheese—Boil one cup of rice in one quart of salted water until the rice has entirely absorbed the water. Make a white sauce of one or two tablespoons of butter, one tablespoon flour, one pint of milk, cook until smooth and season. Add one-half to one cupful of cheese grated or cut fine—according to taste. Stir until cheese is melted, add to rice, mix thoroughly and put in the oven to bake with buttered bread or cracker crumbs on top.

Sponge Cake With Fruit and Whipped Cream—Put a slice of sponge cake on a plate, put on top of it the two halves of cooked peaches or pears drained of their juice. Finish with a generous helping of whipped cream sweetened with confectioners' sugar and trim with half a cherry, a nut or a small colored candy.

SOME HEALTHFUL SALADS

A good raw vegetable salad for beauty and health is raw spinach, shredded lettuce, young onions, cottage cheese or hard-cooked egg.

Take equal parts of raw spinach and lettuce. Wash the vegetables thoroughly. Roll the leaves of both greens into a firm bundle and place on a cutting board. With a sharp knife cut into the finest shreds possible. Wash and prepare a few green onions. Cut into fine slices. Toss together in a bowl and mix with a French dressing. Arrange a goodly portion of greens upon the salad plates. Place on top of the greens a heaping tablespoon of cottage cheese topped with mayonnaise. Shake a bit of paprika over the mayonnaise.

Raw spinach, lettuce, chopped celery, grated American cheese.

Another interesting and delicious salad is made by adding chopped celery to the shredded spinach and lettuce. The celery tops chopped fine add a very desirable flavor. A little onion juice would improve the salad for some. Combine the vegetables and mix with a French dressing. Place a generous serving on the salad plate and grate over it cheese of a snappy flavor. Top with a spoonful of mayonnaise and a dash of paprika.

Raw carrots, raw spinach, sliced celery, chopped walnuts, chopped almonds if desired.

Make the base of this salad a carrot and spinach mixture of equal amounts. Use one-fourth as much chopped celery. The amount of nuts used should depend upon the place the salad fills in the meal. If it is to be the main dish the amount may equal the quantity of celery used, but if the salad is served as a side dish a generous garnish of the nuts is sufficient. Thoroughly wash and clean the vegetables. Shred the spinach. Chop, grate or put the carrots through the meat grinder. Chop the celery and nuts. Mix the ingredients, adding a mayonnaise or a cooked dressing just before serving on crisp lettuce.

MAYOR AROUSED BY DRUNKS IN POLICE COURT

Says Sales Of Alcohol Rubbing Materials Are Not Being Curtailed

There is a growing use of alcorub and similar rubbing liquids for beverage purposes, according to Mayor William H. Dunlap, and it is due to the lack of cooperation, according to the mayor, on the part of certain drug and other stores of the city which persist in selling these rubbing concoctions, when they know that it is really being sold for drinking purposes

This fact was in evidence this morning at the session of police court, when a regular old pre-prohibition crowd of drunks arrested over the week-end appeared before his honor.

There were some 10 or 12 ordinary drunks in the class and all admitted to getting drunk on alcorub or some similar concoction.

In open court, the mayor commented on the fact and stated that it was really becoming a serious problem, when people are permitted to purchase a substance which has a legal use.

"It has come to the place," said his honor, "where for a few cents profit some men engaged in the drug business are selling these alcoholic rubbing materials when they know that it is not to be used for the purpose intended. They apparently figure that their reputation in business circles is such that they can get away with it and not be bothered. It is true they have a legal right to sell it, but are overstepping the bounds of propriety and forgetting their conscience in making these sales, as they cannot help but know that it is to be used as a beverage by reason of the type of people buying it. I do not consider that they are any better than the ordinary type of bootlegger, whom we get and make pay the penalty of their violation of the prohibition regulations of the state and country."

Swindler Band Is Victimizing Owners Of Farms

Pretend That They Want To Buy Property And Get Victims To Sign Notes

Lawrence county farmers are warned to be on the lookout for a gang of swindlers who have been victimizing residents of neighboring counties. One Beaver county man is out $2,000, a Butler automobile dealer $1,000 and several others smaller amounts.

According to all that can be learned, the gang of four travel in a nice automobile and make it their business to learn of comfortably fixed farmers desirous of disposing of their farms. The gang look the farm over, then surprise their victim by offering an excellent price for the same. The deal in some cases includes the stock and even the household goods and all farm equipment.

One farmer living near Fombell was victimized out of $2,000 in notes and lost some valuable stocks. In some manner it is said this gentleman supposedly signed an agreement for the sale of his property, furnishing stock and equipment on the farm, but learned later that he had signed notes to the amount of $2,000. The farm is said to be cared for by a tenant farmer, and the new owners are reported to have at once sold a valuable bull and several hogs and were in a fair way to dispose of all stock.

Rest Room, First Aid Tent At Fair

Beginning Tuesday, the Lawrence county chapter of the American Red Cross will conduct a rest room and a first aid tent at the New Castle Fair. Mrs. Alice Tucker will be in charge of the rest room and the first aid tent will be in charge of the local Red Cross nurse, Miss Olive N. Reed.

Happy thought for the ladies! In places where you can't smoke, you can keep a bit of eating tobacco parked east of your molars.

N. Y. Girls Chew Gum to Slenderize

Girls and young matrons who are beginning to "spread" and get fat may now make use of a new, simple method that is proving a valuable aid in keeping the figure trim and slender. They can use the plan now so popular in New York society. This new method consists of establishing proper eliminative regularity through the use of a harmless, tasteless ingredient originally discovered in Vienna. Reductions of several pounds a week are reported in many cases. It acts quickest when well chewed—hence it is embodied in a deliciously flavored chewing gum called "Slends". Local druggists have already arranged to supply this new medicated gum. Start to chew Slends today—you will note effects tomorrow.
